

# Open Access Journals and Digital Repositories on Library and Information Science in Brazil

*Miguel Ángel Márdero Arellano*

*E-LIS Editorial Board*

miguel@ibict.br

First Workshop on eprints in Library  
and Information Science, Geneva  
CERN, 22th October 2005

# Summary

- Scientific communication and Open Access
- Library and Information Science in Brazil
- IBICT mission
- IBICT and the Open Access Movement
- DICI: an Eprints archive
- E-LIS: Brazil participation

# Scientific communication and Open Access

## Transformations:

- **Production**
- **Access**
- **Retrieval**
- **Added-value services**
- **Benefits to researchers and their institutions**

## Scientific Literature Eprints Servers

- Scientific documents published and unpublished
- Deposited by authors and editors
- All scientific areas
- Publishing commentaries, notes, new versions of research data
- Interoperability

## Library and Information Science in Brazil

- Courses: 42 under graduate and 9 graduate
- Only two specialized libraries
- Most are serials collections
- Lack of local data bases
- Dispersed scientific production

## **Library and Information Science in Brazil**

### **Brazilian Library and Information Science Journals:**

- 23 periodicals**
- Most are Institutional publications**
- 10 with full text online**
- 5 have open access policy and OAI-PMH support**

## **Library and Information Science in Brazil**

### **Brazilian Library and Information Science distribution lists:**

- 11 distribution lists**
- Only 2 on institutional server**
- All moderated**
- 5 with no restrictions of sending and receiving**

## **Brazilian Institute of Information in Science and Technology**

### **Mission:**

- To promote the improvement of science, technology and innovation in Brazil
- To develop of tools that may help in disseminating the science production in the fields of Library and Information Science

## **Brazilian Institute of Information in Science and Technology**

### Initiatives:

- Creation of digital repositories (theses and dissertations, preprints, institutional archives) and electronic journals
- Establishing of international standards
- Participation of corporate projects

## **Brazilian Institute of Information in Science and Technology**

### Open Access:

- Dissemination of digital contents
- Open Access Declaration  
<http://www.ibict.br/openaccess>
- Customization of OAI-PMH support tools

## **Brazilian Institute of Information in Science and Technology**

**Brazilian Digital Library Project (2000 – 2005):**

- **Phronesis**
- **Greenstone**
- **Open Conference System (SOAC)**
- **Open Journal Systems (SEER)**
- **DSpace (RIDI)**
- **EPrints (DICI) <http://www.ibict.br/dici>**

## **Brazilian Institute of Information in Science and Technology**

**EPrints (Diálogo Científico):**

- **Sociedade Brasileira de Genética**
- **Arena Científica**
- **FCPK**
- **IMP-USP**
- **Ciência da Informação <http://dici.ibict.br>**

# E-prints in Library and Information Science

Ciência da Informação

[Inicial](#) | [Sobre](#) | [Navegação](#) | [Pesquisa](#) | [Cadastro](#) | [Área do autor](#) | [Ajuda](#)

## [Publicar/Editar](#)

Publicar um documento.  
Comentar um documento.  
Editar um documento publicado.

## [Pesquisa Simples/Avançada](#)

Pesquisa nos registros armazenados no sistema.

Diálogo Científico utiliza o GNU EPrints software, cujos arquivos de eprints estão de acordo com o Open Archives Protocol for Metadata Harvesting OAI 1.1 e 2.0.

O software GNU EPrints archive-creating está disponível, livremente, em <http://www.eprints.org/>.

E-prints in Library  
and Information Science

### Diálogo Científico

Generated by <http://archives.eprints.org/>

**First Workshop on eprints in Library  
and Information Science, Geneva  
CERN, 22th October 2005**

## **E-LIS: Brazil participation**

### **Publishing practices**

- **Integration of portuguese language contents**
- **Authors engagement**
- **Editor's acceptance**

### **Archiving practices**

- **Promoting Institutional archiving**
- **Policy on Open Access**

## **E-LIS: Brazil participation**

### **EPrints Repositories:**

- **PrePrints importance**
- **Lack of authors' commentaries**
- **Search vs self-archiving**
- **E-LIS acceptability**
- **IBICT's role (motivating researchers)**

Thank you for your  
attention
