FLOWER SERVICES HELD

The annual flower service in Hazelton United Church on Sunday night last was well attended and was of a very interesting nature. The building was artistically decorated with greenery, gladiolus, sweet peas, asters and cosmos. Mr. Newick had carried out the decorations, assisted by Mr. and Mrs. Kincaid, Mrs. Tomlinson, Mrs. Wright and Mrs. Langlands. Mrs. Kincaid presided at the organ in the absence of Dr. L. B. Wrinch. During the service Mr. Newick sang the hymn "Sometimes a Light Surprises," and Mrs. A. E. Falconer sang "In the Garden," very appropriate for the service and with the talk Mrs. Wright gave on "Gardens." Most of the children of the Sunday school were present and sang their hymn "God sees the Little Sparrows fall" in memory of their recently departed playmate. The service next Sunday will be in charge of Mrs. Wright, both at New Hazelton and Hazelton and the topic will be "Happiness."

MOTORED FROM FRANCOIS LAKE

On Sunday last Jack Stanyer, Mrs. Stanyer and Miss Mary Stanyer of Francois Lake motored to Hazelton to visit Mrs. Allen Benson and family. Mrs. Benson is a daughter of Mr. and Mrs. Stanyer. While here they called on other friends in the district. Mr. Stanyer reports conditions here too good in the lakes district and he did not expect there would be much doing in the tie business this year. He referred to a forest fire which has been burning out there for several weeks and is still going strong. Hundreds of thousands of ties and millions of feet of spruce timber have already been destroyed. Mr. and Mrs. Stanyer returned to the interior Monday and intended stopping at Telkwa until Monday night or Tuesday morning and then proceed on to Francois Lake. Miss Sutherland returned to Hazelton last week ready to open school on Tuesday.

On the trip south by motor Rev. T. H. Wright and his daughter, Miss Marian, called on Mrs. Sutherland at Ashcroft, mother of Mrs. Kincaid, and also spent a night each at Fraser Lake and Quesnel. They had a good trip down.

Elevator Will Be Installed at New Hospital

At a meeting of the board of directors of the Hazelton Hospital on Saturday night it was decided to have an elevator placed in the hospital at the present time rather than waiting until later on. When the contract to build the new hospital was let the elevator had to be struck out in order to get the building costs down to the amount of money available. Since then other monies have been procured and the elevator, which is very necessary, will be installed. The secretary was instructed to have this work done at once. The money is being provided as follows:—One third of the required some from the Indian Department at Ottawa, \$2,000 from the Provincial Government, and the balance from Dr. H. C. and Mrs. Wrinch. The contract price for the elevator is about \$3,750.

During the week gone by the work at the hospital has progressed very satisfactorily and plumbers, steam fitters, electricians, plasterers have been added to the crew of carpenters. All these men are first class mechanics.

When the hospital is finished there will be available two balconies the full length of the south side of the building for patients. The original plans did not provide for a balcony for the third floor, but by putting a moveable floor over the tar and gravel roof of the original balcony, and one or two other minor changes the additional space has been provided and at no additional cost.

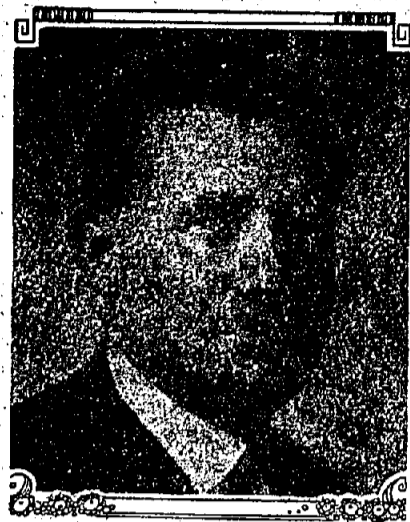

Work is under way on the new power house and the new plant has been ordered and will be here before long.

In connection with the financing of the elevator for the new hospital it might be mentioned that while the Indian Department at Ottawa promised one third on condition that the church and the provincial government gave the other two thirds, that Dr. Wrinch pointed out to the Provincial Secretary Hon. Mr. Howe, that it would be quite impossible to go to the United Church at this time for a further contribution due to the heavy commitments that organization already has, and due to the financial situation. The Provincial Secretary then increased the contribution from the provincial government to \$2,000 leaving only a balance of something over \$400. This amount has been made up by a donation from Dr. and Mrs. Wrinch who made the contribution through the church. This was done instead of furnishing two wards.

AT TELKWA BARBECUE

Quite a number from this district spent Labor Day at Telkwa and attended the festivities at that point, including horse racing, a ball game between Prince George and Smithers, of course the dance at night. The bucking contests and steer riding this year were withdrawn. Prince George won the ball game. The attendance this year were not quite as large as in the past, either on the grounds or at the dance. The day was an ideal one for the sports and those who were in attendance generally report a good time.

Mrs. M. E. MacKay leaves Thursday morning for her home in Vancouver after a holiday in Hazelton. Her two daughters, Jessie and Marian, left last week for Vancouver.

Olof Hanson, M. P., who has gone to Ottawa for the opening of the special session of Parliament to deal with the unemployment situation.

More Canadian Cars Cross to United States

Washington—The good roads, the fine hospitality of the Canadians, the beautiful scenery and the quaint foreign atmosphere of parts of Canada will always lure the traveller to the land of "The Lady of the Snows," said Seymour Lowman assistant secretary of the treasury, who, by virtue of his office supervises the border patrols operated by the coast guard and the bureau of customs.

Mr. Lowman was basing his address on the work of the coast guard and in the course of it said that "some idea of the task of guarding our borders can be seen by recalling the fact that exclusive of the Great Lakes, the distance to be covered is 4,500 miles. To be exact it is 2,839 miles along the Canadian border and 1,677 miles on the Mexican border."

"In proportion to population more Canadian cars enter the United States than American cars enter Canada," he continued. "This is partly accounted for by the fact that many Canadians work in the factories on the American side and cross over and back every day. It is estimated that 25,000,000 people and 7,000,000 cars will cross the border this year. Some attribute this enormous travel to the supposed American thirst for booze. The records show that less than three out of every hundred American visitors qualify as buyers."

This is just some more hot air.

VISITORS FROM PRINCE RUPERT

Mr. and Mrs. S. E. Parker and two children arrived in New Hazelton on Friday afternoon after a motor trip on Vancouver Island and then from Vancouver over the Pacific highway to New Hazelton. They spent a day at Smithers where they took in the fair. They shipped their car to the coast and proceeded home by train on Saturday morning. They report having had a wonderful trip and are convinced that the best part of the world for sightseers and holidaying is right in British Columbia. Even though Mr. Parker is not an enthusiastic supporter of the present provincial government he admitted that great work is being done on the roads of this province. He is looking forward to the time when he will be able to motor out of Prince Rupert and not have to ship the car over the railway.

Mrs. Cary and family are going to the coast tomorrow on a holiday.

George Chappell Was Drowned Bulkley River

George Chappell, the 10 year old son of Mr. and Mrs. A. D. Chappell, was drowned in the Bulkley river on Wednesday afternoon last while bathing with several companions. Up to the time of this writing the body had not been recovered.

The afternoon had been very warm and George, along with several other chaps his own age and with a couple of ladies of the town went down to the slough to bathe. George and one of the other boys were playing with a plank on the Bulkley side of the slough and did not notice that the plank was getting too close to the fast water of the Bulkley. The other boy jumped and called to George to do the same but George did not jump soon enough. He landed into the fast water and was carried away. He was not much of a swimmer and had no chance, neither did those on shore have much chance to render assistance. The alarm was given in town and men went down to drag the river and to search the shore and bars. Boats were used, but no trace could be found.

The deceased is survived by his father and mother and one sister, Miss Vivian. The family is well known in the community, being among the oldest residents, and much sympathy is expressed for them in their sorrow.

Cliff Warner and Miss Large of Smithers, both of who are well known around here, will be married tomorrow morning at Smithers. They will take a motor trip south following the ceremony.

Mrs. Sault was in Smithers last Thursday as judge of the art exhibit, the school work and the art exhibits.

Miss Pillsbury arrived Monday evening from Prince Rupert to resume her duties in the primary grade in the New Hazelton school.

The schools are now all open and in full swing for another year.

Word has been received that Mrs. Geo. D. Parent who went to Vancouver last week is now in the hospital in that city suffering an attack of pneumonia.

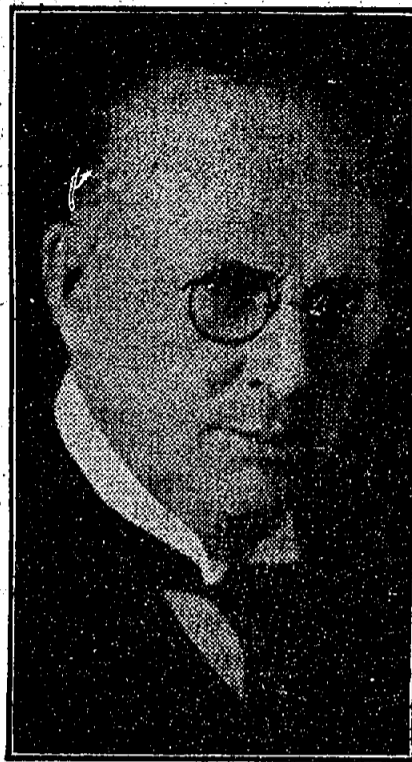

Miss Haines, R. N., gold medalist of New Westminster, arrived this week to succeed Miss Johnston as supervisor at the Hazelton Hospital.

Mrs. Smith of San Francisco, who was visiting in Vancouver, arrived in Hazelton to spend a time with her sister, Mrs. A. D. Chappell.

Mr. and Mrs. Fitzsimmons and their daughter motored from Tacoma and are guests of Mr. and Mrs. Newman at Two Mile.

Wm. Grant has been appointed as a commissioner to receive applications for bounties from the provincial government for timber wolves, cougars and coyotes.

There has been a wonderful run of salmon of all species this year. At the Hagwilget canyon where the fish are usually detained a short time to figure out a means of getting over the rocks, there has been a fish jam for some time. From the old high level bridge one can see a black mass of fish struggling to make the grade. It is a sight that attracts spectators.

Hon. R. P. Bennett, the new prime minister of Canada, whose first session of Parliament will open on the 8th of September and its chief mission will be to solve the unemployment in Canada.

PRATT-HOLKENBERG

On Saturday afternoon at two o'clock, August 30th, Rev. L. Bannister, rector of St. Peter's church, Hazelton, performed the ceremony which united in marriage David Pratt, son of Mr. and Mrs. David Pratt, Skeena Crossing, to Mary Anna Holkenberg, daughter of Mr. and Mrs. D. Holkenberg of South Hazelton. The bridesmaid was Miss Francis Pratt, sister of the groom, and Jack Downey was best man. Following the ceremony a reception was held at the home of Mr. and Mrs. M. Myros, after which the happy young couple left by motor for a trip to Burns Lake and on to the Babine district. The bride wore a long ivory satin gown with veil and orange blossoms. She carried a shower bouquet of gladiolus. The bridesmaid wore a Nile green georgette gown and carried a bouquet of sweet peas and asters. Little Monna Raybone was flower girl. The church was nicely decorated with flowers for the occasion and the ceremony was witnessed by friends of the contracting parties. The young couple will make their home in Hazelton.

Some dogs from Hagwilget have reported as annoying poultry and pigs belonging to people living near the Hagwilget reserve.

Miss Johnston, R. N., who has been on the nursing staff of the Hazelton hospital for some time, has gone to Victoria where she will be with her parents for a time.

W. J. Larkworthy returned home last week after a trip to Vancouver.

On August 25th an Indian at Moricetown caught a coho salmon carrying a government tag.

Miss Ford of the hospital staff was on the sick list recently.

The W. A. to the H. H. will meet on September 9th and will complete the plans for the annual shower which is to be held on Sept. 19th. Notice of this will be published in a later issue.

Mrs. Langlands returns tomorrow to Vancouver after visiting with Mrs. John Newick.

ONE GREAT DOCTOR

Dr. Hutchison, F.R.C.P., of London, Eng., who is attending the British Medical Association at Winnipeg, had this to say about dieting and food fads "Eat moderately, taking an ordinary mixed diet and don't worry about anything else—take no thought of what ye shall eat or drink is wiser than to be always fussing over it. Likes and dislikes, however, should be listened to; they are nature's indication of what probably agrees or disagrees. Leave raw vegetables, except salads, to herbivorous animals and let the calories look after themselves," he said. "Don't scrape your inside with much roughage as it is more likely to do harm than good. Fruit is not very nourishing. Milk is bulky and bilious. Vegetarianism is harmless enough, although it is apt to fill a man with wind, and self-righteousness."

The report being circulated through the interior that it is only those who lost heavily in the recent election are responsible for the movement to unseat Olof Hanson, is all bosh. So far as can be learned there were no big beats made, and most of those who did loose on the local contest recovered their losses on the Dominion results. The move to upset the election is genuine and based on evidence received from various parts of the riding.

J. C. Brady left last Friday for Ottawa to meet Hon. R. B. Bennett, the new premier. Mr. Brady, while defeated in the recent election, still has the interests of the country at heart and he will do some good work for the riding while in the east. He has been offered several seats in the House by members who were elected, but he is not accepting those offers.

The committee in charge of the protest movement have everything ready to forward to Ottawa as soon as the Canada Gazette is received with the official acknowledgment of the election of Olof Hanson. The committee has been supplied with ample evidence to carry the election protest through successfully. Additional evidence is being received almost daily.

One splendid piece of road work is being done on the New Hazelton side of the high level bridge and when it is finished it will have been finished for all time. That piece of road is quite as important as the construction of the bridge. It will be wide, have a very low grade and traffic can be seen for about half a mile. One thing this part of the country has always suffered from is unfinished and temporary roads (anything to get over the territory). The policy adopted by the present government is apparently to do good work as they go along and save many thousands of dollars on repairs, relocating, rebuilding, or discarding altogether roads that never could be roads.

They cure scotch people from stuttering by making them talk over the long distance telephone.

Couldn't you use this new song in your movie?

No. It don't theme very good.

Vote to Close Liquor Stores Beer Parlors

The special meeting of the Board of Trade held on Tuesday evening of last week turned out to be a very lively affair. The meeting was called for the purpose of deciding on resolutions to be submitted to the Associated Boards of Trade meeting to be held in Prince George on Sept. 3 and 4. Mr. Riley presided at the meeting in the absence of the president, E. T. Kenney.

The cause of the excitement was a resolution introduced by Rev. H. T. Allen urging the Provincial Government to shut down the liquor vendors' stores and the beer parlors during the winter months in order that the money usually spent in liquor could be devoted to lessening the distress occasioned by unemployment. Mr. Turner vigorously opposed the resolution and there was a keen discussion. When the resolution was put to a vote it was a tie and the chairman was called on to vote. He declared in favor of the resolution.

A second resolution put forward by Mr. Halliwell pointed out that the product of the two cent additional tax on gasoline was being used for smoothing the surfaces of roads, and as there were no such roads in Central B. C., the tax was unfair on this territory. The resolution asked that compensation be asked for by the increase of the customary road allowance in Central B. C.

Mr. Blackaby urged that the Associated Boards make an investigation into the income of the provincial government from the area of the local boards, and also into the amount spent by the government in the same area. He was satisfied that the whole of Central B. C. was badly neglected.

Mr. Turner moved that the government be urged to borrow money for the purpose of completing the Prince-Rupert-Prince George highway at the earliest possible moment.

These resolutions were all passed to be forwarded to the Associated Boards of Trade convention.

Asbestos production in Canada during 1929 set up a new high record, according to the finally revised figures of the Bureau of Statistics. Shipments in 1929 amounted to 306,055 tons, valued at \$13,172,581, an increase of 12.1% in quantity and 17.2% in value as compared with the previous year. The average value received by the operators was \$43.04 per ton, compared with \$41.16 the previous year.

Nipigon trout, known all over the continent as the gamest of game fish, are coming into the spotlight again according to reports from the famous Ontario resort where the annual contest for the largest speckled trout is now in full swing and will continue until September 14. The best entry to date is a 5 1/2-lb. fish, measuring 22 inches in length and 14 in girth taken with a single spinner with fly, on a 9 1/2-foot rod, by Edmund Stalter, of Paterson, N. J., July 29.

East and West, Orient and Occident, will meet in the British Empire Piping competition, one of the most important of the new features to be introduced at this year's Highland Gathering and Scottish Music Festival to be held at Banff at the end of August. Pipe-Majors John Clark and E. L. Collins of the Royal Scots Regiment of Scotland, of which Princess Mary is Colonel-in-chief, will come from the British Isles, while Pipe-Major W. C. MacKie of the Scottish Company of volunteers is on his way to Banff from Hong-Kong.

Prospects for increased earnings during the fall months are good and directors of the Canadian Pacific Railway have no intention of reducing the dividend, said E. W. Beatty, chairman and president of the company, recently in reply to rumors that the dividend might be cut.

Nowadays the world moves on rubber and this does not apply to automobiles alone. According to a recent return of the Canadian Government the people of Nigeria in June bought 300 pairs of shoes with rubber soles from Canada. Barba-

GRANT VESSELS TO REFINE OIL FROM WHALES

Two ocean going whale oil factories, which will be the largest of their type afloat, capable of producing approximately 1,500 barrels of oil daily, are to be constructed for Norwegian whaling companies. The order has been placed with the Furness Shipbuilding Company, Ltd., of Haverton-Hill-on-Thames. The ships will be of about 21,500 tons dead weight and cargo capacities of 9,500 to 10,800 barrels of whale oil are spoken of in connection with the new vessels.

Smithers Fair Drew Big Crowds For Two Days

A List of Prize Winners

The Smithers fair attracted the usual large crowd last week for a couple of days. The directors provided a very good program for the entertainment of the visitors, such as a baseball game between Hazelton natives and Smithers, which resulted in a win for the home team, horse races, football between the Klispox Indians and Smithers, a merry-go-round, shows, etc. With times not too good and a poor crop generally throughout the interior, the attendance at Smithers fair was better than might have been expected.

The biggest surprise, however was that so much farm produce was produced for the inspection of the judges. Quality was there even though the quantity was down somewhat. In the domestic departments the entries were quite up to the usual and in home cooking, canning, etc., the judges took an extra long time to complete their work. The fancy work was well up to other years while the display from the school children was away ahead of any previous years and in future the directors will have to make more classes for the different grades or cut out some of the classes. The flower department did not show any increase.

In the live stock classes there has been a steady increase from year to year. There is room for a great increase in all sections of live stock and the Bulkley Valley should show more stuff. Horses, cattle, swine and poultry should be big shows at Smithers. If the show was later in the fall no doubt there would be a much heavier entry list.

The Evelyn Farmers Institute made a very creditable display of farm produce. It helped out the grains and grasses department very much.

The prize list for the fair was as follows:—

Uniform Laws For Provinces Will Be Sought

Ottawa—Renewed efforts to secure inter-provincial uniformity in laws are expected to follow the change in Government at Ottawa.

Some progress in this direction has been made during the past two years but the successes achieved cover a very minor fraction of the laws in which uniformity is considered desirable.

Property company, insurance laws, motor laws, compensation acts and social legislation are all within the scope of statutes in which uniformity is as desirable it is held, in the interests of the public as of parties immediately concerned.

With respect to civil law Quebec under the Code Napoleon, has always presented difficulties to national un-

iformity. Law officers who have studied the subject, however, believe that a great deal more in that direction may be achieved. It is being suggested that when progress with Quebec has been exhausted the other provinces continue their efforts in the same direction.

Uniformity will, it is claimed, very materially reduce litigation, simplify the conduct of inter-provincial business and result in important savings in legal fees by the public.

Steak-A Jewellery salesman named Hamburger was robbed of \$1000,000 by New York Bandits. We are still waiting for someone to rise and remark that they got the gentleman's stake.

Sock! "A sharp nose indicates curiosity," says a physiognomist. Yes, and the flat one may indicate too much curiosity.

Short Stories Close to Home

The House of Commons at Ottawa will be opened on Monday next for the purpose of dealing with the unemployment question and the future prosperity of Canada. Already some nice work has been done by the new government towards assisting Canadian producers and much more is to follow.

For a couple of weeks a fire has been burning in the Nash section and while at first it was a small affair, and at one time believed under control, it has, during the past few days become a big fire and has covered a wide area. With the very hot weather and the very dry ground there is telling where the fire will stop. At one time it was an easy job to put it out and keep it out.

The Prince Rupert railway employees soft ball team went up to Smithers Saturday night to play the Smithers team and the Prince George team on Sunday. The winners of that series will go on to Kamloops to meet the best team in that district.

The annual meeting of the Associated Boards of Trade of North British Columbia are in session at Prince George this week.

It is expected that McIntosh Bell, the chief factor in the Duthie mine, will be in Smithers shortly for the purpose of holding a meeting of the company to decide on the future operations of the company at the Duthie mine. An effort will be made to carry on at least some development during the winter months.

Capt. John Willman of Usk who is in charge of the Columario property, and who was also in charge of the prospecting program of the Copper River Exploration Co., spent the week end in the interior.

A meeting of the Columario Co. is to be held in the east shortly to decide on future operations. The work as mapped out for this year has been completed and there is, it is believed, ample ore in sight to warrant the installation of a mill immediately and it is expected that policy will be carried out.
