

Summary of monitoring and evaluation data requirements for Africa RISING phase II

Beliyou Haile, [Carlo Azzarri](#), Apurba Shee

M&E team, IFPRI

Africa RISING East and Southern Africa Phase II Planning Meeting,
Lilongwe, Malawi, 5-8 October 2016

Summary of M&E Data Requirements

Data type	Tool	Timing of data collection	Responsibility	Reported to: CS= Chief Scientist	Referring section for details	Remark
Beneficiaries and technologies (direct)	BTTT.xlsx	After each harvest season	AR researchers & M&E team	CS/M&E team	Section 1	Please refer to the "Africa_RISING_[Country]_BTTT.xlsx" workbook (country-specific BTTT)
Beneficiaries and technologies (indirect)	Indirect-benefit.xlsx	After every indirect and measurable exposure of economic units to AR technologies/practices	AR researchers & M&E team	CS/M&E team	Section 1	Please refer to "indirect-benefit" tab in "AR Data Requirements_IFPRI_v2.xlsx" workbook

FtF indicators	PMMT	Once a year	M&E team and AR researchers	M&E team /USAID	Section 2	http://apps.harvardchoice.org/africanrising-data-reports/
Sustainable Intensification indicators	SI indicator framework (SIIF)	Occasional	AR researchers	CS	Section 3	Specific tools to be developed after AR researchers identify relevant SI indicators (covering the five SI dimensions) Basic productivity indicators can be collected using "AR Data Requirements_IF PRI_v2.xlsx" workbook

Price	prices.xlsx	For each growing season (crops) or once a year (livestock)	AR researchers	CS/M&E team	Section 5	Please refer to "prices" tab in "AR Data Requirements_IF PRI_v2.xlsx" workbook
-------	-------------	--	----------------	-------------	-----------	--

Thank You
