**Erratum: Multi-lambda hypernuclei and the equation of state of hypermatter
[Phys. Rev. C 42, 2469 (1990)]**

M. Rufa, J. Schaffner, J. Maruhn, H. Stöcker, W. Greiner, and P.-G. Reinhard

A misprint appeared in the last line of Eq. (3). The corrected line should read:

$$\epsilon a \Lambda \varphi a \Lambda = \gamma_0 \{ -i \boldsymbol{\gamma} \cdot \boldsymbol{\nabla} + m_\Lambda + g_{\sigma\Lambda} \phi + g_{\omega\Lambda} V_{0\gamma 0} \} \varphi_{a\Lambda} .$$

Furthermore, the citation of Ref. 17 has been left out at the end of the first paragraph in the Introduction.
