

Special issue call for papers from Business Systems Research Journal

Guest Editors – prof.dr.sc. Janez Žerovnik, prof.dr.sc. Lidija Zadnik Stirn (University of Ljubljana) & prof.dr.sc. Ksenija Dumičić (University of Zagreb)

A special issue of the Business Systems Research Journal with **extended versions of selected papers** from the **11th International Symposium on Operations Research in Slovenia (SOR'11)** will be published under the journal's publishing standards..

Business Systems Journal (**BSR**) is an **international scientific journal** focused on improving competitiveness of business through the **modelling approach** and its applications. BSR examines a wide variety of business and economics decisions, processes and activities within the actual business setting, but within the systems and modelling approach framework. The main goal of the journal is **to keep a record of the state-of-the-art research** and promote the research work in these fast moving areas.

The deadline for submission is 30/01/12. The special issue is scheduled to be published in winter 2012.

Journal website: <http://www.bsrjournal.org>

Manuscripts following the journal's manuscript guidelines (<http://www.bsrjournal.org/index.php/bsr/about/submissions#authorGuidelines>), should be sent by e-mail (kdumicic@efzg.hr) with the subject: „SOR 2011 special issue“.

Manuscripts must be original work (theoretical, empirical or case study) and not under consideration by any other journal or publication outlet. The initial submission will be reviewed by the Guest Editors and, if deemed suitable, then placed for double-blind review with experts in the field.

Features:

Open Access:	free for readers, with low subscriptions
High visibility:	Indexed in indexing and abstracting databases (INSPEC, EBSCO)
Rapid publication:	accepted papers are published online within shortest possible period
