

PRINCE RUPERT FISHING FLEET

PRINCE RUPERT, the terminus of the Canadian National Railways in Northern British Columbia, has come to the fore of recent years as one of the premier fish-producing areas of the Dominion of Canada. Prince Rupert halibut is known all over the American continent, and the industry has reached large proportions because of the distribution service placed at the disposal of the fishermen at that port by the Canadian National Railways.

The one essential in the fishing industry is the speedy marketing of the fish after they are caught. By means of a rapid express service over the Canadian National, halibut and other fish from Prince Rupert are laid down in Winnipeg, Montreal, Toronto and other Canadian and America cities very quickly after they are landed from the fishing boats in Prince Rupert harbor.

Halibut fishery is the chief sea industry of Prince Rupert, and during 1922, 25,275,800 lbs. of halibut were landed at that port. In addition, 33,225,300 lbs. of salmon were caught and large quantities of herring, cod, flat fish and crabs. The cod and herring fisheries, which have scarcely been touched as yet, hold a great future.

The photograph shows a few of the hundreds of boats engaged in the halibut fisheries out of the port of Prince Rupert.

Largest Cedar Pole Company Entering Field

The biggest cedar pole company on the American continent will soon be operating along the Skeena river. For the past three weeks Angus Horn, representing the Noble Cedar Pole Co., of Chicago, has been cruising the cedar in the Kitsumkalum and Lakelse Valleys. He is going up the Copper River valley and then come for Christmas. After Christmas he will return and complete his cruise up the Skeena and all valleys adjacent to the Skeena. To complete his work and make his map will occupy the best part of the year, but by next summer the big firm should be ready to start in. It has not yet been decided whether the Noble Cedar Pole Co. will send in their own organization and operate themselves or to operate through Olof Hanson, who already has a good organization. In any case it means that several hundred more men will be employed in the bush working out poles and piling, and the present output will be more than doubled.

Prince Rupert hopes to see great ships to the Orient through that port before the year out.

The higher-ups connected with the Canadian National Railways have been in session in Winnipeg, planning for the immediate future. Development of traffic and other curtailment of expenses are the chief features.

Farmers Were Not Advanced Much of Loan

Victoria.—Regarding financial assistance to farmers, Hon. E. D. Barrow, minister of agriculture, pointed out to the legislature the other day that only \$231,286 of the \$699,450 loaned in 1916 really went to aid the farmers in their efforts, the balance of \$468,000 being applied to retiring advances made by loan companies.

The government of 1916 issued bonds of \$1,000,000 to provide such loans, the bonds realizing \$847,000, and of that amount \$699,450 was loaned to 332 applicants.

Mr. Barrow stated that repayments have fallen off and he considered no government should continue a plan which a big business firm would not adopt.

The minister pointed out that assistance for productive purposes should be given and that assistance the government is already furnishing.

What was probably a record load of logs was shipped east by Olof Hanson from Vanarsdol on Monday last. They were spruce boom logs and went to Owen Sound. Mr. Hanson hopes to get a good order for boom logs as a result of this car lot.

Col. C. W. Peck has been chosen unanimously and enthusiastically as the Conservative candidate in the Islands constituency. The riding is now represented by M. B. Jackson, Liberal.

New Hazelton Ladies' Bazaar Well Supported

Something over two hundred dollars were raised by the New Hazelton Ladies' Aid and the C. G. I. T. bazaar which was held last Friday evening. The weather and roads could not have been much worse than they were, so that the attendance was not what was expected. But those who did attend were not slow in picking up the many bargains offered. Much credit is due the ladies for the very excellent showing made, and also to the girls of the C. G. I. T. The two organizations had separate booths and the girls realized over thirty dollars from their booth, most of the articles being made by themselves and the oldest girl is fifteen years.

The bazaar was opened about 8.30 by Rev. Victor Sansum and immediately he stopped speaking the buying began and there was considerable activity until after ten o'clock. The ladies' booth was in charge of Mrs. Sawle, assisted by Mrs. Sansum; the girls were in charge of their own booth with Mrs. Goddard as cashier. Mrs. Senkpiel looked after the fish pond and had it fished out early in the evening. It was the biggest bargain counter ever seen in the north. Mrs. Edgar Harris, assisted by Miss Hazel Hall, looked after the home made candy booth and they had sold everything before all the people were in; the refreshment tables were in charge of Mrs. Smith and Mrs. Bergman. A very handsome centerpiece was drawn for, Wm. Grant holding the hat and Olga Bergman drew the tickets. Sam Senkpiel, jr., held the lucky number.

Everything was sold with the exception of a very few articles and a number of these may yet be taken up. The ladies and the girls are now in a good financial position to carry on their work during the ensuing year, and they wish to convey their thanks to the public for the support given them.

Mrs. Hugh Harris returned from the Hospital on Monday, having successfully undergone an operation.

A washout on the road between Skeena Crossing and Fred Griffin's pole camp held up traffic for several days.

Owing to the wet weather work in the pole and tie camps is being carried on under great difficulties.

Only four weeks until Christmas. Do your shopping early and where the merchants invite you to shop. Read the advertisements in this issue.

Woodcock Dairy to Serve People of Prince Rupert

Woodcock Dairy is the name that has been adopted by the new owners of what was formerly called the Northern Cassiar Ranch Ltd. R. L. Brown and Robert MacKay, of Prince Rupert, have formed a partnership and taken over the interests of those connected with the old company, and they will operate a dairy farm, supplying milk and cream to Prince Rupert. Mr. Brown is leaving Marshall-Wells at the end of this year and he will devote his whole time to the farm. Mr. MacKay will continue to look after the milk business in Prince Rupert.

Woodcock Dairy, already well equipped as a small dairy, will, within a year, be capable of taking care of one hundred milk cows, and Prince Rupert will consume all the milk and cream. The first of the cows are at the farm now, and Mr. MacKay has gone south to get another carload to be shipped in immediately. Next spring another car or two will be brought in.

A milk depot will be established in Prince Rupert, which will be equipped to sterilize, pasteurize and bottle milk and cream. A small ammonia plant is to be installed and the place will be one of the most complete and modern in the province, and Prince Rupert people will be assured of pure milk.

In course of time it is promised that other lines will be added, such as ice cream, butter, buttermilk and farm produce. The new firm will also purchase milk from other farmers along the line who will produce their milk under approved conditions. Thus there will be a market for all milk from Skeena river farms.

Gordon B. Robb and A. Brown, of Burns Lake, have been awarded

Federal Member Is Convinced By Hospital's Claim

On Tuesday last Fred Stork, M.P., came up from Prince Rupert and spent the day in town, leaving next morning for Smithers and Telkwa. While here he was met by a couple of delegations, one being a committee from the Hazelton Hospital Advisory board. This committee took up the matter of the amount of money paid by the Indian Department for the care of Indian patients. At the present time the Department pays only \$1.50 per day while the actual cost per patient is \$2.50 per day. Many other hospitals in B. C. receive \$2.50 per day and there is no apparent reason why the Hazelton Hospital should not receive a like amount. The committee proved to Mr. Stork that the institution was losing money every day an Indian patient was in the Hospital at a rate less than \$2.50 per day. It was also pointed out that the total increase asked by the local institution would not amount to over two or three thousand dollars per year, but that was the amount the Hospital was losing every year and the white population was not large enough to carry that additional burden. Neither was it fair to ask the local white population to pay for the care of Indian patients.

Mr. Stork expressed himself as being in sympathy with the claims of the Hospital and was quite sure he could get the increased rate passed at the next session of parliament. The matter was up before, but there was apparently a misunderstanding on the part of the Indian Department or other members of the cabinet.

ed the contract to build the new school at Burns Lake, the cost to be around \$15,000.

Prohibition and Politics

Having lost most of the ground won in prohibition fights for the past half century the prohibition forces are now preparing to start a Dominion-wide campaign for total prohibition. Since they started monkeying with the laws of the country and securing all kinds of prohibitory legislation the great masses of the people are rapidly slipping from under and are in revolt. Human nature is peculiar, but not altogether unlike a cow. Did you ever try to force a cow to do something she did not want to do? Men and women will learn to do good just as easily as they learn to do bad, but the reason they are mostly bad is because a few endeavor to force them to be good. The result is that today the prohibition party is faced with both men and women of all ages, delighting in the use of liquor, whereas half a century

ago, or even half a dozen years ago the men were the only ones who drank liquor, and they drank most of it among men and behind closed doors. Today it is drunk wherever it is to be had.

Rather than going into politics prohibitionists had better become educationists and go into the schools, the pulpit, the press and the home. They must make their doctrine attractive and show the people how to smile and laugh without a stomach full of liquor.

The word "prohibition" is itself contrary to human nature. To the average person "prohibition" immediately presents a picture of black clouds, a long face and a sad heart—the very opposite of anything found in the Bible or taught by Christianity. Thus prohibition must be classed among the wild cats—it has not lived up to its prospectus.

Redistribution Bill

Since the announcement of the extension of Omineca district to include all the country from Prince Rupert to Prince George and giving it two members, there has been a good deal of discussion. The press dispatches did not give any particulars so that it is not known locally whether the government proposes to elect the two members at large or to have an Omineca west and Omineca east with a member for each. The latter would meet with more general approval than the former. The western end, or the lower Skeena people do not feel that they have anything in common with the people of the Bulkley Valley or the Nechaco Valley and they would not like to have to elect a member for that part of the country. The next important consideration would be locating the dividing line between east and west Omineca. Some think it should be drawn between Smithers and Telkwa to give a division of the population, but if the geography is considered the line would be moved much further east. In any case the government figures that the re-arrangement will give them a solid north. Hon. T. D. Pattullo will be hard to defeat in Prince Rupert city. Hon. A.M. Manson will likely take the east end of Omineca, where he has centered his efforts for several years past and this will leave west Omineca for Olof Hanson to fight out, possibly with a Provincial Party candidate, or perhaps he will have a three-cornered fight. Mr. Perry will again carry the government banner in Prince George. The redistribution bill is now in the hands of the committee and may undergo some changes before it is presented to the Legislature.

**Many Ways To Do It, But
The Best Has Been Proven**

“ There are many lines of publicity that the country store can use to advantage, but the one he can use to best advantage is his home-town paper. I venture to say that if the money spent each year for fancy calendars and other knick-knack giveaways were invested (I say invested, not spent or donated) in carefully planned newspaper publicity, the actual net returns to the advertiser would be ten times as great, to say nothing of the advantage the small-town paper would derive from the additional and much needed revenue.”
—CHARLES E. BLACKWELL at the Unity Day Conference held at Ellensburg, Wash., in August.

[NOTE: Mr. Blackwell is an Okanogan, Washington, merchant and is said by many to be the most successful country merchant in the state.]

Minister Very Emphatic Over Lumber Policy

Victoria.—Of the 2000 million feet of timber cut in this province, 1849 million feet is manufactured within the province, and is the policy of the government that manufacture shall continue to take place within the province. Hon. T. D. Pattullo, minister of lands, speaking on the address in the legislature recently, made this statement. About 2 per cent of the timber cut in British Columbia is exported in the log to the United States under permit from the government. Export is only permitted when there is no market for a minor product. Four per cent of the cut is exported manufactured to the States from old Crown granted holdings for which the provincial government has no jurisdiction in regard to export.

First Prize Potatoes

The winner for commercial potatoes grown in Central B. C. at the Victoria Potato Show was K. Gordon, of Terrace, who had a fine showing of Gold Coin potatoes. Gordon's potatoes were lifted without special care and transported over a mile on a road without any precautions having been taken to prevent scrubbing, and that they were still found good enough in appearance to warrant them receiving the highest honors for the district speaks volumes for their fine quality.

Paddy Kilmartin is a free man again. When arrested at Fernie a warrant had not been signed and was annulled by chief Justice Ker. Paddy packs a horse-

Ernie Roberts, an Indian, was on Monday fined \$5 or 30 days at Terrace for being under the influence of liquor, and Barney Colbachini was sentenced to six months at Okalla for selling liquor to Indians. Barney gave notice of appeal.

Mrs. R. Jeats returned last Thursday from visiting in Vancouver and Seattle, where she met Mr. Jeat's brother, who is a sea-going engineer.

Jim Swan and his wife are taking over the charge of the cookhouse in connection with Geo. Little's mill.

Ed. Kennev has been enjoying a hunting trip in the neighborhood of Banks Island.

J. A. Forsythe is stated to be one of the beneficiaries from the oil find near Edmonton, where he owned some land.

Mrs. Lanfear spent a few days in Prince Rupert last week.

Fred Dubord was a business visitor to Rupert the first of the week.

Following Hon. A.M. Manson's declaration that beer clubs must go, there was some activity along these lines by the local police.

On Monday morning a daughter was born to Mr. and Mrs. Frank Ross.

On Friday evening, Nov. 23, a daughter was born to Mr. and Mrs. Wm. Little.

After carefully looking into the Provincial Party's program Chas R. Gilbert has decided that that party is just about what is required in this province and he left on Thursday morning for Vancouver to attend the convention on Dec. 4. He is the delegate from Terrace, and he promises to bring back a good report of the convention and of the platform adopted, as well as of the men who are to head the party.

T. R. Davis is voluntarily gravelling the road to his mill north of town—a good example.

The road workers under A. Carr suspended their work on Tuesday for the season. This does not apply to those employed in getting rid of the rock on the bridge road.

Mrs. Bedore, of Prince Rupert, was a visitor to Terrace on Monday.

Joe Bellway came in from Kalum Lake on Friday.

After a long drag the Terrace Drug Store has found a new owner in Mr. Rilev, of Vancouver, who intends opening up the business again shortly.

Arthur Einboden, Vanarsdol, was a visitor to town Thursday.

The Anglican Women's Auxiliary will hold their annual sale of plain and fancy work, home cooking, etc., in Progress Hall, on Saturday, December 1st.

MRS. POWERS, Secretary.

F. V. Delcourt, of Vancouver, paid his customary visit to Terrace on Friday.

More visitors from the prairies are looking over the country, two coming in from Edmonton on Wednesday.

Cris. Larsen has gone to work with Van Meter's gang at the pole camp four miles north of Terrace.

Jimmy Couthers has had an addition to his homestead, his nephew Charlie came Monday to stay with him.

Major Taylor was again in Terrace on Thursday. He is watching the progress of the road to the bridge very carefully.

The Annual Meeting of the Ladies' Guild will be held in Knox Church on Wednesday, Dec. 5th at 2.30 p.m.

It Florence C. Young Sec.-Treas.

Five of the piers of the new bridge are now completed and work is rapidly nearing a finish in respect of the sixth. A number of the workers were suspended on Saturday.

Mrs. Kohne went east Saturday to visit friends in the Bulkley Valley.

Hayward Mills at Usk Moving Short Distance

Engineer Walton arrived at Usk on Monday morning, to lay out the spur from the Canadian National main line to the new site of the Hayward sawmill. C. H. Hayward, president of the Hayward Lumber Co., of Edmonton, and owner of the sawmill located at the west end of the C.N.R. yards, was in Usk several days last week and arranged to have the mill moved one mile east of the present location. The new site will be adjacent to several million feet of good timber, enough to keep the mill running for several years. It is expected that work will get started immediately and that as soon as the mill is up it will start cutting. Mr. Hayward figures on contracting most of the work, if possible, including logging, sawing, etc. The market for his lumber will be his own lumber yards on the prairie and the "baby square" market in Japan. This latter business is just getting started and is growing rapidly.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

WATER NOTICE

(DIVERSION AND USE)

TAKE NOTICE that Charles Barrett, whose address is Barrett Post Office, will apply for a licence to take and use 50 acre feet per annum of water out of Stock Creek, which passes West of the South-East corner of L. 239, R. 5, which flows South and drains into Bulkley River (North Bank) about North-West of the South-East corner of Lot 712, Range 5. The water will be diverted from the stream at a point about 33 chains South-West of the South-East corner of Lot 288, Range 5, and will be used for domestic and irrigation purpose upon the land described as Lot 290, Range 5, Coast District. This notice was posted on the ground on the 18th day of October, 1923. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Smithers, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is October 26, 1923.

CHAS. BARRETT, Applicant.
1720 By F. B. Chettleburgh, Agent.

WATER NOTICE

(DIVERSION AND USE.)

TAKE NOTICE that Charles Barrett, whose address is Barrett Post Office, B.C., will apply for a licence to take and use 40 acre-feet per annum of water out of creek running westerly through North half of Lot 281, R. 5, into East shore of small lake on North half of Lot 280, Bulkley River, about Lot 705, Range 5. The water will be diverted from the stream at a point about 100 feet west and below wagon road approximately 50 chains South-East of the North-West corner of Lot 281, Range 5, and will be used for irrigation purpose upon the land described as South half of Lot 280 and North half of Lot 282, Range 5. This notice was posted on the ground on the 18th day of October, 1923. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Smithers, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is October 26, 1923.

CHAS. BARRETT, Applicant.
1720 By F. B. Chettleburgh, Agent.

WATER NOTICE

(DIVERSION AND USE.)

TAKE NOTICE that Donald Brown, William Douglas and Charles French, whose address is P.O. Box 482, city of Prince Rupert, B.C. will apply for a licence to take and use two thousand miner's inches of water out of Lorne Creek, which flows in an easterly direction and drains into the Skeena River, 200 yards south of Lorne Creek Flag Station on the C.N.R. The water will be diverted from the stream at a point about two miles from the C.N.R. main line and will be used for Hydraulic Mining purposes upon the claims described as "Dominion, Dome & Bed Rock" leases, situate on the south bank of Lorne Creek. This notice was posted on the ground on the 13th day of September, 1923. A copy of this notice and an application pursuant thereto and to the Water Act 1914 will be filed in the office of the water recorder at Smithers, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first application of this notice is October 26, 1923.

Timber Sale X5729

Sealed tenders will be received by the Minister of Lands at Victoria not later than noon on the 21st day of December, 1923, for the purchase of Licence X5729, to cut 1,500,000 feet of Spruce, Balsam, Hemlock and Jack-pine, on the S.W. 1/4 of Lot 4288, Range 5, Coast District.

Four (4) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B.C., or District Forester, Prince Rupert, B.C. h2225

TELKWA TALES

News from the Hub of Bulkley Valley

L. H. McLean left on Monday for the coal camp.

J. P. Wheeler visited Forestdale and intermediate points by car last Thursday.

Mr. Powell, of the Federal Mining Co., was a business visitor over the week end.

Helen Howson is now convalescent at her home following a recent operation for appendicitis.

George Brandon is in town from Dome Mountain, having found it necessary to consult his medical adviser.

Preparations for the annual school concert are under way, the efforts of the pupils being directed by Miss Thompson.

The work of providing a building for the local library will be embarked upon shortly, and it is expected that general support will be accorded the work.

The wet weather of the past few weeks has not improved the roads any. Jack Ticehurst and Frank Dobie, who came in from Dome mountain for a load of supplies for the Dome Mountain Mining Co., report the road as being but passable.

P. Spouse, who was considered in His Majesty's naval forces as being no mean amateur boxer, was given a chance to display his skill last Friday night at the Athletic Club smoker in Smithers. Mr. Spouse engaged John McKenzie, of Moricetown, in a short encounter and showed the fans much in the way of tactics and footwork.

Immigration Increases

An increase of approximately 100 per cent over the corresponding period of last year is shown by immigration figures for the first nine months of 1923, according to official figures issued from Ottawa. During the first nine months of this year 106,973 new entrants were brought to Canada, and it is anticipated that of this number fully 100,000 will be permanent settlers.

Better Eggs Offered

The effect of the "regulations respecting the grading and marking of eggs" is beginning to be felt by producers offering their eggs for sale on the public markets. Inspectors of the Dominion Live Stock Branch report that consumers now look for the eggs marked 'fresh specials' and 'fresh extras', and on some markets retailers are buying the the farmers' eggs as soon as they are graded. The quality of the eggs offered is steadily improving. On the Ottawa market one day last week eggs grading 'specials' were sold immediately at 90 cent a dozen, and on the Toronto market up to \$1 a dozen.

The Herald is \$2.00 a year. Are you a subscriber yet?

BRITISH COLUMBIA

THE MINERAL PROVINCE OF WESTERN CANADA

HAS PRODUCED MINERALS VALUED AS FOLLOWS:—

Placer Gold	\$ 76,542,203
Lode Gold	109,647,661
Silver	59,814,266
Lead	51,810,891
Copper	170,723,242
Zinc	24,625,853
Coal and Coke	238,289,565
Building Stone, Brick, Cement	36,605,942
Miscellaneous Minerals	1,358,839

Making its mineral production to the end of 1922 show **AN AGGREGATE VALUE OF \$769,418,462**

The striking progress of the mining industry in this province is strikingly illustrated in the following figures, which show the value of production for successive 5-year periods:

For all years to 1895, inclusive	\$ 94,547,241
For five years, 1896-1900	57,607,967
For five years, 1901-1905	96,507,968
For five years, 1906-1910	125,584,474
For five years, 1911-1915	142,072,603
For five years, 1916-1920	189,922,725
For the year 1921	28,066,641
For the year 1922	35,158,843

PRODUCTION DURING LAST TEN YEARS, \$339,280,940

Lode-mining has only been in progress about 33 years, and not 20 per cent. of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing lands are open for prospecting.

The mining laws of this Province are more liberal and the fees lower than any other province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees. Absolute titles are obtained by developing such properties, security of which is guaranteed by crown grants.

Full information, together with mining reports and maps, may be obtained gratis by addressing

The Honourable The Minister of Mines
VICTORIA, BRITISH COLUMBIA

A Rare Bargain

By special arrangement with the Family Herald and Weekly Star of Montreal, we are able to offer that great family and farm paper at a very attractive price.

MINERAL ACT Certificate of Improvements

NOTICE

"D. X." Mineral Claim, situate in the Omineca Mining Division of R. S. Coast District.

Where located:—On Lorne Creek (about three miles above the junction of the North and South Forks) on the south fork, Omineca Mining District, British Columbia.

TAKE NOTICE that I, Charles Phillips, Free Miner's Certificate, No. 66, 735C, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under Section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 12th day of October, A. D. 1923.

1826 CHARLES PHILLIPS

Notice to Delinquent Co-Owner

To Geo. W. Kerr:

Take notice that whereas we, Stephen McNeill and A. Carmichael, have done or caused to be done, and paid for same, the assessment work on the Trail, Trail Fraction, Independence and Dardenells Mineral Claims, situated at Fourteen Mile Post on the Copper River Trail, in Omineca Mining Division, for the years 1921 and 1922, and have recorded the same, unless you pay your share of the above work, together with the cost of the advertising, we shall, at the expiration of ninety days from the date hereof, apply to the Mining Recorder at Smithers, B. C., to have your interests in the above mentioned claims vested in us, pursuant to the provisions of the Mineral Act. For further information apply to Stephen McNeill, Copper River, B. C.

A. Carmichael
Stephen McNeill

Dated at Copper River, B. C., this 10th day of September, 1923. 1123

NOTICE

IN THE MATTER of an application for the issue of a Duplicate Certificate of Title for Lot two hundred and seventeen (217), Group one (1), Cassiar District.

Satisfactory proof of the loss of the Certificate of Title covering the above land having been furnished, it is my intention to issue, after the expiration of one month from the first publication hereof, a fresh Certificate of Title covering the above land, in the name of John Clarke King Sealey, which Certificate of Title was issued on the 13th of October, 1911, and is numbered 852 L. Land Registry Office, Prince Rupert, B. C., 9th November, 1923.

H. F. MACLEOD,
Registrar of Titles.

The Hazelton Hospital

The Hazelton Hospital issues tickets for any period at \$1.50 per month in advance. This rate includes office consultations and medicines, as well as all costs while in the hospital. Tickets are obtainable in Hazelton from the drug store; from T. J. Thorp, Telkwa, or by mail from the medical superintendent at the Hospital.

Constipation's Remedy

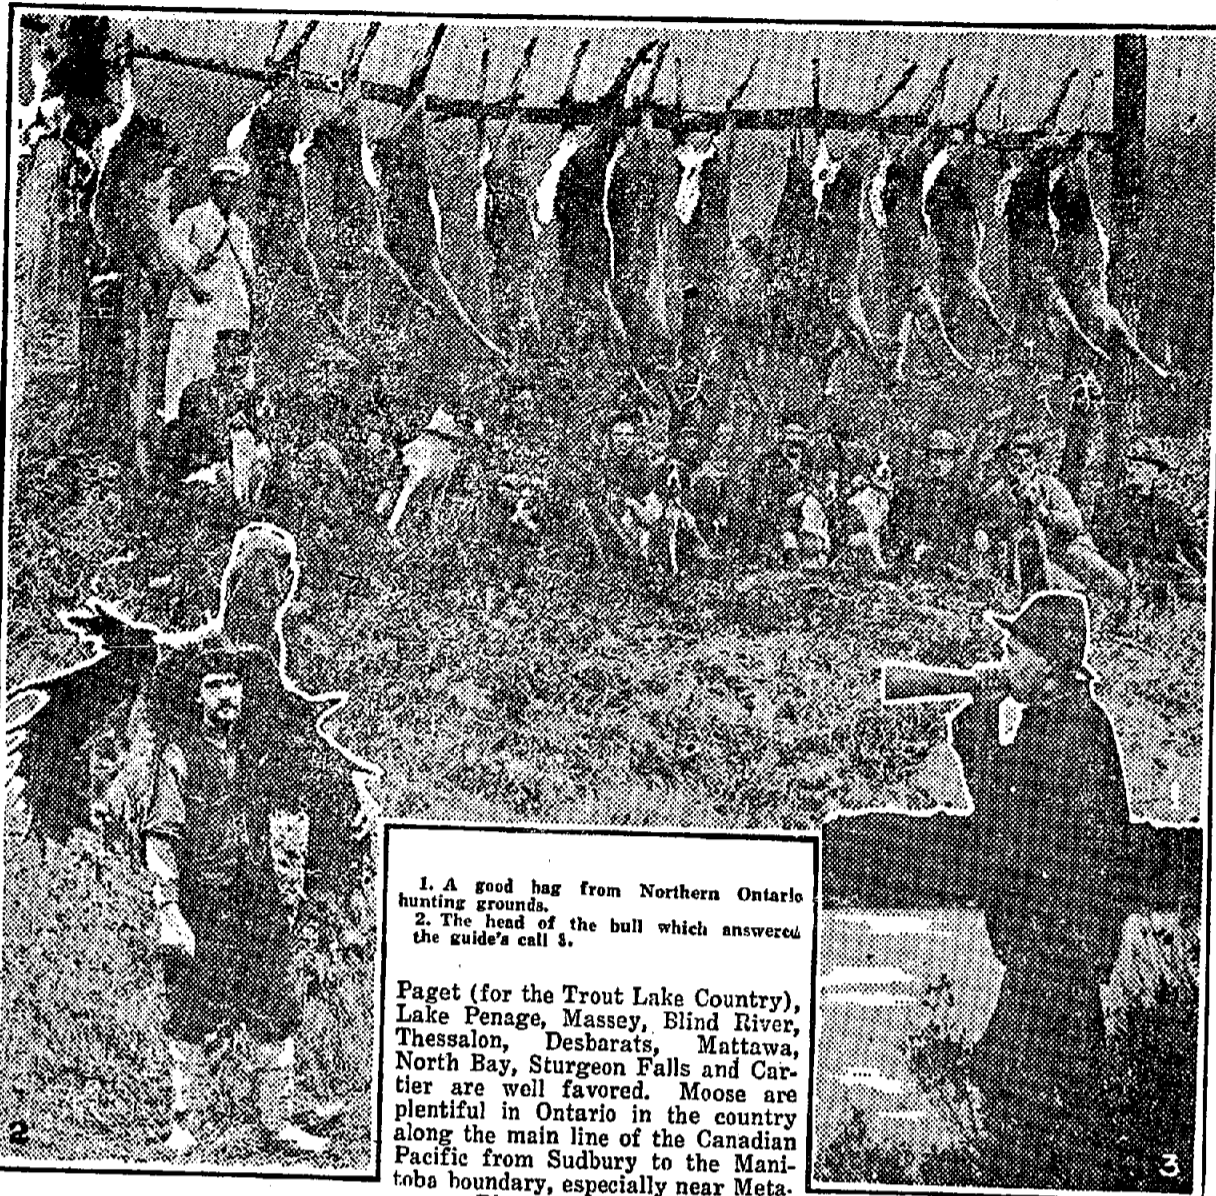

Must come from nature. Celery King is a mixture of medicinal herbs and roots that rids the system of impurities in a gentle, natural way. An old and well tried remedy—30c and 60c packages.

Salesman's Cough

It irritates his customers—and makes him inefficient and miserable. Hulo is the ideal remedy—it is a bulky cough mixture with a special formula proven successful for many years. A few drops brings immediate relief. 50c and \$1.20. All druggists.

HULO FOR COUGHS

Exceptional Kills in Quebec and Ontario

1. A good hag from Northern Ontario hunting grounds.
2. The head of the bull which answered the guide's call.

Paget (for the Trout Lake Country), Lake Penage, Massey, Blind River, Thessalon, Desbarats, Mattawa, North Bay, Sturgeon Falls and Cartier are well favored. Moose are plentiful in Ontario in the country along the main line of the Canadian Pacific from Sudbury to the Manitoba boundary, especially near Metagama, Biscotasing, Chapleau, Misanimie, Franz, Jack Fish, Schreiber, Rosport, Nipigon, Savanne, Ignace, Dinorwic, Wabigoon, and Kenora, and, in Quebec, in the St. Maurice, Lake Edward, Lake Megantic, Maniwaki, Timiskaming and Kipawa districts.

Caribou, in Quebec, may now be found only in the remote northern sections, and, in Ontario, on the islands of Lake Superior and round Rosport, Schreiber and Nipigon, on the mainland.

From all these districts come stories of wonderful luck which will thrill the pulses of every hunter. Take the good fortune of Dr. C. H. McCreary, of Montreal, and Mr. A. J. O'Keefe, of New Rochelle, New York, regular patrons of the Ste. Jovite district of the Laurentians, Quebec. Penetrating some days ago from Grey Rocks Inn, at Ste. Jovite, to Big Devil's Lake,

sometimes referred to as Lac le Croix, they met several cow moose and an immense bull. But the climax came when another splendid bull obligingly took up a position within 50 yards of their tent. The first shot from the doctor's trusty rifle brought him down and Mr. O'Keefe finished him off.

Again, from F. W. Arnott's Tem-Kip Camp, 30 miles up Lake Timiskaming from Timiskaming Station, at the mouth of Kipawa River, word comes of how Mr. J. A. Cavanagh, of New York, got his moose within an hour and a half of leaving camp, and was back within two hours and a half. Next morning, while the animal was being skinned, another big moose calmly watched the operation for five minutes from a point close by.

After that, you can still keep your hand off your rifle?

WITH the coming of the frost and the "Moon of the Falling Leaf" comes also the hunting season for caribou, moose and deer. For the past ten months, thousands of sportsmen have been longing for the return of the season. And today the season in Quebec, Ontario, New Brunswick, Nova Scotia, Alberta and British Columbia is in full swing. Once more the naked woods are echoing with the crack of the hunter's rifle and the red blood of Canada and the United States is pitting itself against the monarchs of our native wilds.

In Quebec, good chances for deer are reported from Lake Megantic, the Laurentians, the Gatineau Valley, along the Waltham branch line of the Canadian Pacific, Timiskaming-Kipawa district and other points, while, in Ontario, Parry Sound, Byng Inlet, Pakesley, French River,

Mr. and Mrs. G. Wilder have returned from their vacation and Mr. Wilder is back on his job as station agent here. Their many friends were glad to welcome them back.

Miss Vera McDonald and Miss Bella McDonald left on Sunday's train, the former for Vancouver and the latter for Prince Rupert.

WEDDING BELLS

Smith-Allen

On Wednesday, Nov. 28, a very pretty wedding was solemnized at the home of K. E. and Mrs. Allen at Hanall, when their third daughter, Kathleen Agnes, was united in marriage to John Wilby Smith, of Hanall, but formerly of Port Clements, Rev. Father Allard officiating. The bride was attended by her younger sister, Miss Alice, and Max Smith supported the groom. Only a very few members of the family were present. Following the ceremony a wedding supper was served and the happy couple left on the midnight train for a

short honeymoon trip east. Upon their return they will reside at Hanall until spring and will then go to Woodcock, where Mr. Smith has timber interests that he will develop. A large circle of friends extend best wishes to the bride and groom.

C.G.M.M. Vessels Busy

Practically all of the services of the Canadian Government Merchant Marine have done very well during the present season, according to an announcement made by Capt. E. E. Todford, Marine Superintendent. "Business has been good, not only on the ocean routes, but also on the Great Lakes," Capt. Todford stated, "our smaller vessels having been employed everywhere to good purpose. The service to Australia and New Zealand has shown particularly good results."

Approximately 2,000 young buffalo from Wainwright Buffalo Park, on the line of the Canadian National Railways, will be rounded up next spring and sent to the wooded bison park in the Slave River country next spring, it is announced.

Usk

Skeena's Industrial Centre

Mr. and Mrs. T. Shackleton have moved to South Hazelton temporarily. Mr. and Mrs. F. A. Stewart are occupying the Cordillera Hotel in the meantime.

Mrs. L. Bunn and family have left for their new quarters in Prince Rupert, where they will live in future.

A double birthday anniversary was celebrated at the home of Mr. and Mrs. J. W. Eckert, where twenty friends gathered to do honor to Mrs. Eckert and her niece, Marion Harrison. Games and dancing enlivened the time.

B. L. Woodward was suddenly taken ill and had to be taken to the Hazelton Hospital for treatment last Thursday.

Mrs. Post has returned home after being under treatment in the Hazelton Hospital for a short time. She is now convalescing very well.

J. Burns, of Pacific, spent Monday in town, renewing acquaintances.

R. Cunningham & Son Limited
HAZELTON, B.C.

HAZELTON NOTES

Business Lots for sale. See Wm. Grant's Agency.

The police force made a raid on a local establishment last Wednesday afternoon and gathered in a supply of liquor. The case will be tried on Thursday next.

On Tuesday evening at the home of W. W. Anderson a very jolly social evening was spent after the badminton games. The occasion was the entertainment of the winning teams by the losers. The captains of the winning teams were A. A. Connon and Miss Horbury and the losers were Cooper Wrinch and Mrs. Fakeley.

John Newick was laid up for a couple of days this week with a bad cold.

Chief of Police Parsons, of Prince Rupert, paid a visit to Hazelton this week.

At the Hazelton Hospital on Monday, Nov. 27, a daughter was born to Mr. and Mrs. J. Thamasson, of Terrace.

Are you getting ready for Christmas? Look up the advertisements in this week's issue from the local merchants.

A number of local people are doctoring colds, which are more or less general at present.

Dr. H. C. Wrinch has now moved into his new office recently built on to his residence. He is now equipped to handle patients more satisfactorily than ever.

See particulars of the Ladies' Bazaar on the front page of this issue. The program will be worth going to hear.

The Provincial Debt

The provincial net debt on November 30, 1916, is shown to have been \$19,677,534. The gross debt was \$23,153,146. The gross debt on November 1, 1923, was \$71,432,261, an increase of \$48,000,000. Sinking funds amounted to \$12,139,000. P.G.E. stock collateral amount to \$5,925,000 and revenue producing debt to \$14,592,000, leaving a net debt of \$38,775,000. At present there is owing to the Bank of Commerce the sum of \$4,265,000. The government still has power to borrow, under various loan acts, \$9,546,690.

Sir Henry Optimistic

Optimism, based on a splendid October showing of the Canadian National Railways and also on the good prospects for the balance of the year, was expressed by Sir Henry W. Thornton, chairman and president of the board of the Canadian National, on his arrival in Winnipeg this week. The grain movement, Sir Henry stated, had eclipsed all previous records, the net earnings of the company during October showed an increase of over \$5,000,000 as compared with the same month last year, and two of the best months of the year were yet to be entered upon.
