The object of this study is the lyrics of "Unintended" from Muse's album "Showbiz" because it contains general meaning, detailed meaning and the message inside.

The general meaning of the lyrical poem "Unintended" is about the poet's expression to the girl who he did not want actually to be his girlfriend. The detailed meaning of the lyrical poem "Unintended" describes that he didn't really love that girl, while he has already chosen that girl to accompany him and fill his day. He has some reasons why he tries to defend his love. She is a kind girl and gives happiness in his life. She is the only one who always becomes a good listener for every problem and complains. In the second stanza the poet develops his poem by promising to the girl that he will always accompany that girl whenever she needs him. He tries to make her girlfriend happy although he is trying hard to fix his heart from the disappointment of his first love. There was a girl who ever filled his heart, but she disappointed him. Now, he finds a new girlfriend who gives more attention and the real love. Although he didn't really love his new girlfriend, he feels calm and happy when beside her. The message found in the lyrical poem "Unintended" is that we should appreciate someone's love. Another lesson that we get is that we should keep our promise that we give to other persons.
