Title : Evaluation of Electron Beam Welded Ti-6Al-4V Alloy Butt Joint Specimens	Document No. PD MT 8656 Date of issue: Dec. '86	
Author(s) : S.Radhakrishnan & R.Rangaraju	Contents 8 pages	
Division : Materials Science	No. of copies: 12	
External participation :	NAL Project No. MT-9-861	
Sponsor :	Sponsor's Project No.	
Approval : V.Ramachandran		
Remarks :		
Keywords : Ti-6Al-4V alloy, Electron beam welding, Butt joint, Undercut, Root penetration, Embrittlement		
Abstract : <p style="text-align: center;">The report describes the results of metallographic and fractographic examination of Ti-6Al-4V alloy specimens butt welded by electron beam.</p>
