PURPOSE OF THE SCHOOL AND SYSTEM OF INSTRUCTION

The design of the School is to afford a practical and scientific education in the principles of

General Jurisprudence.

The Common and Statute Law of the United States.

The System of Equity Jurisprudence.

Pleading and Civil Procedure at Common Law and under the Practice Acts of New York and New Jersey.

The course for the degree of Bachelor of Laws covers three years in the day divisions and four years in the evening division.

The case system of study is used, carefully selected collections of cases being employed as the basis of instruction. The teacher and the students discuss the assigned materials critically and comparatively, both with respect to the facts and decisions reached and the rules and principles of law involved. Thus the students are trained in legal analysis and accurate reasoning, while at the same time they are acquiring familiarity with the principles of law and their development, through the use of the actual decisions of the courts.

Although the School recognizes the fact that a grasp of the broad principles of common law is essential for the well-equipped lawyer, and aims to train its students so that they may be qualified to practice law in any common law jurisdiction, care is taken throughout the course to indicate in every subject the existing law of New York. Particular attention is called to the following courses which have special bearing on the New York law:

1. **COMMON LAW AND CODE PLEADING.**—In this course the principles of common law and code pleading are taught, and the chief

similarities and differences between common law pleading and code pleading (which is in force in New York) are explained.

2. **NEW YORK CIVIL PRACTICE.**—This course embraces a thorough study of the New York Civil Practice Act.

A comprehensive course in Analytical Jurisprudence is conducted which gives due consideration to the ethical and historical aspects of the problems with which the philosophy of the law is concerned.

It is believed that the courses of the School are so arranged as to unite a sound training in the fundamental principles of the law with a training in the practical application of these principles to actual legal work.

A course in New Jersey Practice is given throughout the year. This course may be substituted for the New York Practice course by senior students; and, by arrangement with the Registrar, all students may take this course specially, provided there be no conflict with regular courses.

REQUIREMENTS FOR ADMISSION

The School of Law is open to men and women. Applicants for degrees must be at least eighteen years of age upon entering the first year class, must be of good moral character and must present:

1. A certificate of graduation from a University or College approved by the Board of Regents of the University of the State of New York, together with a full transcript of the scholastic record of the applicant; or,

2. A transcript of record showing successful completion of at least two years of college work in a college or university of standing satisfactory to the School of Law, and proof of having obtained a law student qualifying certificate as required by the University of the State of New York and the Rules of the Court of Appeals.

Applicants for admission will be accepted on the basis of their presumptive fitness to pursue the study of law with success as disclosed by their college records, and on the information as to character and fitness contained in the statement required to be filed by all applicants, as well as from such other data as may be available or required.

Any applicant who has attended any other law school and has been required to withdraw therefrom, for deficiency in scholarship, will not be admitted to this School.

It should be noted that the University of the State of New York requires certification to it, on its own forms, of completed high school and college work before its law student qualifying certificate will be

issued. Applicants are advised, therefore, to obtain such forms as soon as possible from the Examinations and Inspections Division, State Education Department, Albany, New York, to have same filled out promptly by the educational institution or institutions in which the applicant pursued his preliminary studies and returned to the same department, to secure said certificate. Otherwise serious delay in obtaining the necessary credentials may ensue. As provided in the Rules of the Court of Appeals, of the State of New York, completion of two full years of college study or the equivalent thereof, in addition to graduation from an approved high school, is necessary for the procurement of the law student certificate.

ADVANCED STANDING

An applicant who has satisfied all of the entrance requirements for regular first year students, and in addition has completed successfully one or more years of law study in a law school maintaining standards satisfactory to this School and duly registered by the University of the State of New York, and who is eligible to return thereto in regular course, may be admitted to advanced standing. The amount of credit which will be given in such a case will depend upon the standards of the school and the quantitative and qualitative record of the student therein. Generally, advanced standing will not be granted beyond the second year in the day course or the third year in the evening course.

NON-MATRICULATED AND SPECIAL STUDENTS

A limited number of persons, having a law student qualifying certificate, issued by the University of the State of New York, but not otherwise qualified for admission as hereinabove set forth, will be accepted as special students, not candidates for a degree, on presenting such evidence as the School may require of their fitness to study law. Generally, such students must be qualified by reason of age and other experience so as not to impede the work of the class. The admission of such students, however, is not encouraged.

The attention of applicants under this classification, who intend to seek admission to the Bar of New York, is called to Rule IV of the Rules of the Court of Appeals for the Admission of Attorneys, which provides that applicants for admission to the bar, who have not received the degree of an accredited law school, must have pursued the study of law for four years as prescribed in said rules.

Arrangements may be made also by students who desire to pursue specially one or more courses at regular lecture hours.

STUDIES REQUIRED FOR DEGREE

The required course for the degree of Bachelor of Laws in the day divisions of the School extends over three academic years, in all of which twelve classroom session hours per week are required. Students entering these divisions are expected to be able to devote substantially all of their working time to law study. The required course for the degree of Bachelor of Laws in the evening division of the School extends over four academic years, in the first two of which eight classroom session hours per week and in the last two of which ten classroom session hours per week are required.

The work of the four years in the evening course thus equals that required in the three years of the day course. The class schedules in the evening course are so arranged that the student is not required to attend classes in excess of four evenings every week.

Every candidate for the degree of Bachelor of Laws will be required to take all of the courses prescribed in the several years of the curriculum, except that students may elect either of the Practice courses in the last year.

REGISTRATION

Every applicant for admission to the School must appear in person at the office of the Registrar in the Woolworth Building to fill out the necessary statement and application on the School form, and to file the required credentials.

The Registrar will receive such applications from the third Monday in June until the opening of classes in September.

As the School limits the number in every session and as time is required for consideration of the application as well as usually to procure the necessary credentials and records, early application for admission is desirable.

Students will not be registered under abbreviated or colloquial forms of recognized names. The registered name of the student will be entered on all certificates and degrees of the School, except in case of obvious error, or where the student shall have filed with the School a duly certified copy of an order of a court of competent jurisdiction permitting a change of name, and proof, satisfactory to the School, of compliance with the terms, if any, of such order.

All students already enrolled in the School must register personally at the Registrar's office prior to the commencement of the school year. Students eligible to enter the third year class must appear for this purpose on the Monday preceding the opening of classes between 9 a. m. and 5 p. m. Students eligible to enter the

second year class must appear for this purpose on the Wednesday preceding the opening of classes between the same hours.

Any student who fails to appear as above required will not be admitted to classes without the special permission of the Dean.

Matriculation in course is not permitted in the second semester. Special students, however, may register for courses which are conducted during the second semester only.

The School does not conduct any courses during the summer.

DISCIPLINE

The admission, continuance upon the rolls, and graduation of every student is subject always to the full disciplinary power of the School of Law. Furthermore, since a student may be or become undesirable without being subject to disciplinary action, the School reserves the right to require any student to withdraw at any time without cause, and without assigning any reason for such action. In such case an honorable dismissal will be given and a rebate of any tuition fee paid will be made pro rata for the unexpired term.

EXAMINATIONS AND GRADES

Written examinations are held at the end of each semester in all subjects completed therein and as essential parts thereof. Classroom work, so far as practicable, is also a determinant of general standing.

Examinations for all classes will begin at 4 p. m. every day during the examination periods except on Saturdays when they will begin at 2 p. m.

Excessive absences from lectures will bar the student from examination.

Students must present themselves for examination at the examination held immediately upon completion of every subject unless excused by the Dean. Omission to do so will constitute a failure of such examination by the student.

The standing of students will be indicated by the letters A, B, C, D and F, signifying Excellent, Good, Fair, Poor and Failure respectively. A paper of exceptional merit will be marked A+.

A grade of D or better constitutes a passing mark in any subject.

To continue in good scholastic standing, however, a student must maintain a weighted average grade of at least C in every scholastic year. Any student who fails to do so will not be permitted to continue in the School or to be a candidate for a degree.

In case a student is permitted to defer an examination, he must take the next examination given in the subject. In the meantime, if on the examinations taken by him his weighted average is at least C, he may be allowed to continue conditionally in the School, subject to his maintaining at least said weighted average grade when the deferred examination is taken. If on the examinations taken by him his weighted average grade is less than C, he will be excluded from the School unless and until on taking the deferred examination his weighted average grade is brought up to at least C.

Failed or omitted examinations aggregating in year hour value more than one quarter of the required work of any year, will constitute a failed year irrespective of the weighted average grade obtained by the student. In such case the student will not be permitted to take any re-examination in the failed subjects or to continue in the School or to be a candidate for degree.

Failed or omitted examinations aggregating in year hour value not more than one quarter of the required work of any year may be retaken at the next regular examinations only, except in the case of subjects in the final year of the course in which conditioned examinations are held on the five days immediately following Labor Day. If again failed or omitted, the student will be required to repeat the subject.

Any student who fails to pass or omits to take the first examination offered in a course required to be repeated as aforesaid will not be allowed to take any further examination therein, or to continue in the School or to be a candidate for degree.

Where the content of a course, in which a student has a failed or deferred examination to take, has changed prior to giving the examination which the student takes therein, the student will be required to prepare himself on the altered content of the course. Should the course be omitted so that no examination is given thereafter in the same, the student may be required to take an additional course and to pass an examination therein in lieu of the omitted course.

No day student will be permitted to enter the third year class with any failed first year course outstanding against him; no evening student will be permitted to enter the fourth year class with any failed first or second year course outstanding against him.

LAW LIBRARY

The library is located on the twenty-seventh floor, adjacent to the offices of the LAW REVIEW, and immediately under the remainder of the School quarters which occupy all of the twenty-eighth floor.

It fronts on Broadway and Barclay Street. It has steady natural light by day, and a modern system of shaded artificial light for evening work.

The location of the space facing east and south, with an unbroken view for many miles, and with quiet assured by its height above the street, and its complete separation from classrooms and recreation rooms, contributes to its attractiveness.

The library contains an adequate collection of American and English Reports, including the full National Reporter System with the State Reports antecedent thereto in most of the states of the union. In addition there is available an extensive collection of textbooks, treatises, encyclopedias and digests, so that the student has at his command a good working library.

The library is open on week-days throughout the School year to students of the School of Law and its alumni, from 9.00 A.M. to 11.00 P.M. except on Saturdays when it is open from 9.00 A.M. to 6.00 P.M. During the summer vacation period the library is open daily except Sunday from 9.00 A.M. to 5.00 P.M.

A library for the use of the University section of the evening School is maintained in the Library Building on the University grounds. It contains an adequate collection of reports, texts, encyclopedias, and digests. Students in this section have the privilege also of using the main library in the Woolworth Building.

A course of lectures on the use of law books and research work in law is conducted by a member of the faculty, the aim of which is to give the students correct methods in legal research and practice in applying the same to the solution of legal problems.

LAW CLUBS

The law clubs are voluntary organizations of students, functioning under a faculty director. They aim to give the members experience in the preparation of pleadings, cases and briefs for trial, the trial of cases, argument of appeals and some practice in the preparation of legal documents such as contracts, conveyances and wills. An endeavor is made to interest the first year students in the work, which is organized in groups in every year shortly after the beginning of the scholastic year and continues thereafter through both semesters.

THE LAW REVIEW

THE FORDHAM LAW REVIEW is published once in every quarter during the school year from October to June by a board of student editors chosen principally on the basis of their scholarship. Every

issue contains articles on legal subjects by members of the bar or law teachers, notes on recent decisions and legislation prepared by the board of student editors or occasionally by a member of the School and reviews of recent books dealing with legal subjects. The publication of the review and its use in various courses is considered a part of the general educational program of the School.

PRIZES

In every class the student attaining the highest average in recitations and examinations throughout the year will be awarded a prize of fifty dollars (\$50.00).

A prize, known as the CHAPIN PRIZE, consisting of the income of the sum of two thousand dollars (\$2,000), established by the will of Mrs. Mary Knox Chapin, widow of Professor H. Gerald Chapin, who for many years and until his death was a member of the faculty of the School, is awarded annually to that graduate of the School who has attained the highest average in his studies throughout the full course at the School.

ADMISSION TO THE NEW YORK BAR

The New York State Bar Examinations are open at once to all graduates of the School who are citizens of the United States and for six months actual residents of this State.

Under the amended rules of the Court of Appeals of New York, effective June 1, 1933, candidates passing the bar examination who hold college degrees approved by the State Education Department, are eligible for admission to practice upon satisfying the requirements of the proper Committee on Character and Fitness. In the case of those who do not hold such degrees, service of a regular clerkship for a period of one year in the office or under the immediate supervision, direction or advice of a duly registered attorney admitted to practice, or an additional year of attendance upon and successful completion of a prescribed graduate course of instruction at an approved law school is required.

COMMENCEMENT

The Annual Commencement of the School of Law will be held at Fordham on Tuesday, June 9, 1936.

ACADEMIC YEAR

The first term of the academic year 1936-1937 will begin on Monday, September 21, 1936, and end on Saturday, January 30, 1937. The second term will begin on Monday, February 1, 1937, and end on

Monday, June 14, 1937. Classes will not be held on any legal holiday, the Friday following Thanksgiving Day, All Saints' Day, the Feast of the Immaculate Conception and Ascension Day.

The Christmas recess will begin after the close of lectures on Wednesday, December 23, 1936, and classes will be resumed on Monday, January 4, 1937; the Easter recess will begin after the close of lectures on Wednesday, March 24, 1937, and classes will be resumed on Tuesday, March 30, 1937.
