## NOTE

In this international seminar on Language Maintenance and Shift 7 (LAMAS 7 for short), we try to do the new paradigm, that is publishing the proceeding after the seminar was held. The positive aspect of the paradigm is that the presenters of the seminar have opportunity to revise their paper based on the responses of the audience. However, it takes longer time to process the proceeding until it is ready to distribute. Therefore, we apologize for being late.

In this opportunity, we would like to extent our deepest gratitude to *Balai Bahasa Jawa Tengah* for continuously cooperation in conducting the seminar. Thanks also go to the Dean of the Faculty of Humanities, the Head and the Secretary of the Master Program in Linguistics Diponegoro University, without whom the seminar would not have been possible. We would also express our special thanks to committee for putting together the seminar that gave rise to this compilation of papers.

We would like to thank Mrs. Shu-Chuan Chen, Ph.D. from Asia University Taiwan, Dr. Tupas Topsie Ruanni, from National Institute of Education Singapore, Drs, Pardi M.Hum. from *Balai Bahasa Jawa Tengah*; Prof. Ketut Artawa, Ph.D. from Udayana University, and Dr. Suharno, M.Ed. from Diponegoro University, as invited speakers in plenary sessions, and to all of the participants of the seminar.

Semarang, September, 25<sup>th</sup> 2017

The Board of Editor in LAMAS

rosaria.mita.amalia@unpad.ac.id

### Abstract

Indonesia is the largest archipelagic country in the world with a total of 17,054 islands. Each island has different customs, values and habits. As one of the elements of culture, Indonesian culinary is also a pride cultural element. Traditional Indonesian food is one of the attractions of foreign tourists and local tourists. In Indonesia there are many kinds of traditional food. From 17,054 islands that make up the Indonesian archipelago, there is the island of Java which is known for its unique history and its beauty. It is named West Java. West Java Province, also known as the land of Sunda, has different kind of dishes comparing to other Indonesian cuisine. Sundanese people by utilizing the existing ingredients in the surrounding likes to create a unique food in terms of names and flavors. Name it *colenak*, *combro*, *batagor*, *cireng*, *cimol*, *gehu*, and so on. In translation, there is procedure known as cultural equivalent. Cultural equivalent is an approximate translation where a source language of cultural word is translated by a target language cultural word (Newmark, 1988:82). The translation from kinds of food from West Java is a way to promote the traditional food to international world. The research is conducted using descriptive- qualitative method. In this study, the object of the research data is the typical food of West Java which is located in big cities in West Java, such as in Sumedang and Garut. The data are obtained by conducting survey method and questionnaire interview. The researcher goes to the area to capture the culinary trademarks in some areas in West Java. The results of this research will give big effect to tourism development in West Java cuisine.

**Keywords:** culinary, *West-Java cuisine*, *Sundanese food*

### INTRODUCTION

Indonesia is the largest archipelagic country in the world with a total of 17,054 islands. Each island has different customs, values and habits. As one of the elements of culture, Indonesian culinary is also a pride cultural element. Traditional Indonesian food is one of the attractions of foreign tourists and local tourists. In Indonesia there are many kinds of traditional food.

From 17,054 islands that make up the Indonesian archipelago, there is the island of Java which is known for its unique history and its beauty. West Java Province is one of the provinces that attract attention besides having a dense population, the province has a moderate climate and extraordinary natural wealth. With a tremendous natural wealth, one form of cultural product that is interesting to be introduced from the Province of West Java is food. Food has an important role in cultured life. Food is not only as a means of fulfilling energy needs, food has economic value as well as cultural value.

Sundanese people by utilizing the existing ingredients in the surrounding likes to create a unique food in terms of names and flavors. Name it *colenak*, *combro*, *burayot*, *batagor*, *cireng*, *cimol*, *gehu*, and so on. Food has an important role in the life of the Sundanese people.

## RESEARCH METHOD

This research uses research method called descriptive-qualitative research method. Descriptive-qualitative research method is a research method that aims to describe the things that become the object of research in gambling, this is in accordance with the definition of descriptive research methods of Djajasudarma (2000: 9) descriptive-qualitative research method aims to create a description or systemic, and accurate data, properties, and relationships of the phenomena studied. In this study, the object of the research data is the typical food of West Java which is located in big cities in West Java, such as in Sumedang and Garut.

The data are obtained by conducting survey method and questionnaire interview. The researchers go to the area to capture the culinary trademarks in some areas in West Java. Then the researchers have the instrument of questionnaire-interview sheet to give to the owner from the food brand. Furthermore, recording technique is also used in this study (Mahsun, 2005: 92-103). Descriptive research method that has been described above, generally has an inductive research model (Chaedar, 2002: 119), in order of:

1. Gathering information
2. Asking questions
3. Build categories
4. Looking for patterns (theory)
5. Build a theory or compare patterns with other theories

The first order, which is to find information about the typical foods of West Java located in the big cities in West Java that can be promoted internationally. Researcher inventoried the names of

the food and the area of the food maker. Then the researcher began to conduct field research, questions were made and intended for the food maker, and the originator or creator of the food. Then the food is divided into several categories, and documented. On the next stage, researcher looked for patterns or theories to promote these foods, for example by promoting its delicacy, nutritional content, and ease in the way it is made. Furthermore, researcher began to develop patterns or good theories to promote food typical of West Java. The way is through translation. Translation is rendering the meaning of a text into another language in the way that the author intended the text. Translation is not just a process of translating or transferring messages, but it can also produce a product / work.

In translation, there is procedure known as cultural equivalent. Cultural equivalent is an approximate translation where a source language of cultural word is translated by a target language cultural word (Newmark, 1988:82). The translation from kinds of food from West Java is a way to promote the traditional food to international world. But in the process, sometimes the shift of the words happen.

According to Catford (1965:73), shift means departures from formal correspondence in the process of going from source language to target language. While Newmark says shift or transposition is a translation procedure involving a change in the grammar from source language to target language (1988:85). Catford(1965) divides shift into: level shift and category shift. For this research, the writer only uses the category shift as the theory. The category shift consists of structure-shifts, class-shifts, unit- shifts, and intra-system shifts.

## DISCUSSION

Below is the list of kinds of food from some areas in West Java, namely Bandung, Sumedang, Ciamis, Garut, Kuningan, and Purwakarta.

No	Name of Are	Name of Food	More explanation
1.	Bandung	<i>Peyeum Bandung</i> (Fermented cassava)  <i>Surabi</i> (Rice Flour Pancake)	
2.	Sumedang	<i>Tahu Sumedang</i> (Sumedang deep-fried tofu)  <i>Ubi Cilembu</i> (Cilembu sweet potato)	
3.	Ciamis	<i>Pindang Gunung</i> (salted and stewed fish)  <i>Abon Sapi</i> (beef floss)	
4.	Garut	<i>Dodol</i>    <i>Burayot</i>	sweets made from sticky rice powder and palm sugar with coconut milk and sesame seed.  made from rice powder, palm sugar, and red beans.
5.	Kuningan	<i>Tape Ketan</i> (Sticky rice Tapai)	

		<p><i>Tahu Kopeci/Lamping</i> (original tofu from Kuningan)</p> <p><i>Hucap (Tahu Kecap)</i></p>	<p>The name of ‘Lamping’ refers to the location where this dishes are created.</p> <p>The main ingredient is tahu Lamping and ketupat covered with soy sauce and peanut sauce.</p>
6.	Purwakarta	<p><i>Soto Sadang</i> (<i>Sadang Soto/Soup</i>)</p> <p><i>Es Ciming</i> (<i>Ciming Ice</i>)</p>	<p>Soto Sadang is the mixing of broth sauce, beef shank, and chosen spices.</p> <p>Es Ciming is the mixed ice made by Ko Ciming. It contains green dawet, grass jelly, shaved coconut, boiled green beans, red syrup, coconut milk, and shaved ice served by mountain shape.</p>

Table 1: Classification of traditional food in West Java

From the data above, the name of food from some areas in West Java has been translated into English by using cultural equivalent procedure. The name of places embedded to the name of food such as Lamping and Sadang are not translated into English also the word *Ciming* in *Es Ciming*, because it relates to the founder Mr. Ciming. It also happens to *dodol*, *burayot*, and *hucap* there are no exact translation into English, so more definition or explanation is needed to define the food comprehensively.

While translating the name of food, the shift happens between name in source language into target language. The example such as *Surabi* into *rice flour pancake* performs the unit-shifts which is from word to phrase. The others data such as *Tahu Sumedang* (Sumedang deep-fried tofu) and *Ubi Cilembu* (Cilembu sweet potato) also show the same phenomenon.

## CONCLUSION

The result of translation variety of foods from West Java shows that the cultural equivalent procedure is employed. Even there are some shifts happen while doing it, the shifts is a way to find exact equivalent between the names. The results of the research will make a positive contribution to tourism development in West Java in particular, through culinary icon that can be used as a tool to promote Indonesia to the international scheme. It contributes to the effort to preserve the gastronomic local of West Java that are not endangered in the days to come but still will continue to grow, and will provide opportunities for cooperation that could be established between local government and the tourism and trade department with the local government of West Java Province, as well as with other parties outside.
