

## ABSTRACT

*With the changing concept of education, there is growing emphasis on “student-centered” principle. This is one of the characteristics of Constructivist learning theory. On network teaching Chinese, Constructivist learning theory is indispensable. This article is the design of online Chinese teaching which is basic on the Constructivist learning theory*

*Keywords: constructivism, the design of network, scene, resource*

## 内容摘要

随着教育观念的转变，人们越来越强调“以学生为中心”这一教学原则。这正是建构主义学习理论的特征之一。在汉语网络教学中，基于建构主义学习理论的设计不可或缺。本文正是在该学习理论的基础下，突出“以学生为中心”的基本观点，探讨网络汉语教学的设计。笔者将从学习内容设计、学习情境设计、学习资源设计和学习模式、课程设计以及评价五个方面分别阐述。
