Correction to: household preferences for reducing greenhouse gas emissions in four European high-income countries: does health information matter? A mixed-methods study protocol

Alina Herrmann^{1*}, Helen Fischer^{1,2}, Dorothee Amelung^{1,2}, Dorian Litvine³, Carlo Aall⁴, Camilla Andersson⁵, Marta Baltruszewicz⁴, Carine Barbier⁶, Sébastien Bruyère³, Françoise Bénévisse³, Ghislain Dubois³, Valérie R. Louis¹, Maria Nilsson⁵, Karen Richardsen Moberg⁴, Bore Sköld⁵ and Rainer Sauerborn¹

Correction

After publication of the article [1], it has been brought to our attention that the titles of Figs. 4 and 5 have been transposed. Figure 4 should be titled “Overview on HOPE Study Protocol” and Fig. 5 should be titled “Tasks in the three rounds of the on-site simulation in Interaction 2”. The original article has been revised to reflect this.

Following the publication of the erratum [2], it has been brought to our attention that the wrong version of Fig. 5 was included in the original article [1]. The correct version of the article is shown below.

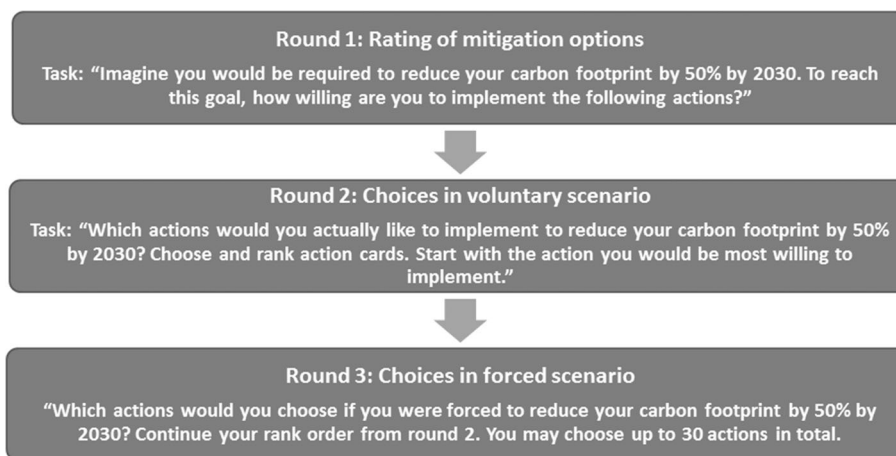

Fig. 5 Tasks in the three rounds of the on-site simulation in Interaction 2
