# Correction to: Obesity, change of body mass index and subsequent physical and mental health functioning: a 12-year follow-up study among ageing employees

Anna Svärd<sup>1\*</sup>, Jouni Lahti<sup>1</sup>, Eira Roos<sup>1</sup>, Ossi Rahkonen<sup>1</sup>, Eero Lahelma<sup>1</sup>, Tea Lallukka<sup>1,2</sup> and Minna Mänty<sup>1,3</sup>

## Correction

After publication of the article [1], it has been brought to our attention that obesity has been incorrectly defined in the parameters below Tables 2, 3 and 4. As already in Table 1, it should be defined as  $\geq 30$  kg/m<sup>2</sup>. The original version of the article has been revised to reflect this.
