SMITHERS GETS RELIEF MONEY

Twenty-five Hundred Dollars Sent to the Village From Provincial Finance Minister.

It is reported from an authoritative source that the Minister of Finance at Victoria has had forwarded to the Village of Smithers the sum of \$2,500 as its share of the relief money being furnished by the Federal and Provincial governments to stimulate employment during the winter months. As soon as the Village Commissioners put up their share, or another \$2,500, relief work can be undertaken in that Village. Five thousand dollars, if applied where it will do the most good, is a tidy little sum of money that will make life look a lot rosier for a number of married men in the railway town who are out of work. That little sum of money will not only help a lot of families, but it will do a lot of much needed work in the village that might not otherwise be done. The commissioners have, no doubt, been giving much thought to the unemployed situation and to what pieces of work, of the many urgent pieces, are the most urgent. As soon as the commissioners can satisfy themselves on this matter work for the unemployed will surely be started forthwith.

FUNERAL OF LATE R. SPOONER

A large number of friends gathered at the Roman Catholic church in Hazelton last Friday morning to pay their last respects to the late Ralph M. Spooner who passed away Wednesday morning, October 23, after a short illness. Rev. Father Godfrey said High Mass and afterward spoke in high terms of the departed, both as a good citizen and as a good man. Following the service the remains were accompanied to the Hazelton cemetery where interment took place. The pall bearers were Jos. Claremont, W. S. Sargent, F. A. Goddard, S. H. Senkpiel, H. Denno and W. Walter.

ARMISTICE DAY SERVICES

Next Sunday in the United Church, Hazelton, the three church organizations will unite and hold an Armistice Day Service at 3 p. m. Rev. R. L. Bannister of the Anglican church, Rev. T. H. Wright, B. A., of the United Church and Capt. Joyce of the Salvation Army, will take part. An appropriate program is being arranged and the public is invited to participate in the service.

ARMISTICE DANCE

The Hazelton Social Club is holding its first dance of the season on Monday, November 10th. The drawing will be held for the \$40 suit of clothes donated by M. A. Myros. Good music.

CARD OF THANKS

Mrs. Ralph Spooner and family wish to express their appreciation of the sympathy expressed by friends during their recent bereavement, and also to those who sent floral tributes.

CHANGE COLOR OF STAMPS

In order to conform to the regulations of the Universal Postal Union a change is being made in the color of postage stamps and various items of postal supplies, according to a report of the deputy postmaster general L. J. Gaboury. As soon as the present stocks become exhausted all items of the one cent denomination will be put out in green those of two cents in red the 5c in blue and the 8c in orange.

A GREAT MASQUERADE DANCE

Many Wonderful Costumes and Much Real Enjoyment—Judges did a Noble Job Too

Under the auspices of the W. A. to the H. H. the citizens of the district gathered in large numbers to dance in fancy costume on Halloween. Of course there were many costumes not so awfully fancy either. But all had a good time and felt well repaid for the trouble they went to. The dance was held in Kitanmax hall and the music was furnished by the Indian orchestra. The natives furnished very good music too. The hall was decorated with Halloween things and all together it was quite a festive occasion. The prize winners were as follows:—

National—Lady, Miss Cordiner as a Turkish lady; man, Mr. Walker as an Indian trapper.

Comic—Lady, Dorothy Hindle and Irene Carden, as Gold Dust Twins; man, W. Lloyd as a monkey.

Home made—Lady, Mrs. Breckenlen as mother Hubbard; man, A. S. Irvin, as totem pole.

Original—Lady, Mrs. Hindle as Willard's Chocolates; man, Allen Benson, as spaniard.

Period—Lady, Mrs. C. H. Wrinch, as French lady of 1800; man, Bill Sargent, as cave man.

The turkey that was drawn for was donated by Mrs. Geo. Burnes and won by Mrs. Shea. The prizes were all donated by the business men of Hazelton. The judges were Dr. Wrinch, G. V. Storkey and Mr. Wilson.

The proceeds of the dance are for the funds of the Auxiliary and it is expected that nearly two hundred dollars will be added to the treasury as a result of the affair.

CASH SYSTEM WAS ADOPTED

Myros & Smith Propose to Give The Customers who pay the Benefit of Better Prices and Service.

In a country where credit, and long time credit, has reigned supreme for so many years, it took a good deal of courage for one firm to break away from the old customs. But it has already been done. Myros & Smith of Hazelton are this week announcing on another page of this issue that from the first of November they have adopted the cash system, and ask all old customers, and a lot of new ones to patronize them and take the advantages that real money at the time of purchase will give you.

The advantages of a cash business are so great, not only to the business house, but to the customer, that once the people of this district adjust themselves to it, we do not hesitate to prophesy that it will be cash in future. Cash reduces the cost of living by reducing prices of goods, but equally by reducing ones purchases to what one can pay for.

When stores give credit the public should not imagine that the store carries the risk for all bad debts. Such is not the case. No store could last any time under that plan. It is the person who pays his or her bills that also pays for the goods those buy and who do not pay for it. The business house may have to assume a little of those losses but not intentially. By using cash one can buy what he desires and where he desires to buy. It is an independent way to live and a pleasant way to live.

The pioneers in this movement in this district deserve the patronage of the public, and there is no doubt but that Myros & Smith will get a full share of it too.

Teacher—What do we call a man who keeps on talking and talking when other people are no longer interested? Pupil—Please, sir, a teacher.

ST. LAWRENCE WATERWAYS

To be Started Next Year According to Ottawa Rumors—Rush Work to Completion Then

Ottawa—Reports are circulating in the capital that 1931 will see definite steps taken to make a reality of the St. Lawrence Deep Waterway from the Great Lakes to the Atlantic.

Pres. Hoover is pressing through the United States Minister to Canada for a resumption of negotiations which he hopes will lead to actual work on the undertaking. Premier Bennett has said the subject will receive his attention as soon as he returns from England. His primary task will be to reach an understanding with the provinces of Quebec and Ontario as to the respective rights of these provinces and the Dominion in the development.

Several times in the past two years Premier King appeared to have reached the basis of such an agreement each time last minute difficulties arose. The progress he did make will enable Premier Bennett to take up at the place he left off and it may be expected that the new premier will have the sympathetic co-operation of the Ontario ministry.

The single question at issue in the development of the waterway is the international section. The completion of the Welland canal by Canada covers that phase of the project while the work now under way by the Beauharnois Power Corporation will complete the navigation channel in Quebec save for the short stretch around the Lachine rapids at Montreal. In connection with its power development the Beauharnois Co will complete and turn over to the government a navigation canal 800 feet wide and 27 feet deep over a length of 14 miles. This canal will cost over \$10,000,000 and is the company's contribution to the waterways project. The canal will be available in 1932, which will be some years before the international section can possibly be completed.

NATIONAL POULTRY GRADING

Better Poultry on Canadian Markets Will be Seen this Year—Milk Birds will be Higher

As a result of a nation wide movement to introduce poultry grading the people of Canada will eat better poultry this year than ever before. The grading movement is being sponsored by the egg and marketing service in the Dept. of Agriculture and the packers and others handling poultry in a big way have agreed to pay according to grade. Canada's poultry season extends roughly from October 20 to the New Year. During that time approximately 15,000,000 chickens and other fowl will be marketed in this country in addition to turkeys, geese ducks.

All poultry will be divided into two main grades, "milk fed" and "selected". The milk fed are not necessarily fed with milk but are crate fed and the selected are range fed. The two grades will be subdivided into several classes and the buyers will pay a difference of four cents a pound in favor of the milk fed class. With the present price of feed it is estimated that crate feeding will be a profitable undertaking.

Peter Spooner was a patient in the hospital for a week.

Mrs. McLean of Hazelton has been appointed a field matron for the Indians in that neighborhood. She has long been a god friend to sick Indians and now she will have a supply of medicines for emergency. The medicines will be supplied by the Indian Department.

Expectations here that Mr. Bennett will strive for the early completion of work on the international section is given support by the declaration of Hon. R. J. Manion, minister of railways and canals, that he hoped to see completion of the project during his term as minister.

SETTLING FOR THEIR DEAD

Some Indians Want all the Money for Bodies Removed from old Burying Ground at Hagwilget

On Tuesday night Indian Agent Mortimer met with the Hagwilget Indians in an attempt to settle with for the skeletons taken from the old burying grounds at the turn of the new road to the high level bridge. The money is available for the thirty odd bodies removed. The Indians are paid at the rate of \$10 for a child, \$20 for a woman and \$30 for a chief. At first all the bodies were those of chiefs, but later the natives were satisfied that only four chiefs had been buried there. The other bodies were finally agreed upon and then the report was sent to the government and the money came through. Tuesday evening an attempt was made to pass this money over to the relatives of the deceased, but it appears that one or two of the Indians claim all the money and their claims are not particularly clear. It was more than half a century since that burying ground was in use and the Indians keep no written record. Some day it may be cleared up and the money paid to the proper parties.

SIDEWALKS ARE IN BAD SHAPE

The sidewalks in New Hazelton are sadly in need of repair, not so much the surface—a few planks would fix the surface, but in many places the supports are gone. The boys on Halloween tore up enough sidewalk to show how badly the under part of the walks need repairing. This would be good winter work, or better still, it is deal work for the present time. The cost would not be out of the way.

Little Mae, four years old, when told that a noise down cellar was a burglar, replied, "But I don't believe in burglars."

Marble Pool on Palatial Liner

Above or below decks there is lots of fun on the Canadian Pacific's new record-breaking Empress of Japan, largest, fastest and finest ship on the Pacific, recently arrived

passengers said at Vancouver. One favourite meeting place is the white and green marble swimming pool, shown above with a happy group enjoying its spacious tank.

The cautious miss in the corner (left) who evidently does not believe the assurances of the two already in the tank that the water is warm need not test it for one of the features of the 26,000 ton liner is that the golden dolphin seen in the background spouts warm or cool water as desired. One hundred and sixty tons of water are needed to fill the tank. Surrounded by dressing rooms, showers, and electric baths, the swimming pool has its own care with rubber-cushioned chairs where attendants serve warming drinks with Oriental hospitality.

Quite a change has been made in the Provincial cabinet. Premier Tolmie has now a new cabinet, but he has the same men, except Hon. Fred Burden, of Prince George who has been appointed Agent General in England. Mr. Jones from the Okanogan, who was speaker in the House, has been taken in as finance minister. He was always the finance critic during the long years in opposition. While his appointment to the finance department was delayed a couple of years, he is probably even better fitted now for the post than he was just after the election. Hon. Mr. Lougheed goes from the public works department to the department of lands vacated by Mr. Burden. Mr. Lougheed was a very good man in the public works. He believed in doing well anything he undertook, and as a result there are today more good roads than was ever built before by any government. We in this district owe a good deal to Mr. Lougheed who decided upon the high level crossing of the Bulkley in face of stubborn opposition. But Mr. N. S. Lougheed knows his own mind, and he is very often right. Hon. Mr. Brunh, minister without portfolio, is now minister of public works, and the former minister of finance, Hon. Mr. Schelly, becomes president of the council. The new cabinet is down to work and Premier Tolmie is watching the progress that will be made, and he is satisfied that the business of the province will go on just the same only a little better.

One of the most interesting publications that have come to our desk in a long time is one descriptive of the new Welland canal, and which also gives the history of that waterway from the very beginning when only a man or two could be made to see the dream of connecting the two great lakes, Erie and Ontario, for commercial purposes. The new Welland canal, which is the fourth, will permit the use of ocean going freighters. The Commercial Press of St. Catharines is responsible for the publication.

The Imperial Oil Co. celebrates its Golden Jubilee with a special issue of its house organ. This is gotten up in excellent style and gives a most interesting history of power for transportation, from the horse to steam to electric energy and on to oil. Between the pages is much good Canadian history that is worth reading.

Hon. T. D. Pattullo, leader of the provincial opposition, who did so much talking about the badness of the Tolmie cabinet, is just as dissatisfied with

PRINCE RUPERT, B. C.

the new Tolmie cabinet, or more so if his speeches can be taken seriously. Well, anyway, there is no good in the Conservative party, and no good can be expected to come out of it, says Mr. Pattullo. If he could only get an opportunity to form a real cabinet. Well, Mr. Pattullo will be a very old man before he forms a cabinet.

It has been suggested that A. M. Manson, member for Omineca, run in Prince Rupert, and that Leader of the Opposition Pattullo run in Victoria. That may be alright for Mr. Manson, as "member for Prince Rupert" is a more dignified sounding term than "member for Omineca" where most of the voters are farmers. But why should Mr. Pattullo commit political suicide by running in Victoria. That city is the graveyard for more ambitious Liberal leaders of oppositions, and Liberal premiers than all the rest of the province combined. Is something being slipped over Mr. Pattullo by his southern friends, or is he just satisfied that he can win any old place.

The Vancouver Province has made a start in delivering papers by aeroplane. Last week an experimental trip was made and the paper was delivered two hours after leaving the press to readers in a town that never had a daily paper the same day it was printed. The only wonder is that the Province has not started before this. A daily delivery to Prince Rupert and Prince George would mean a daily paper all over the province.

Here and There

(576) "Bill Haxon of Southmore "big Alsatian police dog with an aristocratic background, from the Burk Kennels Toronto, is on a 7,000-mile trip from Toronto to Yokohama by Canadian Pacific Express and Empress of Asia" to the order of a Japanese merchant of the latter city. During his long journey the dog is in charge of Canadian Pacific officials.

Twenty New Zealand athletes and twenty athletes from Australia have already arrived at Hamilton for the Empire Games under the chairmanship of E. W. Beatty, chairman and president of the Canadian Pacific Railway. There will be representatives from Great Britain, South Africa and nearly every province of Canada at the Games which are scheduled to be held in the Ontario city next month.

Doubling the population of Cobourg for the day, a force of more than six thousand members of the Canadian Pacific Recreation clubs of Toronto and Trenton set a new record for picnic attendances when the annual function was held there recently. The freedom of the city was conferred on the visitors for the day and the high spot of the sports, the Groat Cup, trophy of the softball match between the Toronto and Trenton clubs, was won for the fourth year in succession by Trenton.

With an aggregate of 133 years of unbroken service, three Canadian Pacific engineers from the Ontario district retired on pension recently. They are John Douglass, Thomas Bennett and John G. Moore and all have unblemished records. Bennett's service goes back to 1883 while Douglass and Moore go back to 1885 and 1889 respectively.

The Toronto Industrial Commission announces that between January 1 and June 30, 15 new industrial firms have come to Toronto, with which the commission has co-operated. Of these, 11 had their origin in the United States and 4 originated in other parts of Canada. The list of these new industries includes a number of outstanding companies whose entrance into the assembling and manufacturing field in Toronto means an important growth and development in the city's industrial life.

CANADIANS AFTER CHAMPIONSHIPS

Canadian farmers will again compete in International Live Stock Exhibitions and Grain and Hay Show to be held in Chicago Nov. 29 to Dec. 6. For several years Canadian farmers have been attracted by this world event and they have won a fair share of the coveted awards. In the competitive classes for hard spring wheat the winner of which is acclaimed the world's wheat king, Canada has won 16 times in the past 19 years. Saskatchewan won 11 times. In the past three years the Dominion has won 103 of the 180 prizes offered in the international competitions for grain. Last year 40 prizes were awarded for grain and Canada took 34.

Canada also scores highest in the entries for sheep in the livestock. For several years the Ontario breeders have won about 85 per cent of the blue bobbons for sheep. In recent years a number of awards for cattle and horses have also come to Canadians.

SILVER FOX FARMING LEADS

The latest available figures show that fur farming is now definitely established in Canada as an industry. Today the capital value of fur farms is \$22,980,617 of which \$16,401,453 is invested in fur bearing animals.

Although Prince Edward Island is leader in the industry, Ontario and Quebec are not far behind. The value of fur bearing animals in P. E. I. is placed at \$3,676,220, in Ontario at \$3,247,336 and in Quebec at \$3,230,466. It is only ten years since value of fur bearing animals in Canada was placed at \$4,723,105 and the industry today is four times as great as it was in 1920. The silver fox heads the investment list with a capital investment of \$14,922,378, an increase of \$10,400,000 over 1920. The muskrat is the second most important fur bearing animal and it has an investment value of \$600,000 while mink comes third with an investment of \$328,928. This is an increase of 50 per cent over the preceding year. The otter, coyote, silver fox, beaver are practically new

Terrace Notes

Government Agent C. H. Munro of Prince Rupert was in town over the week end on official business.

Walter Warner of Fosswood came in for the masquerade.

A. S. Tordiffe of Cedarvale was a guest of Mr. and Mrs. McLeod for a few days last week.

Capt. John Willman was down from Usk the first of the week.

A. E. Ralph of Prince George was a business visitor in Terrace on Thursday of last week.

Mr. and Mrs. Freckman were in Rupert for a few days.

G. E. Clayton of Dorreen was in town during the week.

Mrs. C. R. Gilbert entertained at a bridge party on Thursday afternoon in honor of Mrs. Keith and Miss Kerr. The prize was won by Mrs. O. T. Sundal, and Mrs. A. C. Head won the consolation. The hostess was assisted by Mrs. D. D. Munro and Mrs. Little and Mrs. Greig presided at the tea table.

Mrs. Geo. Dover entertained at a bridge on Friday afternoon in honor of Mrs. Little who was leaving for the south on Sunday.

G. Wilson of Amsbury and V. Jack of Salvus spent the week end in town

A meeting for the purpose of reorganizing the basket ball teams for the coming season will be held this week. As many old players have left town there will be a big change in the line up when the season opens.

Mrs. Geo. Little is on an extended visit to Vancouver, Seattle and other places in the south.

Mrs. James Richmond was a dinner hostess on Friday evening when she entertained in honor of Mr. and Mrs. Keith and Miss Kerr and Mrs. Munro who is also going south for the winter

Residents in the west end who are dependant upon the town water system are having a dry spell and realize what it must be to live in the United States. There is hope in Terrace, as the commissioners are hurrying along the work on the new line.

DAMAGED R. C. CHURCH

Some Hallowe'en pranks are not too bad, (all is foolishness) but when a young buck or two or three undertake church property, it is beyond all calls for toleration. It is now a job for the police to take hold of. Fool pranks on Hallowe'en should not be tolerated on Hallowe'en any more than on any other night and if parents were made to pay for the "fun" they send their hopefuls out to enjoy, they would endeavor to exercise a little more discipline at home.

FAREWELL TO OLD FRIENDS

Rev. and Mrs. Allen were hosts at a delightful farewell party on Tuesday evening when the members of the Knox United Church met to bid farewell to Mr. and Mrs. Geo. Keith and Miss Kerr who will spend the winter in the south and later decide on a future home. Rev. Mr. Allen gave a brief talk during which he touched upon the loss the local church was sustaining with the departure of the three guests of the evening. They all had been active in church, Sunday school and musical circles, and Mrs. Keith and Miss Kerr had both served as organist in the church. For many years they have been residents of the district and useful residents. In their new home, wherever that may be, the guests will be followed by the best of wishes by the people of Terrace.

The Terrace News is \$2.00 a year.

BOARD OF TRADE HAD A DANCE

Hallowe'e Frolic was Very Successful—Many Fine Costumes and all Home Made

The Board of Trade held a most successful masquerade dance on Friday evening. Some eighty couples were present and most of them were in costume and provoked both mirth and admiration, some just admiration. The costumes were all prepared locally and many new and original designs were introduced. The judges were Mrs. Raven and Mrs. McLeod and R. B. Wallace, J. V. Smith and S. J. France, and the awards went to the following:—

- Best dressed lady, Lillian Christie, Spanish man, Dr. Mills, Chinese.
- Best dressed couple, Mr. and Mrs. Duncan, reindeer exporters.
- Most original couple, Mrs. Abernethy and Stanley Mills.
- Best dressed girl, Elliott Head, pierette; boy, Dorreen Wilson, cow boy.
- Comic lady, Mrs. McKenney, aunt Diana; man, Lester Taft, clown.
- Best represented, Mrs. W. E. Smith, convict.

A four piece orchestra provided excellent music for dancing.

WEDDING BELL

A very pretty wedding was solemnized in the Catholic church on Tuesday morning at 10 o'clock when Rev. Father Leray, O.M.I., united in marriage Alberta Detinger, daughter of Mrs. Doll, to Andrew McDonald, a local couple both well and favorably known. The bride entered the church on the arm of Mr. Doll and made a charming picture in a gown of pearl satin with lace and net flowers alternating. She wore a bridal veil with a wreath of orange blossoms and carried a bouquet of roses and orange blossoms. She was attended by her sister Irene who wore a gown of white georgette with three tier flouncing featuring the uneven hem, and a hat of soft felt. Marjory Doll in white with an orange blossom wreath circling her head, acted as train bearer. The groom was supported by John Normandeau. Miss Cecelia Desjardines presided at the organ. The choir provided special music under the leadership of Mrs. Desjardines. Following congratulations the bridal left on the noon train for Prince Rupert where they spent a short honeymoon, returning on Thursday and will make their home here where a host of friends will welcome them.

REMO NEWS

At a meeting of the Conservatives of Remo on October 26th an association was formed and the following officers were elected:—president, Richard Carr; vice-pres., T. D. Laird; secretary-treasurer, A. Y. Wilson.

On Saturday evening October 25th the regular meeting of the Remo Farmers Institute was held and after the business had been finished the gathering developed into a social affair and there was dancing and cards.

W. L. Jordan, pole inspector for the Hanson Timber and Lumber Co., was in Remo on Monday.

My boy, said the business man to his son there are two things that are vitally important if you are to succeed in business.

- What are they dad?
- Honesty and sagacity.
- What is Honesty?
- Always, no matter what happens, nor how adversely it may effect you, always keep your word once you have given it.
- What is sagacity?
- Never give it.
- Mummy you bought sister a piano so buy me a bicycle.
- What for?
- So that I can go riding while she practises.

Prince Iyesato Tokugawa, president of the Japanese House of Peers, and his son, Hon. Iyegaso Tokugawa, Japanese Minister to Canada, met recently on board Canadian Pacific liner Empress of Russia. The Prince was on his way to London to attend the Inter-Parliamentary Conference and took the opportunity to see his son who had come to Victoria from Ottawa to meet him.

Leaping into shark-infested waters in the China Sea halfway between Hong Kong and Shanghai, Carpenter Tom Ellworthy, of the S.S. Empress of Russia, saved the life of Mrs. Makareff, passenger on the ship who had jumped overboard in a fit of dementia. The woman strongly resisted efforts to rescue her and 4th Engineer Dean went to Ellworthy's assistance, the two men succeeding in bringing her back aboard ship after long and exhausting struggles.

Beating the world's record in passenger traffic operation, Western Canada comes into the limelight this year with the 1262 mile continuous run from Fort William to Calgary of the Canadian Pacific locomotive number 2808. A number of locomotives of this class are now being built by the railway, equipped with roller-bearing boxes which will still further facilitate engine operations on long runs.

The season's first climb of Mt. Temple, 11,600-foot peak in the Rockies, was made last week by Dr. Thorington of Philadelphia, well-known writer and Alpinist, and W. Kerr, of Vancouver. Edward Fenz, doyen of Swiss guides in the Rockies, was in charge of the climb which started out from Chateau Lake Louise at three in the morning and reached the summit at ten.

With the opening of the New Pines Hotel at Digby and of the Algonquin Hotel at St. Andrews-by-the-Sea at the end of June, the tourist season in the Maritime Provinces is now in full swing. Reservations at both hotels are very heavy, forecasting a prosperous season.

BONUSES OR BUYERS

Everyone agrees that it would be a fine thing to induce some large industry to build a plant in British Columbia. Some communities are willing to bonus such an undertaking, give it a free site, or exempt it from local taxes. But it is not the bonuses that make an industry successful . . . it's buyers. Why not support industries already here and give them a chance to help you pay the taxes. Insist on B. C. Products every time you make a purchase and you will be doing your share.

Another coho salmon with a tag (13903) was taken by Jim Dane in Mission creek below the falls on Oct. 27. This is the fourth tag that has been returned to the local fishery inspector.

Mark Wicks got a nasty cut on his right hand last Friday morning. He attempted to start a car by cranking and it kicked back. About eight stitches were necessary to close the wound

Alfred Hall returned to New Hazelton Tuesday morning after spending the past number of months on the wide open prairies.

Douglas Lay got home from the Cariboo on Friday afternoon last after a very trying trip by car. When he left some weeks ago the roads were about all that one could wish, but then it rained and ruined some more, and a long stretch of road between Burns Lake and Prince George has never been gravelled, although enough thousands of dollars were spent on it in the last fifteen years to almost concrete it. Until the freeze up that old piece of road, together with the new pieces will be unfit for travel.

One day last week three cars coming home from Nash got mired in a mud hole near Robinson's farm on the Skeena Crossing road. The cars were held up for hours before they could get hauled out. They could not help themselves. The hole was too deep for cars to navigate. That is on the main Pacific highway. But the engineer says it will be fixed next year.

Mrs. Sawle and Miss Gladys Taylor leave in the morning to spend a few days in Prince Rupert.

Rev. T. H. Wright conducted service in the Kitzegucla Indian Church last Thursday evening when a large number of worshippers were present. Mr. R. H. Goodridge is in charge of the Indian school there and he has a large enrollment of pupils.

Emanuel Nelson is erecting a cabin of his own in New Hazelton.

John Salt has about completed remodelling the building he bought that was formerly owned by Graham & McAfee. He has the upstairs divided into five large and comfortable rooms.

Gus Christianson is making improvements to the interior of the New Hazelton hotel.

John Carden, the foreman who is in charge of the erection of the new hospital has received instructions from E. H. Shockley, contractor, to rush to completion the hospital job and to report immediately after at Princeton where a contract has been secured for nine rescue cabins in connection with the mining industry. It is believed that the hospital can be handed over to the management by the first of the

A. F. Morrison of New Westminster a returned man and an old friend of Rev. W. B. Willan who formerly was in charge of the church in New Hazelton, has been appointed clerk to the Indian Agent at Hazelton.

Miss Pillsbury leaves this evening to spend a few days with friends at Francois Lake. Mrs. Rukin is teaching her classes.

Mrs. Geo. D. Parent is expected to return home this evening. She has been in Vancouver for the last two months under the doctor's care.
