America's youth in crisis and the people trying to help them, with Bill Moyers

America's ability to compete in the world is compromised. As many as 550,000 students a year drop out, fail to graduate, or finish school unprepared for further education. They face lives of alienation, unemployment, and unfulfilled potential.

In a powerful 90 minute documentary, Bill Moyers probes this national tragedy and examines what's being done to stem the tide.

**John** has spent most of his teenage life in foster homes. He spent a semester and a half in jail because he thought he was that smart anyway.

**Madeline** Powers brought her two Massachusetts roommates and their kid brother to campus, but she failed to show.

**Michelle** left home at 15, worked at 16, and dropped out of school at 18.

This is a special opportunity to see how all Americans can make a difference.

Premieres Wednesday, January 16 at 8:00 PM

**Smiling With Hope Pizza**

Our aim is to employ and support people with developmental disabilities. For competitive work, we love our employees and care about the future that they have ahead of them. We are looking forward trying to get them up with safe housing, pension plans and paid vacations.

The New York style pizza we create is midsize size mid 20th century family pizzaria. Using hand-stretched dough and baking directly on the brick oven stones like the original pizzarias had down, the classic New York style is brought to the handmade and no ceasing pizzas from the handmade and no ceasing pizzas from scratch is enjoyable and requires some practice, but nobody is perfect and that's a goal as we try to create. Crafted with love and open hearts, we invite you to learn for yourself, how to make a homemade pizza.
