

THERE IS NO JOY WITHOUT YOU

There is no joy without you
And oh the time goes slow
There is no joy without you
For I love you so.

Yet once we were together
And then the time did fly
I loved you and you loved me
And then we said goodbye.

And as you held me close I prayed
Down deep within my heart
Dear Lord please let the time fly
While we two are apart

I miss you so my darling
More than you'll ever know
There is no joy without you
For I love you so.
