MINUTES OF THE MEETING OF THE BOARD OF REGENTS  
Murray State University  
September 7, 1985

The Board of Regents of Murray State University met September 7, 1985, for the summer quarterly meeting, in the Board Room, Wells Hall, on the campus of the University. The meeting was called to order at 10:05 a.m., C.D.T., by Chairman William E. Beasley. Reverend Clarence Helmich, Pastor of the Immanuel Lutheran Church, opened the meeting with prayer.

The following members were present: Mr. William E. Beasley, Mr. Richard L. Frymire, Dr. Melvin Henley, Mrs. Irma LaFollette, Mr. Andy Logan, Mr. Wendell Lynch, Mr. Jere McCuiston, Mr. Frank Nichols, and Mrs. Virginia Strohecker. Mr. James W. Cooke was absent. The Chairman stated a quorum was present to conduct business.

Present for the meeting were Dr. Kala M. Stroup, President of the University; Mrs. Patsy R. Dyer, Secretary of the Board; Mr. James E. Cofer, Treasurer of the Board and Vice President for Finance and Administrative Services; Vice President for Academic Affairs James L. Booth; Vice President for Student Development Frank Julian; Vice President for University Relations and Development David Perrin; University Attorney James O. Overby; Director of Development Don Kelly; Assistant to the President Cathy Cole; Dean of the College of Industry and Technology Ken Winters; Dean of the College of Education Janice Weaver; Student Government Association President Willis Davis; Staff Congress President Joe R. Dyer; Faculty Senate President Dick Usher; Alumni Association President George Long; members of the news media, and visitors.

Chairman Beasley introduced Joyce and Bill Logan, parents of Andy Logan; and his father, Mr. J. L. Beasley.

Oath of Office Administered to Andy Logan

Mr. Andy Logan was elected by the students of Murray State University to serve as the Student Regent inasmuch as the President of the Student Government Association is a non-resident student. William A. (Bill) Logan administered the Oath of Office to his son, William A. (Andy) Logan, II, whose term of office is July 1, 1985, through June 30, 1986.

Minutes of the Meeting of the Board held June 24, 1985, Approved

Mr. McCuiston moved that the Minutes of the Meeting of the Board held June 24, 1985, be approved as received. Mrs. Strohecker seconded and the motion carried.

Report of the President

President Stroup introduced Willis Davis, President of the Student Government Association; Joe Dyer, President of the Staff Congress; and Dr. Dick Usher, President of the Faculty Senate.

President Stroup stated that after the Board retreat in June, the Cabinet has proceeded with planning; and with all the vice presidents and deans in place for the first time in four years, we feel a spirit of optimism and stability to begin the new year. Some of you have experienced the fine efforts of David Whitmire and Jim Cofer since they have joined the team and the significant contributions they have made.

We have opened the school year with several significant events:

A) August 19, was the Council on Higher Education hearing in Murray on the Strategic Plan with nine Council members attending. Approximately 300 people attended the hearing, and a full transcript of the hearing in Murray and summary transcripts of the other hearings throughout the State have been received and are available in the President's Office for any of you who wish to read them.

B) August 20, we held the Faculty Luncheon and welcomed new faculty to the campus. On this occasion, I make the State of the University address and outline the things we have accomplished during the past year and things we intend to accomplish this year. You were mailed a copy of the full text. The first three pages provide a summary of what we did last year, including Board approval of the Strategic Plan, the Affirmative Action Plan, and the reorganization of the Finance and Administrative Services area. Also included are the reaccreditation of the University by the Southern Association of Colleges and Schools, the establishment of the Regents Awards for Teaching Excellence, renovation of Wilson Hall and the Carman Pavilion, adjustments in salary for full professors, the study of cost containment measures in the Intercollegiate Athletics program, adoption of more stringent admission guidelines, and the raising of \$4.5 million for the Boy Scouts Museum.

The second part of the address is a discussion of what the President believes is important for us to consider this year. Pages 8 and 9, includes some of those areas: a) that we make a stronger statement on the set of knowledge, capabilities, and skills that we expect our students to have prior to issuing the baccalaureate, especially in the area of writing and language usage skills, b) that we acknowledge the possibility that for the professional degree, we should look at 136-140 hours or a five-year program, c) that we may consider having two sets of degrees--the B.A. and B.S. with 124-134 hours and the professional degree with 136-140 hours, and d) that we look at the expectation levels of mathematics, computer literacy, and language studies.

The last part of the speech includes things in which you as a Board are now involved, such as the encouragement in the preparation of our biennial budget to put a major thrust on faculty and staff salaries; we must put forth our energy for that goal this next year.

I want to tell you I am pleased with the quality of our faculty and for your information, I am distributing a listing of the new faculty with credentials noted. I am excited that on the campus this year, for the first time, we will have an international scholar in each college.

Murray State is one of seven universities in the country that was recognized for the Mitau Award. This is a national award and based on innovation in higher education, and the group on our campus that won was the Center for International Education.

Our fall enrollment was more stable than we had anticipated. At the end of the 10th day, the data indicate we are up in headcount and in graduate students, and we are down in new freshmen, out of state students, and FTE (full-time equivalent) students.

President Stroup introduced Dean Jan Weaver, College of Education, and reviewed her credentials.

She stated during the past year the Faculty/Staff Committee of the Board, which Mrs. Strohecker chaired, and the Staff Congress discussed means of recognition of staff individuals. One of the recognition activities was presenting pins to individuals who have given 15, 20, 25, and 30 years of service to Murray State University. President Stroup stated during the past two weeks she has gone to various worksites and presented the pins. For the record, the staff individuals who have given at least 25 years of service are

Margaret White, Bill Furgerson, Johnny Reagan, Charles Outland, Mildred Hodge, and Patsy Dyer, and those who have given at least 30 years of service are Catherine Purdom, Naomi Rogers, Ann Page, Vivian Hale, and Martha Guier.

President Stroup called to the Board's attention two programs at the University which deserved special recognition. The first is the Trio Program, which is comprised of 1) Upward Bound, 2) Special Services, and 3) Talent Search, and complimented Dr. Barbara Keel Osbron, Director. Upward Bound is a nationally funded program on a competitive basis and Murray State has received funding for twenty years. This program selects economically disadvantaged, physically handicapped, and potential first-generation college students and works with them so that they want to attend college and achieve their goals. Over 90% of the Murray State Upward Bound students enter college. In 1974, the second component of the Trio Program was added--Special Services. This part of the program works with college freshmen and sophomores in tutoring and academic counseling, trying to keep high-risk students from dropping out of college. Murray State works annually with over 125 students in this program. This year is the first time we added the last of the Trio Program--the Talent Search. In intense competition, we won the Talent Search Program and this part is a networking of local governmental agencies and philanthropic organizations that help high school students prepare and pursue all types of post-secondary education. We will be working with over 600 Jackson Purchase high school students in making sure they achieve their potential.

The second program is the Adult Basic Education program which is recognized as one of the top two of 130 programs in the State. We are now competing for the award from the U. S. Department of Education for the most outstanding Adult Basic Education program in the nation. The Adult Learning Center works with sign language programs, second language instruction, home bound, adult literacy, and employability skills.

We have received a grant in the amount of \$49,000 from the U. S. Information Agency for the BELCAST College program in Belize.

Later today, we will be sharing with the Board what we are doing in presenting our needs to legislators, what the alumni network is doing, what the Ashland Oil Company program is, and what the Murray-Calloway County initiative is on the Industry and Technology Building. Today, we will have thirteen legislators with us and need the assistance of the members of the Board.

(See Attachment #3)

Resolution of Appreciation for Richard L. Frymire

Mrs. LaFollette moved that the following resolution of appreciation for Richard L. Frymire be adopted:

WHEREAS, Richard L. Frymire served with distinction as Chairman of the Board of Regents of Murray State University from September 1982, through June 1985, and

WHEREAS, he accepted the position at a difficult time in the history of the University and his strong and positive leadership enhanced the University's continued quest for excellence, and

WHEREAS, his dedicated service to the Board contributed significantly to the improvement and advancement of the University in its efforts to service the educational needs of the citizens of West Kentucky and the Commonwealth, and

WHEREAS, he guided a nation-wide presidential search that contributed substantially to stabilizing the University, and

WHEREAS, his conscientious and devoted service to the University as Chairman reflected an unselfish willingness to expend both time and energy in working toward the betterment of the University, and

WHEREAS, he demonstrated outstanding leadership and functioned as an effective advocate of the University's needs and programs while Chairman.

NOW, THEREFORE, BE IT HEREBY RESOLVED that the Board of Regents of Murray State University expresses its gratitude to Richard L. Frymire for his noteworthy leadership and faithfulness to his responsibility as Chairman, and

BE IT FINALLY RESOLVED that the Board wishes him continued success as a member of the Board and as a member of the University community.

Mrs. Strohecker seconded and the motion carried unanimously.

Report of the MSU Alumni Association

Mr. George Long, President of the Murray State Alumni Association, reported for the Association that alumni chapter meetings have been held this summer in Washington, D. C., the Pennyryle Chapter in Hopkinsville, and Ohio Valley Chapter in Paducah; chapter meetings are planned this fall in Nashville, Huntsville, AL, and Memphis; and a chapter is being organized in St. Louis. He stated the Winner's Circle was held jointly by the University and the Alumni Association and honored scholarship recipients and donors. He added the Association is working with the Foundation on an annual fund drive and is establishing an alumni network with Jeff Green, Mayfield, as Chairman, to assist the University by being available for contacting members of the Council on Higher Education or Legislators on issues of concern to the University. He announced the Executive Council of the Association is meeting at 1:00 p.m., today, and will be reviewing an insurance program and appointing a committee to discuss moving the Association's office to another facility. Mr. Long stated Homecoming is October 4 and 5. He pointed out that the Association has come from negative funding in 1980 to assets of \$1,019,000, all of which are restricted except for \$41,000, of which \$8,000 is committed and the balance is earmarked for expenses. He welcomed all members of the Board to come by the meeting of the Executive Council.

President Stroup referred to the material relating to the Alumni Network which was distributed to the Board and added that approximately 100 alumni and friends have been identified and are being invited to a program on September 28, during which the University will present its needs and priorities and a brief training session on how best to bring these needs and priorities to the attention of legislators and others. She further stated that George Long and the Alumni Association have been very helpful in establishing this network.

Chairman Beasley stated this is a positive step, that he wanted to be involved in the network, and asked other Regents to become involved.

#### Committee Reports

##### Finance - Mr. Nichols

Finance Committee Chairman Nichols stated the Finance Committee met this morning and has the following recommendations to be considered by the Board:

##### Recommendation on Parking Regulations Fines

Mr. Nichols moved that the Board approve the following changes in the parking regulations of the University effective August 16, 1985:

#### E. Violations

1. The person to whom the decal is issued (whether faculty, staff, or student) is responsible for violations and payment of penalty charges.
2. Any person who violates traffic and parking regulations on campus shall be subject to the following penalties: (Violations are accumulated by semesters.)

Non-Registration	\$25.00
False Vehicle Registration	25.00
Fire Lanes	25.00
Restricted Areas	25.00
Handicapped Spaces	25.00
Service Vehicle Spaces	25.00
Official Vehicle Spaces	25.00
All other parking violations are	5.00

All fines are to be paid in the Cashier's Office, 2nd Floor, Sparks Hall.

3. After a third violation is issued, the violator will be sent a letter of warning. If a fifth violation is received, the violator will be sent a letter advising him/her of the total violations on record. A final letter will be sent to violators near the end of each semester.
4. Outstanding fines are to be cleared before registration may be completed. The University will not furnish transcripts or credits until all fines are cleared. Payment of outstanding faculty and staff parking violations is a prerequisite to registration of vehicles.

Mr. Lynch seconded and the motion carried.

##### Recommendation on Post Office Box Rental Rates

Mr. Nichols moved that the Board establish the following fees for post office box rentals at the University Post Office retroactive July 1, 1985:

Small Box -	\$10 per year
Large Box -	15 per year

Mrs. Strohecker seconded and the motion carried.

##### Disposition of Surplus Personal Property

Dr. Henley moved that the Board delegate to the Vice President for Finance and Administrative Services and Treasurer of the Board, the authority to review and approve disposition of surplus personal property as outlined in KRS 164A.575. Mr. McCuiston seconded and the roll was called with the

following voting: Mr. Frymire, yes; Dr. Henley, yes; Mrs. LaFollette, yes; Mr. Logan, yes; Mr. Lynch, yes; Mr. McCuiston, yes; Mr. Nichols, yes; Mrs. Strohecker, yes; and Mr. Beasley, yes. Motion carried.

#### Increased Academic Computer Support

Mr. Nichols moved that the Board authorize the reallocation of resources due to savings on purchase to increased academic computer support as outlined in the attached proposal.

(See Attachment #4)

Mr. McCuiston seconded and the motion carried.

#### 1986-88 Biennial Budget Request

On behalf of the Finance Committee, Mr. Nichols presented the following statement:

Murray State University's 1986-88 Budget Request establishes a direction for continued excellence. We are requesting specific dollar amounts based on well conceived plans.

Faculty and staff salaries constitute our three highest priorities. The Faculty Salary Equalization Plan, a request to raise Murray State faculty to five percent above the benchmark, the Staff Variable Compensation Plan, a request to make Murray State staff salaries competitive with those in the West Kentucky region, are second in priority only to a request for an additional five percent increase in salary dollars. Additional funds for scientific, laboratory, and computing equipment, funds to improve our library holdings, and to upgrade computer software systems are required to support modern instructional methods and stay abreast of changing technologies.

Murray's students have the highest ACT scores of any regional institutions in Kentucky. Excellent students require quality faculty. Therefore, we are requesting that the State participate in a Distinguished Professor Program. The State is requested to fund 1/3 of a distinguished professor's salary while private sources and a reallocation of University funds make up 1/3 each. The total State cost of all these proposals is modest--\$7.7 million over the biennium.

Vice President Cofer reviewed the proposal for the 1986-88 Biennial Budget.

Mr. Nichols moved that the Board approve the attached 1986-88 Biennial Budget proposal to be submitted to the Council on Higher Education.

(See Attachment #5)

Dr. Henley seconded and the roll was called with the following voting: Mr. Frymire, yes; Dr. Henley, yes; Mrs. LaFollette, yes; Mr. Logan, yes; Mr. Lynch, yes; Mr. McCuiston, yes; Mr. Nichols, yes; Mrs. Strohecker, yes; and Mr. Beasley, yes. Motion carried.

#### Discussion of the Council on Higher Education Strategic Plan

President Stroup stated she could not officially report on the Council's Strategic Plan because it is still in draft form. Last week, the Chairs of the Board of Regents and the Presidents of all the public universities were invited to meet with the Council on Higher Education to discuss the Strategic Plan. All parties agreed that we are aiming toward the same thing--the improvement of the State's public university system.

We agreed that we need at least to be funded at the level the Legislature and the Council on Higher Education in 1982 agreed to, that was when the State set for the guidelines that the formula would determine at least some way of asking for funds in the Legislature. The formula does not fund us at the level we want to be funded. It compares us to institutions like ourselves.

The measuring stick we use is how close we are to the median of the benchmarks. Funding to the mid-point of the benchmarks will cost approximately \$125 million over the next biennium.

The Courier-Journal article gave a report of what the Strategic Plan contained. Effecting Murray State University, let me say that the Breathitt Veterinary Center will remain with Murray State.

Of significance is the concept of the Centers of Excellence. It was agreed the concept is good, but until you get adequate funding, it is difficult to talk about Centers of Excellence. We agreed the presidents would work with the Council on Centers of Excellence on a long-term plan. In the meantime, each institution is encouraged to use the dollars we receive in the next biennium, after faculty and staff salary increases, to program quality improvement and all institutions agreed.

#### Meeting Recessed

At 11:33 a.m., the Board recessed for meetings of the Academic Affairs Committee and the Faculty/Staff Affairs Committee. The meeting reconvened at 12:40 p.m. Regent McCuiston left the meeting.

#### Committee Reports

##### Academic Affairs - Mr. Frymire

The projects and goals for 1985-86 for Academic Affairs of the University as presented by Vice President Booth were distributed.

At the request of the Committee, Dr. Booth stated that Murray State has agreements with five foreign countries and is pleased with the accomplishments of the Center for International Programs. He further stated that the Center for International Programs began without funding as a faculty effort about five years ago. In the last three years, with approximately \$250,000 in grants, the University began to organize the Center to internationalize our curriculum, formalize exchanges, and University funding has been provided this year in the amount of \$25,000.

Mr. Frymire moved that the Board adopt the following Statement on International Education:

The increasing interdependence of cultures and countries requires that universities prepare their students to function as citizens of the world. More than ever before, students need to acquire the knowledge, skills, and attitudes that will equip them for living in a global environment. In recognition of this need, Murray State University affirms its commitment to international education as an integral dimension of the University experience. Through its Center for International Programs and related efforts, the University supports and encourages the development of international content across the curriculum, the provision of opportunities for international experience for both students and faculty, the active and continuous exploration of international issues on campus, and the meaningful involvement in the life of the University of foreign scholars and students.

Dr. Henley seconded and the motion carried.

At the request of Mr. Frymire, Dr. Booth reviewed the process of the five-year program review by the University and the Council on Higher Education. He stated that throughout the years, institutions will have programs that come and go, depending upon student demand and the needs of that particular area. In the current review document, there are programs under "Registration, Voluntarily Suspended," that he called to the Board's attention for appropriate action. They are a) M.S. in Wildlife Management. Dr. Booth stated the University has a strong undergraduate program in wildlife management and will provide an option at the Master's level. b) Master's program in ecology. Our students can get an option in ecology in the Master of Science in Biology. c) The University is requesting the suspension of the B.S. in Engineering Technology, General. The technology degrees are specific,

and we recommend withdrawing the general degree. d) We would also like to withdraw the A.S. in Chemical Technology. This is a two-year program, and our students, to be employable in this area, need the four-year program.

Mr. Frymire moved that the Board approve the voluntary suspension of the M.S. in Wildlife Management and the M.S. in Ecology, and withdraw the registration for the B.S. in Engineering Technology, General, and the Associate of Science in Chemical Technology. Dr. Henley seconded and the motion carried.

#### Athletic - Dr. Henley

Dr. Henley stated that the Athletic Committee met August 31, 1985, and received the Report of the Commission on Intercollegiate Athletics and heard highlights of the Report from the Commission Chairman and Vice President Perrin.

On behalf of the Athletic Committee, Dr. Henley moved that the Board receive for review the Report of the Commission on Intercollegiate Athletics at Murray State University and call for comments in writing on the Report to be addressed to the Chairman of the Athletic Committee of the Board, and further that the Report be listed for action by the Board at its meeting scheduled for November 16, 1985.

Mr. Nichols seconded and the motion carried.

For information, Dr. Henley stated there are some misunderstandings regarding the \$110,000 in "uncollected" students fees. He stated that in paper tracking, these funds were not removed from the actual cost figure, which would lower the figure to approximately \$650,000. The funds were available to athletics; they were not paper-tracked for audit purposes.

Dr. Henley stated the President of the Racer Club has made a request to address the Board regarding shifting athletic costs into the external sector and asked that the Board recognize Dr. Richard Stout for that purpose.

Dr. Stout stated he comes to the Board as a graduate in chemistry and biology of Murray State University, as a former athlete, and as past and present President of the Racer Club. He stated he accepted the presidency of the Racer Club with the understanding that all concerned with athletics were headed in the same direction. He stated no one on the outside can work hard enough to have the type of athletic program we want without the consent of the full Board of Regents.

He added that Murray State is one of the finest schools in the country, academically and athletically, that they both are very important to the University and to this region, that the athletic program is the major marketing arm of the University, that athletics are where we get visibility. He stated that the athletic deficit is small compared to what the University gets in return, that all universities in Kentucky have the same problem, that we must go to more private funding both in academics and athletics. He stated that we must go out and get the money through advertising and visibility. To address the problems of funding athletics, Dr. Stout offered the following solutions:

1. Hire an athletic fund raiser using endowment money.
2. Increase Student Activity Fees.
3. Establish Racer Clubs in 15 counties.
4. Increase TV revenue, sponsors, and exposure.
5. Increase paid attendance to football games.
6. Sponsor two major outdoor concerts.

#### Faculty/Staff Affairs - Mr. Lynch

Mr. Lynch stated that the Faculty/Staff Affairs Committee has met and has a recommendation for the Board's consideration.

Mr. Lynch stated that the Counseling and Testing Center has been offering services only to students and that the Committee recommends the services of the Center be extended to employees of the University. He further stated this will not necessitate an increase in employees or cost to the University.

Mr. Lynch moved that the Board approve the extension of the Counseling and Testing Center services to Murray State University employees.

Mrs. Strohecker seconded and the motion carried.

President, Complimented

The President was complimented by Mr. Frymire on her remarks at the Council on Higher Education hearing and on the State of the University address, and Mr. Beasley complimented her on the meeting in Frankfort of the Board Chairs, the Council on Higher Education, and the Conference of Presidents.

Meeting Adjourned

There being no further business to come before the Board, Mr. Logan moved the meeting be adjourned. Dr. Henley seconded and the meeting adjourned at 1:13 p.m.

## NOTES:

- Note 1. Border County waivers of \$1,606,636 have been included as tuition revenue and scholarship expenditures. This amount is \$35,678 for Summer II, 1984, \$782,243 for Fall, 1984, \$714,017 for Spring, 1985 and \$74,698 for Summer I, 1985.
- Note 2. KTRS in the amount of \$1,499,998 is reflected as state appropriation and is distributed by functional category based on actual expenditures for the fiscal year.
- Note 3. Budget revisions for Prior Year Carryover are based on actual balances brought forward to date from fiscal year 83/84 of \$1,175,047 and \$100,240 for Educational & General and Auxiliaries respectively. Prior Year Carryover is not a 84/85 fiscal year actual revenue and will not be disclosed as a current year revenue in the year end annual financial report. The amounts are only disclosed for management and budgeting purposes.
- Note 4. Additional debt service in the amount of \$187,635 and \$119,966 for Con. Ed. and H & D respectively have been paid from excess reserves held by our trustee. The last debt service for H & D for fiscal year 84/85 has been made. The last debt service for Con. Ed. for fiscal year 84/85 has been made.

Statement of Current Unrestricted  
Revenues by Source  
Expenditures by Function  
and Other Changes  
Preliminary June 30, 1985

NOTES:

- Note 5. This source of budgeted funds is actually a non-mandatory transfer from Plant Funds to Current Funds, and at year end will not be disclosed as a current year revenue but disclosed as a increase in Current Fund's fund balance under section "OTHER TRANSFERS AND ADDITIONS/ (DEDUCTIONS)" in the STATEMENT OF CURRENT FUNDS REVENUES, EXPENDITURES, AND OTHER CHANGES.
- Note 6. The intrafund transfers from Con. Ed. to H & D are budgeted for Student Union Building fees and facility rental of \$51,250 and \$53,963 respectively. The essence of the two intrafund transfers is to transfer funds from Con. Ed. to H & D within the Current Unrestricted fund. Thus, the transfers do not increase or decrease the year end annual financial report's current unrestricted fund balance.
- Note 7. Outstanding Encumbrances as of March 31, 1985 for Educational & General and Auxiliaries are \$202,619 and \$11,778 respectively.
- Note 8. Revenues and expenditures do not reflect accounts receivable and some accounts payable as of June 30, 1985. The adjustments for receivables and payables will be reflected in the year end Annual Financial Report

## Proposal for Increased Academic Computer Support

In June the central-site computer upgrade project which was completed during the summer of 1984, was reviewed and a cost analysis was performed to determine whether it would be more cost effective to continue installment payments on the equipment or to pay the balance due using funds in the CERR fund earmarked for that project. The cost analysis showed that it was more cost effective to pay off the balance due, based on the fact that the interest rate on the installment payment to IBM was 10.25% and the interest rate being drawn by the CERR fund had dropped to less than 9%.

The decision was made to exercise the option to complete the purchase of the upgrade as of the end of June 1985. This has been accomplished. As a result of this action a significant savings was realized leaving a balance of \$32,132.57 in the CERR Computer Upgrade fund.

The following proposal addresses providing additional resources in response to academic computing requirements. The proposal addresses the improvement of access to, and peripheral support available to, the upgraded central-site computer.

The upgrade of the IBM 4341 computer from a Model 1 to a Model 2 resulted in a dramatic improvement in throughput and response time. In the year since the upgrade was installed two restrictions to even better support have been noted. These restrictions are in the areas of terminal access and disk storage. By purchasing the proper terminal equipment to make appropriate use of existing communications equipment and by purchasing additional disk drives to attach to the existing controller these bottle necks can be reduced.

It is proposed that:

1. Two additional IBM 3350-B1 disk drives be purchased to provide required disk storage in support of the data base management system recently acquired from IONA College and for direct access by students using the central-site computer system. The base management system is being installed to run under the MUSIC operating system and will be used primarily in the teaching of data base management principles. These drives will be purchased from the used computer market.

2. Fourteen IBM 3178C-20 terminals, IBM 3299 terminal multiplier, eight Lee Data Corporation 1214 terminals and eight coaxial cable eliminators be purchased to support academic computing. The communications controllers which service terminal access to the IBM 4341 support different types of terminals. One controller provides a low speed dial-up capability to students and faculty. The types of terminals which access this controller range from inexpensive terminals with limited capability to

personal computers used as low-speed, asynchronous terminals. The other controllers, one manufactured by IBM, and two identical pieces of equipment manufactured by Lee Data Corporation, support high-speed terminals which are permanently attached to the controller. These three controllers require that terminals manufactured by the vendor of the controller be used. The IBM controller, an IBM 3274-41D, requires that all terminals connected to it be connected via coaxial cable. The cost of installing coaxial cables between buildings on campus is significant, therefore the terminals which can access this controller must be located near an existing coaxial cable which terminates in the Business Building (North) or in the Business Building (North) where the controller is located. The Lee Data Corporation Model 320 controllers do not have this limitation as Lee Data Corporation markets a coaxial cable eliminator which permits the use of twisted pair cables which are part of the University telephone system. This proposal will make use of 14 presently unused access ports on the IBM controller, make use of a coaxial cable run and eight access ports which are used only during registration, provide eight additional terminal stations to students at a convenient location, the Curris Center, and make 14 Lee Data Corporation Terminals available for installation in other Academic Support areas such as College and Faculty offices.

The following table summarizes the estimated costs associated with this proposal:

<u>Item</u>	<u>Quantity</u>	<u>Unit Cost</u>	<u>Cost</u>
IBM 3750-B01 Disk Drive	2	1700.00	3400.00
IBM 3178-C20 Terminals	14	930.00	13020.00
