

MENGGKRITISI JURNAL

Judul Jurnal : Implementation of Green Economy on The Development of SMEs in Sidoarjo District, *The third International Conference On Entrepreneurship and Business*

Nama : Evi Yulawati

Abstrak :

Sidoarjo is a district that has more than 15,000 SMEs spread across 18 districts. Sidoarjo in addition known as the city and the shrimp paste, also has other superior products that sustain the economy of Java east and Indonesia. Each development industry has positive and negative impacts. Positive impact is to improve the welfare of the people and its negative impact is caused environmental pollution The purpose of this study is would like to know whether development of SMEs in Sidoarjo district based on Green Economy. This study uses qualitative approach because of the nature of qualitative data collected patterned, not manipulative, more detailed and with seeing the actual problem and research objectives. The result of this showed that development of some SMEs in Sidoarjo district base on green-based economy, however, to maintain sustainability of the environment it is necessary to socialization and coaching to SMEs about Green Economy.

Komentar :

- 1) Jenis penelitian dalam jurnal ini sudah jelas, yakni menjelaskan mengenai pengembangan UKM di Sidoarjo yang memiliki peran penting dalam pembangunan ekonomi Jawa Timur, tetapi seiring berkembangnya UKM tersebut, muncul masalah lingkungan (dampak negatif). Masalah yang terjadi berasal dari limbah contoh : bau proses fermentasi . Dari hasil penelitian tersebut perlu adanya implementasi Ekonomi hijau di sekitar UKM khususnya di lingkungan Sidoarjo .
- 2) Gaya dan Sistematika Penulisan jurnal ini sudah tersusun dengan baik dan jelas mulai dari judul penelitian, abstrak dan nama penulis.
- 3) Penggambaran sampel karakteristik pensampelan dalam penelitian ini sudah dipaparkan dengan jelas sehingga pembaca memahami karakter pensampelan.
- 4) Jurnal ini merupakan penelitian yang cukup signifikan karena dalam pembahasan dan isinya menyangkut masalah atau kejadian yang nyata terjadi dalam kehidupan di lingkungan Sidoarjo.
