

Outline of proposed pilot livestock identification and traceability activities in Uganda

Florence Mutua and Bernard Bett

Livestock identification and traceability planning workshop

Soroti, Uganda

22-23 July 2014

Presentation outline

- What we have done: *the preliminary mapping activities*
- Overview of the proposed approach

WHICH MARKETS? We collected data from a number of markets, to...

- Determine capacities of the markets
- Determine key primary and secondary markets receiving cattle from Karamoja

These are reported estimates for different species

WHICH MARKETS? *cont.* Existing infrastructure

BUKEDEA

ARAPAI

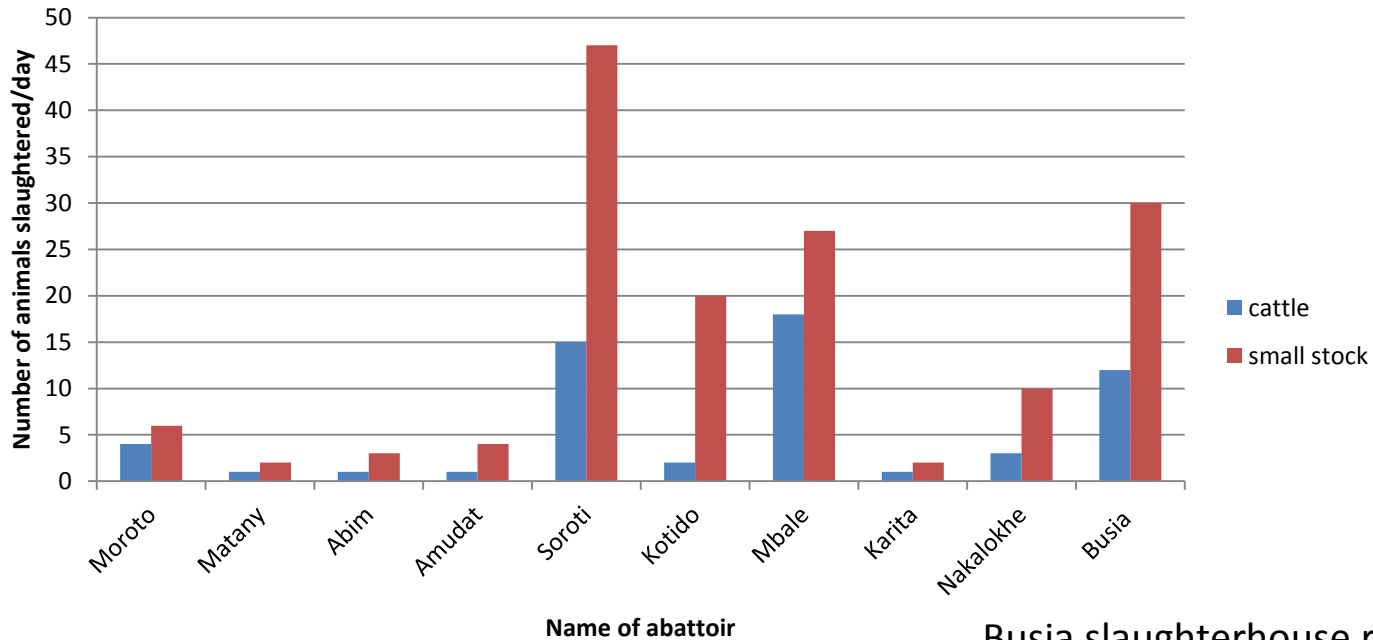

KOTIDO (*Kanawat*)

MOROTO
(*Naitakwae*)

WHICH SLAUGHTERHOUSES? We asked about the numbers of animals slaughtered each day, also infrastructure data

	Source of slaughtered animals	Where meat is consumed
Busia	Kotido, Nakapiripirit, Katakwi, Western Uganda (Ctakwanzi, Kirahura) etc.	Local
Mbale	Karamoja, Bukedea, Palissa, Iganga etc.	Local
Soroti	Karamoja, Teso, Busoga etc.	Local

Busia slaughterhouse records

WHICH SLAUGHTERHOUSES? *cont..*

BUSIA SH

SOROTI SH

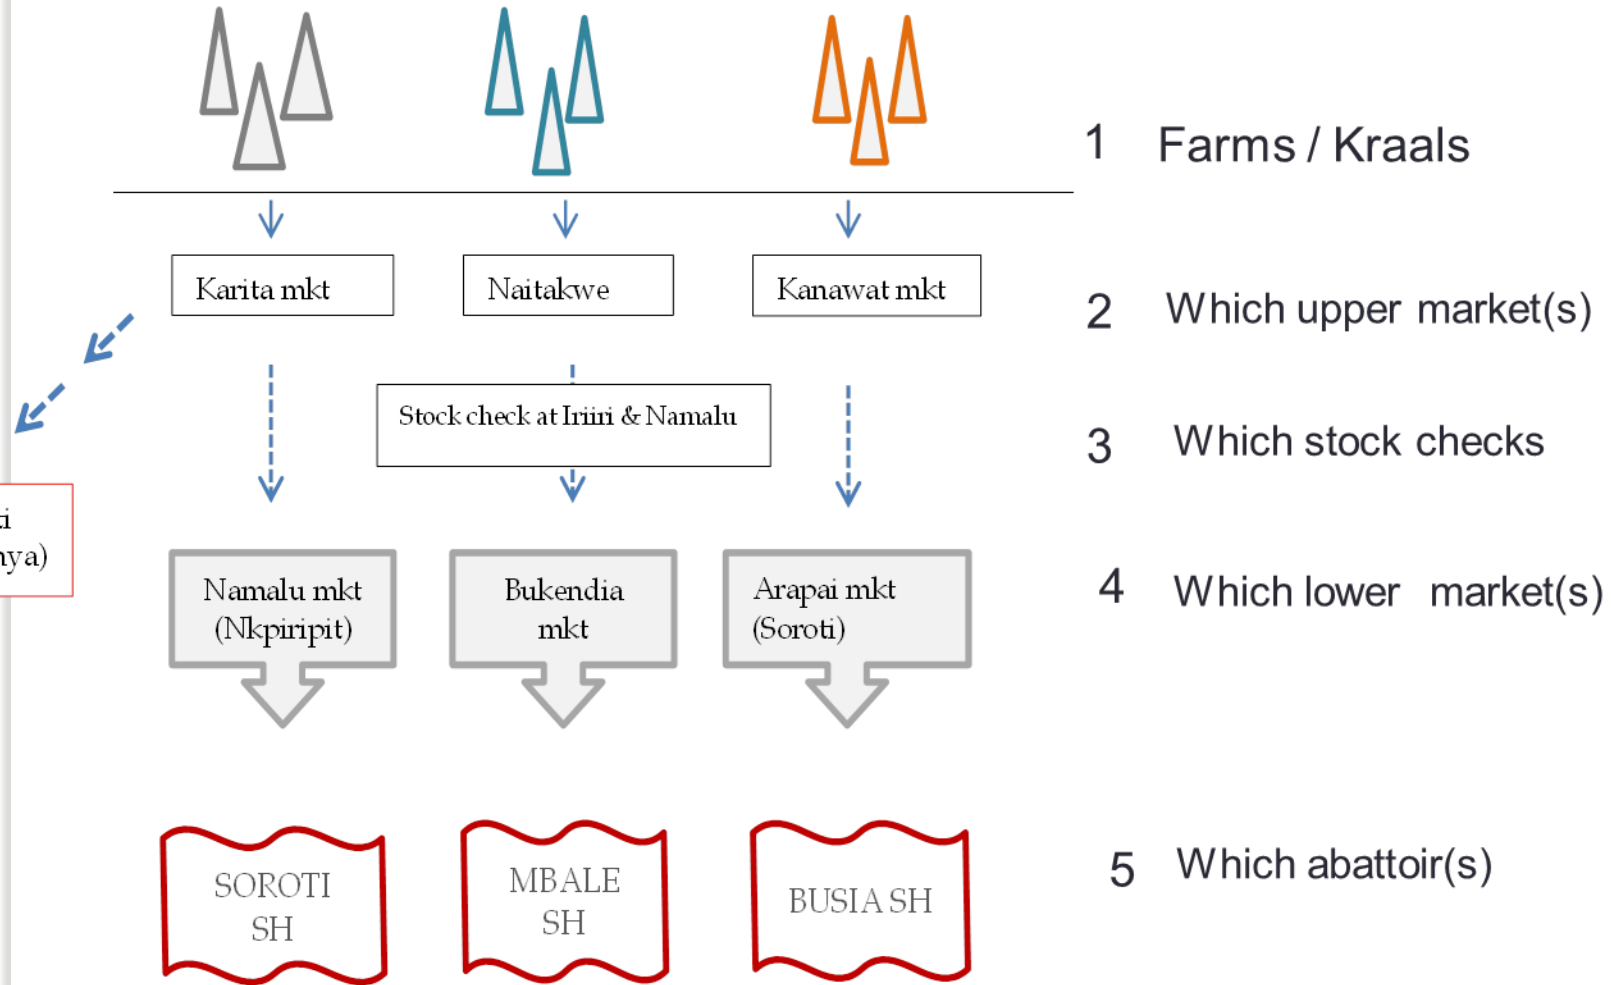

MBALE SH

Evidence of bolus recovery at the slaughterhouses

What we have **proposed** to do for the livestock identification and traceability system (LITS) pilot – see also print out

Based on the findings and stakeholder consultations, we propose this outline

SUMMARY OF PROPOSED APPROACH

Primary markets

- Identify animals with CTPP ear tags and confirm if rumen bolus is present; obtain seller and animal details; apply other id devices
- When exiting market- trader details and next destination

Secondary markets

- If entry, ID, source details, if exit, trader details and next destination
- Stock check - use system to establish ownership and source details
- New entries (bolus ID) - registration details are captured and animal entered into database

Abattoir level

- Most recent markets where the animal is coming from, ID details, sampling, meat inspection results

Coming next

Overview of the proposed pilot
database

Quick overview of activities at the
Dagoretti slaughterhouses
