CRUISE REPORT 71-KB-7
INSHORE FISHERIES HABITAT EVALUATION AND MONITORING

Prepared by Dan B. Odenweller

Vessel: KELP BASS

Dates: May 11, 12, 13, 1971.

Locality: Isthmus Cove, Catalina Island.

Purpose: Conduct Department Diving Recertification Seminar.

Operations: Seventeen Department employees were retested on their swimming and scuba diving ability by the Diving Safety Board. One new employee was tested for temporary certification. Each diver spent approximately five hours in the water.

Results: Fourteen divers were recertified. One new diver received temporary certification to 40 feet. Three divers were placed on probation due to poor physical condition. The final deep diving problem of recovering a sunken out-board boat was successfully completed.
