Author contribution

NDS and AR developed the idea for the meeting, organised it, chaired it, and framed the structure of this Review.

AG, MT, LK, JP, TY, MAR, OC, CE, JF, MF, HV participated in the meeting, summarised different aspects for the discussions, and took part in the discussions.

MPA was involved after the meeting for critical discussion and revision.

The complete Review was commented on, revised, and approved by all authors.

Financial disclosure

The authors declare no competing interests relative to this manuscript

The current MAGNIMS Steering Committee

F Barkhof (Department of Neuroradiology, VU University Medical Centre, Amsterdam, Netherlands), O Ciccarelli (Institute of Neurology, Queen Square, University College London, UK), N De Stefano (Department of Medicine, Surgery and Neuroscience, University of Siena, Italy), C Enzinger (Department of Neurology and Division of Neuroradiology, Vascular and Interventional Radiology, Department of Radiology, Medical University of Graz, Graz, Austria), M Filippi (Neuroimaging Research Unit, Institute of Experimental Neurology, Division of Neuroscience, San Raffaele Scientific Institute, Vita-Salute San Raffaele University, Milan, Italy), J Frederiksen, (Department of Neurology, Rigshospitalet Glostrup, Denmark), C Gasperini (Department of Neuroscience, Ospedale San Camillo Forlanini, Rome, Italy), L Kappos (Department of Neurology, University Hospital, Kantonsspital, Basel, Switzerland), J Palace (Nuffield Department of Clinical Neurosciences, University of Oxford, Oxford, UK), M A Rocca (Neuroimaging Research Unit, Institute of Experimental Neurology, Division of Neuroscience, San Raffaele Scientific Institute, Vita-Salute San Raffaele University, Milan, Italy), À Rovira (Section of Neuroradiology, Vall d'Hebron Hospital, Barcelona, Spain), J Sastre-Garriga (Department of Neurology/Neuroimmunology, Hospital Vall d'Hebron, Barcelona, Spain), H Vrenken (Department of Radiology and Nuclear Medicine and Department of Physics and Medical Technology, VU University Medical Centre, Amsterdam, Netherlands), T A Yousry (Institute of Neurology, Queen Square, University College London, UK)
