LIBRARY  
BOSTON UNIVERSITY  
SCHOOL OF MEDICINE

F r o m   t h e   A L U M N I   F U N D   C H A I R M A N

In 1968 you gave the largest dollar total to the annual ALUMNI FUND in its twenty-one year history. The substantial increase in the Century Club was most gratifying; 25 percent of the donors became members. That group was responsible for the increase in the average gift. Had participation kept pace with these other accomplishments, we could all take greater pride in the final results.

With the added income last year your Association was able to reduce its Library Building pledge at a faster rate than was originally contemplated. At the same time it was possible to give assistance to more student programs. Your continued cooperation will provide for further expansion of many services to the School of Medicine, its Alumni, Faculty and Students.

Because the FUND is now conducted on a calendar year basis, many donors review their income tax liability before the end of each year and discover that it can be advantageous to make larger contributions to the B.U.S.M. ALUMNI FUND; we hope that you will investigate this, too.

May I, once again, express thanks on behalf of the Fund Committee to you and the Fund Captains for assuming your share of the considerable burden in this annual campaign. We are all grateful for your fine response.

Murray M. Freed, M.D. '52

F r o m   t h e   P r e s i d e n t

This year end report of the 1968 Annual Alumni Fund is testimony to the generous response on the part of a loyal group in a voluntary effort. This year not only have our members contributed \$40,000 to the Annual Fund, but they have given over \$45,000 directly to Building Campaigns for the new classroom facility and the three-floor Library. Total Alumni support to the School of Medicine in the last ten years amounts to approximately one half million dollars. Add to this the many hours a dedicated group of Alumni has given as members of the Faculty and you know why the Officers and Directors of the Alumni Association enjoy being your representatives and your spokesmen; we are proud of the affiliation.

Your unrestricted gifts have, among other things, provided financial aid to students and permitted sponsorship of many undergraduate activities as well as generous donations to several programs undertaken by the School itself.

Our challenge at the present time is the completion campaign for the Library which I am happy to announce will henceforth be known as the ALUMNI LIBRARY, approval for which was voted by the Trustees of Boston University in February, 1969.

To all of you, donors, Class Captains, and the Fund Committee, I extend my sincere appreciation for the encouragement you have given in the past. We hope that we will continue to receive your support.

Charles D. Bonner, M.D. '44
