SEVEN HILLS WINERY

HISTORY

As one of the original five wineries of Washington State's Walla Walla Valley, Seven Hills is a big part of the growth of the appellation. Established in 1988, the winery has been making ageable, flavorful Bordeaux wines every vintage since. Producing less than 10,000 cases per year, winemaker Casey McClellan is focused on extensive training in California and Europe, and years of experience, on creating the finest express Northwest varietal possible. Winegrapes are sourced from older, well-regarded vineyards such as Ciel du Ciel, Klipsan, and Seven Hills. Recent years have seen Seven Hills expand their offerings to include cutting-edge blends and Riesling and Pinot Gris from some of the oldest plantings in the State. For affirmation of the valley's popularity, one only has to look at the over fifty wineries that now call the appellation home. Mer says, "We make wines from some of the top vineyards in the State that reflect the personality of the region's vineyard sites, showing a harmony of fruit and structure, graced by just enough oak influence to complement the wine".

ACCOLADES

Leading wine and food magazines seem to agree that Seven Hills is producing some of the most interesting enjoyable wines in the country. *Wine & Spirits Magazine* has twice named Seven Hills as an "Artisan" of the Year (2001 & 2002). *Wine Enthusiast* has listed their Reserve Cabernet among the top 100 in the year (2001). *Restaurant Wine* describes the Walla Walla Valley Syrah as "...exceptional...the best we have tasted from the Northwest..." (2001). *Food & Wine* includes them in their "Top Washington" Picks of 2002. *Gourmet, Fine Appetit, and Northwest Wine Press* have placed their Riesling, Syrah, C, Sauvignon, Merlot, and Vintage Red Wine blends among their specially recommended wines numerous in recent years (2001-2003). The *Wine Spectator* has generously praised the wines for years with max scores, taking special note of the exquisite quality value the brand offers.

CURRENT OFFERINGS

The currently available 2001, 2003 and 2003 vintages from the Pacific Northwest made wines of great ripeness, concentration, and color. The older vineyards and regions we source fruit from produce superbly fruit quality year after year. Please see a current product offering list and tasting notes for details.

SEVEN HILLS WINERY

Reviews and Awards

2001 - 2004

2001 Cabernet Sauvignon, Reserve, Walla Walla Valley

...Combines with the finest, current and most grape flavors, finishing with a fine, wispy texture that lets the flavors last and last. *Wine Enthusiast, November 2001, Score 91*

Classic Walla Walla aroma as dark as any Syrah and pin to the nose, with an expressive sweet black fruit that flows all the way to the finish. *Wine Enthusiast, November 2001, Score 90*

2001 Cabernet Sauvignon, Klipsan Vineyard, Columbia Valley

...you can feel the pedigree in this wine, a depth that's measured in heat and registered as black plum...padding aromas. It's a marvel on the palate, with a generous texture in the service of ripe black raspberry fruit. *Wine Enthusiast, October 2001, Score 90*

2001 Cabernet Sauvignon, Seven Hills Vineyard, Walla Walla Valley

Dark, ripe and supple, not a big wine, but it has a muscular core of black cherry and tarry, smoky overtones, prevailing gently on the polished finish. *Wine Enthusiast, November 2001, Score 88*

This is a wine that takes all of that Seven Hills savory aromas of soy and spiced tomato to a ripe complexion. *Wine Enthusiast, October 2001, Score 88*

2001 Merlot, Seven Hills Vineyard, Walla Walla Valley

Serene and elegant, bright with enough acidity to lift the raspberry, cherry chocolate and roasted red pepper aromas and flavors that linger nicely on the finish. *Wine Enthusiast, November 2001, Score 90*

...perfected for the lamb because of its fragrance and supple elegance...

Wine Enthusiast, October 2001, Score 89

2001 Syrah, Walla Walla Valley

Distinctly floral... holds its zesty blackberry, pepper and aromatic violet aromas and flavors close, ending with dark, spicy notes. *Wine Enthusiast, October 2001, Score 89*

Starline International Wine Competition, From March 4 - March 6, 2001 Sixty three of the world's top raters from twenty-five countries assembled to evaluate over 2000 wines from around the globe. Philadelphia, Pennsylvania. Silver Medal, score 90

EXCELLENCE a complex red from one of Washington's top producers. This offers aromas of wild fruit, herbs, sandalwood and cloves, and flavors of dark fruit and chocolate with a rich mouth feel. *Wine Enthusiast, October 2001, Score 90*

Reviews & Awards.pdf

Casey McClellan
Winemaker, Seven Hills 1988-present

Casey cultivated his interest in wine while planting the first block of Seven Hills Vineyard in the early 1980s. He went on to earn a Master's degree from the University of California at Davis specializing in the study of wine vine performance. After graduation he worked in association with the Dow Wine Industry in Clifton, Oregon. In 1985 Casey returned to the Walla Walla Valley to join the founding vineyard partners in establishing Seven Hills Winery. In his thirteen year career with Seven Hills he has produced numerous wines, some highly in Wine Spectator, Wine Enthusiast, and Wine & Spirits Magazine, among others.

"My goal as a winemaker is to create an exceptional, balanced wine expressing the distinct terroir of their vineyard origin. I believe the soil, climate and grapes in our Northwest appellations afford the opportunity to make wines ranked among the best in their class. I have been fortunate in my 15 years at Seven Hills' winemaker to have developed fruit source where I harvest from the same vines each year. This is a precious resource for us knowing the vines and working closely with our growers, we can craft wines of unique, full potential of the grapes."

The Winery

Seven Hills Winery was established in 1988. Our wines are known for their balance, a touch of fruit, acidity and tannin that make them delicious upon release and a rewarding sensory experience with cellar age. Our focus is on several red wine made from Cabernet Sauvignon, Merlot and Pinot grapes in the appellations of eastern Washington. We harvest from vineyards in the Columbia, Red Mountains, Yakima and Walla Walla appellations, choosing growers whose commitment to quality matches our own. Casey works with our team. Respecting the terroir of these sites we choose to vineyard designate wines from Klipsan and Seven Hills Vineyard, and to blend selectively from others vine to create Appellation-designated wines. In addition to our core red wine program we make an off-dry style Riesling, an exuberant, peachy, barrel-fermented Pinot Gris, and a Pinot Gris sourced in the cooler appellations of Oregon. Fruit and aromas from these wines are a delightful complement to the table. Years of critical acclaim for our wines have recently culminated in being named an Artisan Winery of the Year for two years running by Wine & Spirits Magazine.

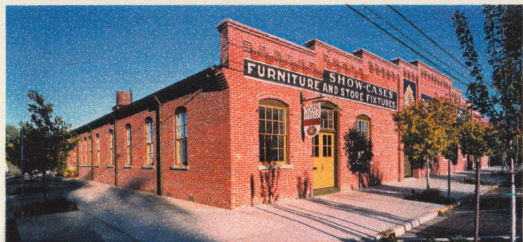

Our winery and tasting room are located in downtown Walla Walla in the historic Whitehouse-Crawford building. Restored, renovated and listed on the National Historic Register, the century-old brick wall now houses a state-of-the-art production space. Our wines age under temperature and humidity control in the skylight barrel room surrounded by massive beams and rafters.

Seven Hills was established as a Walla Walla Valley winery in 1988. Cabernet Sauvignon and Merlot were the first great wines from Seven Hills, produced using traditional techniques, small lot fermentation, and aged in carefully selected barrels. Always our emphasis has been to augment and elevate the expression of aroma arising from the meticulous viticulture and low yields of our chosen vineyards. With time we've expanded the portfolio to include Syrah, Pinot Gris and Riesling.

The Flaning Mill Red is a tribute to the woodworking artisans who labored in its building for nearly a century prior to its renovation as our winery. Select lots were chosen for their forward character and accessible structure. It's crafted to be an enjoyable, delicious wine for everyday drinking.

Ciel du Cheval Vineyard
Vintage Red Wine

Seven Hills presents this vineyard-designated Merlot from one of the most renowned sites in the Northwest. Ciel du Cheval has been producing outstanding fruit on Red Mountain for over a decade. This hand-picked, low-yield fruit was selected from four Bordeaux varieties. The wine is based on Cabernet Sauvignon for structure, with substantial portions of Cabernet Franc and Merlot lending lightness and romance. A small amount of Pinot Noir is incorporated for its deep color and smoky character.

As elegant as the wine above a pleasing elegance and integration supporting a complex range of aroma and flavor. It shows every indication of very favorable aging qualities.

Seven Hills was established as a Walla Walla Valley winery in 1988. Our Reserve designation is awarded to a very small number of wines and only to special lots from vineyards that exhibit truly remarkable character and depth. The 2001 Cabernet Sauvignon Reserve is sourced primarily from the superb Seven Hills Vineyard. The structure and flavor of this wine are a reflection of our highest level of winemaking craftsmanship.

SEVEN HILLS

Pentad symbolizes the wholeness, balance and infinite care taken in crafting this wine. The Pentad, or Group of Five, resonates throughout natural forms, and reflects origins in the vine. Our mission here is always through time, aging expressive flavor, complexity, and essence of an evolving sensory experience. The essential expression of many years of Walla Walla winemaking craftsmanship is composed from Cabernet Sauvignon, Carmener, Merlot, Malbec, and Pinot Verdot.
