I. DESKRIPSI MATA KULIAH

The course examines the internal structure of words and the rules by which word formation takes place and provides an introductory study of English grammar from a formal perspective. It covers such topics as lexical items, morphemes, inflection, derivation, compounding, word elements from Latin and Greek. During the course learning mostly through inquiry and discovery, students are introduced to defined concepts with clarifying examples followed by exercises in applying the principles involved on cases pertinent to the topics and analyzing the cases in prescribed ways.

II. STANDARISASI KOMPETENSI MATA KULIAH

At the end of the course, students will acquire a competency in conducting studies on word structure, indicated by an awareness of its various aspects and an experience and ability in analyzing it.
