## ABSTRACT

Literary work expresses a series of happening of human life such their problems, struggle of life and conflict of life. They cannot be separated from love, sacrifice, humanity, and sorrow. Besides, novel is a fiction prose narrative of considerable length, portraying characters, actions, and scene representative of real life. Reading a novel can add the reader's knowledge about life and it can give some advantages through the message or lesson that is stated in the novel. The writer of the thesis prefers to choose the novel "Wings" to be analyzed because it is an interesting novel, which shows about a woman who is brave toward danger. The purpose of the study is to describe Cassie's bravery and this study tries to find out the kinds of Cassie's bravery.

This research uses descriptive research because there is no treatment as it is in the experimental research. And the approach of this study is objective approach. The population of this study is all of the events in the novel "Wings" written by Danielle Steel, while the sample of this study is some paragraphs, event or dialogue quotations that are related Cassie's bravery in "Wings". The result of this study shows that "Cassie" has bravery that is bravery to take a risk in a dangerous situation. There are two bravery to take a risk in a dangerous situation; that is flying a plane in bad weather and flying a plane in a danger competition. Finally, Cassie's bravery belongs to physical bravery and emotional bravery.
