St. PAUL's CHURCH is 17°55' East Longitude from Ferro, 51°30' North Latitude.

The North West Quarter — The North East Quarter — The South West Quarter — The South East Quarter

The Hertford, Ware, Hackney and Lea bridge Roads are measured from Shoreditch Church; Epping, Ongar & Romford Roads, from Wide Chapel Church.

The Barnet Road is measured from the Sole of Hicks's Hall to St. John's Street Edgeware and Uxbridge Roads from Tyburn Turnpike.

The Bromley, Ethan, Dartford, Greenwich and Woolwich Roads are all measured from London Bridge.

This PLAN is divided into FOUR QUARTERS by the Meridian and Parallel of ST. PAUL'S CHURCH, and in the Margin of each Quarter is given a Table of Reference to the several SEATS expressd therein, together with an account of the Standards from which the ROADS are measured.

The Roads and Distances in this PLAN are adjusted agreeable to those given in the BRITISH ITINERARY, in two Volumes by Capt. Paterson, Assistant to the Quarter Master General of His MAJESTY'S Forces.

N.B. Additions, Changes of Property, or other Improvements will be thankfully received and carefully inserted by the Publishers.

The whole of this PLAN is laid down from ACTUAL SURVEYS, on a Scale of neat Three Quarters of an Inch to a Mile, and the Figures of Reference are enclosed in a small Oval, thus (31) in order to distinguish them from those of Distances upon the Roads.
