

EVA-PMDUP SIGNAL FUNCTIONS STUDY - DATA COLLECTION TOOL		
BACKGROUND INFO		
Variable name	Question	Response options
today	Date of survey	[Today's date]
district	District	1 - Serenje 2 - Mkushi 3 - Kapiri Mposhi 4 - Kabwe 5 - Chibombo 6 - Itezhi-tezhi 7 - Mumbwa
facility_type	Facility type	1 - Tertiary hospital (Level 3) 2 - Provincial hospital (Level 2) 3 - District hospital (Level 1) 4 - Health centre 5 - Health post 6 - Other
facility_other	Specify other facility type	[Text]
facility_owner	Facility operating agency	1 - Government 2 - NGO 3 - Religious body 4 - Private-for-profit 5 - Industrial (e.g. mine hospitals) 6 - Other
owner_other	Specify other type of facility owner	[Text]
Section I: Staffing	For LEVEL 3 HOSPITALS: Complete this section for the gynaecologic/obstetric emergency ward ONLY; FOR ALL OTHER FACILITIES: Complete this section for the entire facility.	
Variable name	Question	Response options
q101	q101: How many obstetricians are registered to work at this facility?	[Numeric]
q102	q102: How many obstetricians are present at this facility right now?	[Numeric]
q103	q103: How many obstetricians are on call overnight everyday? "On call" means that the worker can be contacted but is not physically present in the facility.	[Numeric]
q104	q104: Is there an obstetrician present for 24 hours everyday?	1 - yes 2 - no
q105	q105: How many other doctors (MBBS) are registered to work at this facility?	[Numeric]
q106	q106: How many other doctors (MBBS) are present at this facility right now?	[Numeric]
q107	q107: How many other doctors (MBBS) are on call overnight everyday? "On call" means that the worker can be contacted but is not physically present in the facility.	[Numeric]
q108	q108: Is there another type of doctor (MBBS) present for 24 hours everyday?	1 - yes 2 - no
q109	q109: How many clinical officers are registered to work at this facility?	[Numeric]
q110	q110: How many clinical officers are present at this facility right now?	[Numeric]

q111	q111: How many clinical officers are on call overnight everyday? "On call" means that the worker can be contacted but is not physically present in the facility.	[Numeric]
q112	q112: Is there a clinical officer present for 24 hours everyday?	1 - yes 2 - no
q113	q113: How many midwives/nurses are registered to work at this facility?	[Numeric]
q114	q114: How many midwives/nurses are present at this facility right now?	[Numeric]
q115	q115: How many midwives/nurses are on call overnight everyday? "On call" means that the worker can be contacted but is not physically present in the facility.	[Numeric]
q116	q116: Is there a midwife/nurse present for 24 hours everyday?	1 - yes 2 - no
q117	q117: How many anesthetists are registered to work at this facility?	[Numeric]
q118	q118: How many anesthetists are present at this facility right now?	[Numeric]
q119	q119: How many anesthetists are on call overnight everyday? "On call" means that the worker can be contacted but is not physically present in the facility.	[Numeric]
q120	q120: Is there an anesthetist present for 24 hours everyday?	1 - yes 2 - no
q121	q121: Is there any other cadre of health professional with comprehensive abortion care training registered to work at this facility normally?	1 - yes 2 - no
q121_other	q121_other: Please list the other types of health professionals with comprehensive abortion care training	[Text]
q122	q122: How many other cadre of health professional with comprehensive abortion care training are registered to work at this facility normally?	[Numeric]
q123	q123: How many other cadre of health professional with comprehensive abortion care training are present at this facility right now?	[Numeric]
q124	q124: How many other cadre of health professional with comprehensive abortion care training are on call overnight everyday? "On call" means that the worker can be contacted but is not physically present in the facility.	[Numeric]
q125	q125: Is there any other cadre of health professional with comprehensive abortion care training present for 24 hours everyday?	1 - yes 2 - no
q126	q126: How many health providers that are registered to work at this facility have received training in post-rape care (also known as the medical management of sexual violence)?	[Numeric]
q127	q127: How many health providers that have received training in post-rape care are present at this facility right now?	[Numeric]

q128	q128: How many health providers that have received training in post-rape care are on call overnight everyday? "On call" means that the worker can be contacted but is not physically present in the facility.	[Numeric]
q129	q129: Is there a health provider that has received training in post-rape care present for 24 hours everyday?	1 - yes 2 - no
q130	q130: Which cadre of staff provides MEDICAL ABORTION for women at this facility?	1 - Obstetrician/gynecologist 2 - Other type of medical doctor (MBBS) 3 - Clinical Officer or Medical Licenciate 4 - Midwife 5 - Nurse 6 - Nurse Assistant 7 - Laboratory Technologist or Technician 8 - Environmental Health Technician (EHT) 9 - Pharmacist, Pharmacy Technologist, or Pharmacy Technician 10 - Procedure is not performed at this facility 98 - Other type of provider
q130_other	q130_other: Specify other type of provider	[Text]
q131	q131: Which cadre of staff provides VACUUM ASPIRATION (e.g. MVA) for women at this facility?	1 - Obstetrician/gynecologist 2 - Other type of medical doctor (MBBS) 3 - Clinical Officer or Medical Licenciate 4 - Midwife 5 - Nurse 6 - Nurse Assistant 7 - Laboratory Technologist or Technician 8 - Environmental Health Technician (EHT) 9 - Pharmacist, Pharmacy Technologist, or Pharmacy Technician 10 - Procedure is not performed at this facility 98 - Other type of provider
q131_other	q131_other: Specify other type of provider	[Text]
q132	q132: Which cadre of staff provides DILATATION & CURETTAGE (D&C) for women at this facility?	1 - Obstetrician/gynecologist 2 - Other type of medical doctor (MBBS) 3 - Clinical Officer or Medical Licenciate 4 - Midwife 5 - Nurse 6 - Nurse Assistant 7 - Laboratory Technologist or Technician 8 - Environmental Health Technician (EHT) 9 - Pharmacist, Pharmacy Technologist, or Pharmacy Technician 10 - Procedure is not performed at this facility 98 - Other type of provider
q132_other	q132_other: Specify other type of provider	[Text]

q133	q133: Which cadre of staff provides DILATATION & EVACUATION for women at this facility?	1 - Obstetrician/gynecologist 2 - Other type of medical doctor (MBBS) 3 - Clinical Officer or Medical Licenciate 4 - Midwife 5 - Nurse 6 - Nurse Assistant 7 - Laboratory Technologist or Technician 8 - Environmental Health Technician (EHT) 9 - Pharmacist, Pharmacy Technologist, or Pharmacy Technician 10 - Procedure is not performed at this facility 98 - Other type of provider
q133_other	q133_other: Specify other type of provider	[Text]
Section II: Hours of Operation		
Variable name	Question	Response options
	<i>Is the facility OPEN on:</i>	
q201_1	q201_1: Monday	1 - yes 2 - no
q201_2	q201_2: Tuesday	1 - yes 2 - no
q201_3	q201_3: Wednesday	1 - yes 2 - no
q201_4	q201_4: Thursday	1 - yes 2 - no
q201_5	q201_5: Friday	1 - yes 2 - no
q201_6	q201_6: Saturday	1 - yes 2 - no
q201_7	q201_7: Sunday	1 - yes 2 - no
	<i>Is the facility OPEN FOR 24 HOURS on:</i>	
q202_1	q202_1: Monday	1 - yes 2 - no
q202_2	q202_2: Tuesday	1 - yes 2 - no
q202_3	q202_3: Wednesday	1 - yes 2 - no
q202_4	q202_4: Thursday	1 - yes 2 - no
q202_5	q202_5: Friday	1 - yes 2 - no
q202_6	q202_6: Saturday	1 - yes 2 - no
q202_7	q202_7: Sunday	1 - yes 2 - no
	<i>Does the facility provide FAMILY PLANNING services on:</i>	
q203_1	q203_1: Monday	1 - yes 2 - no
q203_2	q203_2: Tuesday	1 - yes 2 - no
q203_3	q203_3: Wednesday	1 - yes 2 - no
q203_4	q203_4: Thursday	1 - yes 2 - no
q203_5	q203_5: Friday	1 - yes 2 - no
q203_6	q203_6: Saturday	1 - yes 2 - no

q203_7	q203_7: Sunday	1 - yes 2 - no
	<i>Does the facility provide FAMILY PLANNING SERVICES FOR 24 HOURS on:</i>	
q204_1	q204_1: Monday	1 - yes 2 - no
q204_2	q204_2: Tuesday	1 - yes 2 - no
q204_3	q204_3: Wednesday	1 - yes 2 - no
q204_4	q204_4: Thursday	1 - yes 2 - no
q204_5	q204_5: Friday	1 - yes 2 - no
q204_6	q204_6: Saturday	1 - yes 2 - no
q204_7	q204_7: Sunday	1 - yes 2 - no
Section III: Signal Functions	Answer the following questions about signal functions in this facility related to emergency obstetric care, abortion/post abortion care, and post-sexual violence care by interviewing the health workers in the gynaecology ward/Emergency room/family planning clinic and other departments; reviewing facility registers; and observation (as much as possible).	
Variable name	Question	Response options
<i>Section 3.1: Obstetric Signal Functions</i>		
q301a_1	q301a_1: Can your facility perform PREGNANCY TESTING?	1 - yes 2 - no
q301a_2	q301a_2: Why can't your facility perform pregnancy testing? SELECT ALL THAT APPLY	1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics
q301b_1	q301b_1: Has your facility performed pregnancy testing in the LAST 3 MONTHS?	1 - yes 2 - no
q301b_2	q301b_2: Why hasn't your facility performed pregnancy testing in the LAST 3 MONTHS? SELECT ALL THAT APPLY	1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics
q301c_1	q301c_1: Has your facility performed pregnancy testing in the LAST 12 MONTHS?	1 - yes 2 - no
q301c_2	q301c_2: Why hasn't your facility performed pregnancy testing in the LAST 12 MONTHS? SELECT ALL THAT APPLY	1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics

q302a_1	q302a_1: Can your facility perform PARENTERAL ADMINISTRATION OF ANTIBIOTICS TO WOMEN?	1 - yes 2 - no
q302a_2	q302a_2: Why can't your facility perform parenteral administration of antibiotics to women? SELECT ALL THAT APPLY	1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics
q302b_1	q302b_1: Has your facility performed parenteral administration of antibiotics to women in the LAST 3 MONTHS?	1 - yes 2 - no
q302b_2	q302b_2: Why hasn't your facility performed parenteral administration of antibiotics to women in the LAST 3 MONTHS? SELECT ALL THAT APPLY	1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics
q302c_1	q302c_1: Has your facility performed parenteral administration of antibiotics to women in the LAST 12 MONTHS?	1 - yes 2 - no
q302c_2	q302c_2: Why hasn't your facility performed parenteral administration of antibiotics to women in the LAST 12 MONTHS? SELECT ALL THAT APPLY	1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics
q303a_1	q303a_1: Can your facility perform ADMINISTRATION OF UTEROTONIC OXYTOCICS?	1 - yes 2 - no
q303a_2	q303a_2: Why can't your facility perform administration of uterotonic oxytocics? SELECT ALL THAT APPLY	1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics
q303b_1	q303b_1: Has your facility performed administration of uterotonic oxytocics in the LAST 3 MONTHS?	1 - yes 2 - no
q303b_2	q303b_2: Why hasn't your facility performed administration of uterotonic oxytocics in the LAST 3 MONTHS? SELECT ALL THAT APPLY	1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics
q303c_1	q303c_1: Has your facility performed administration of uterotonic oxytocics in the LAST 12 MONTHS?	1 - yes 2 - no

q303c_2	<p>q303c_2: Why hasn't your facility performed administration of uterotonic oxytocics in the LAST 12 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q304a_1	<p>q304a_1: Can your facility perform ADMINISTRATION OF IV FLUIDS TO WOMEN?</p>	<p>1 - yes 2 - no</p>
q304a_2	<p>q304a_2: Why can't your facility perform administration of IV fluids to women?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q304b_1	<p>q304b_1: Has your facility performed administration of IV fluids to women in the LAST 3 MONTHS?</p>	<p>1 - yes 2 - no</p>
q304b_2	<p>q304b_2: Why hasn't your facility performed administration of IV fluids to women in the LAST 3 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q304c_1	<p>q304c_1: Has your facility performed administration of IV fluids to women in the LAST 12 MONTHS?</p>	<p>1 - yes 2 - no</p>
q304c_2	<p>q304c_2: Why hasn't your facility performed administration of IV fluids to women in the LAST 12 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q305a_1	<p>q305a_1: Can your facility perform ADMINISTRATION OF PARENTERAL ANTICONVULSANTS?</p>	<p>1 - yes 2 - no</p>
q305a_2	<p>q305a_2: Why can't your facility perform administration of parenteral anticonvulsants?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q305b_1	<p>q305b_1: Has your facility performed administration of parenteral anticonvulsants in the LAST 3 MONTHS?</p>	<p>1 - yes 2 - no</p>

q305b_2	<p>q305b_2: Why hasn't your facility performed administration of parenteral anticonvulsants in the LAST 3 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q305c_1	<p>q305c_1: Has your facility performed administration of parenteral anticonvulsants in the LAST 12 MONTHS?</p>	<p>1 - yes 2 - no</p>
q305c_2	<p>q305c_2: Why hasn't your facility performed administration of parenteral anticonvulsants in the LAST 12 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q306a_1	<p>q306a_1: Can your facility use PARTOGRAPHS TO MONITOR & MANAGE LABOR?</p> <p>Partographs graphically represent the progression of labor. Most partographs consist of three sections: the fetal record, the labor record, and the maternal record. The information collected keeps a record of the birth process and indicates when further interventions are necessary.</p>	<p>1 - yes 2 - no</p>
q306a_2	<p>q306a_2: Why can't your facility use partographs to monitor and manage labor?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q306b_1	<p>q306b_1: Has your facility used partographs to monitor and manage labor in the LAST 3 MONTHS?</p>	<p>1 - yes 2 - no</p>
q306b_2	<p>q306b_2: Why hasn't your facility used partographs to monitor and manage labor in the LAST 3 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q306c_1	<p>q306c_1: Has your facility used partographs to monitor and manage labor in the LAST 12 MONTHS?</p>	<p>1 - yes 2 - no</p>
q306c_2	<p>q306c_2: Why hasn't your facility used partographs to monitor and manage labor in the LAST 12 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>

q307a_1	<p>q307a_1: Can your facility routinely perform ACTIVE MANAGEMENT OF THE THIRD STAGE OF LABOUR?</p> <p>This is an intervention performed to reduce death from bleeding after a delivery (post-partum hemorrhage). It consists of the following interventions:</p> <ul style="list-style-type: none"> • Administration of a uterotonic agent (oxytocin is the drug of choice) within one minute after birth of the baby and after ruling out the presence of another baby • Controlled cord traction with counter-traction to support the uterus • Uterine massage after delivery of the placenta 	<p>1 - yes 2 - no</p>
q307a_2	<p>q307a_2: Why can't your facility routinely perform active management of the third stage of labor?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q308a_1	<p>q308a_1: Can your facility perform MANUAL REMOVAL OF PLACENTA?</p> <p>This is the procedure for removing the placenta in women who have a retained placenta after giving birth. It usually involves a theatre procedure where the doctor or midwife examines the woman vaginally and then puts in their fingers to detach and remove the placenta. Thereafter an uterotonic agent and antibiotics are usually administered</p>	<p>1 - yes 2 - no</p>
q308a_2	<p>q308a_2: Why can't your facility perform manual removal of placenta?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q308b_1	<p>q308b_1: Has your facility performed manual removal of placenta in the LAST 3 MONTHS?</p>	<p>1 - yes 2 - no</p>
q308b_2	<p>q308b_2: Why hasn't your facility performed manual removal of placenta in the LAST 3 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q308c_1	<p>q308c_1: Has your facility performed manual removal of placenta in the LAST 12 MONTHS?</p>	<p>1 - yes 2 - no</p>

q308c_2	<p>q308c_2: Why hasn't your facility performed manual removal of placenta in the LAST 12 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q309a_1	<p>q309a_1: Can your facility perform MEDICAL POST ABORTION CARE (PAC) for EARLY PREGNANCIES: removal of retained products of conception for uterine size less than 12 weeks or first trimester pregnancies by medication</p> <p>Post abortion care is the provision of appropriate care for a female patient after a spontaneous or induced abortion- it usually involves an ultrasound scan, a medical examination and definitive treatment. In addition to this there should be counseling and the option of procuring contraceptives to avoid another unwanted pregnancy.</p> <p>Medical post abortion care involves giving the woman oral medicines usually misoprostol alone or misoprostol in combination with mifepristone to ensure there are no retained products of conception. This question asks for the provision of medical drugs to manage complications of an abortion for women in the first trimester of pregnancy (less than 12 weeks gestational age)</p>	<p>1 - yes 2 - no</p>
q309a_1_1	<p>q309a_1_1: What type of medications do you use for medical PAC (less than 12 weeks)?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - Mifepristone and misoprostol combined (Medabon) 2 - Misoprostol alone (Cytotec) 3 - Other (specify)</p>
q309a_1_1_other	<p>q309a_1_1_other: Please specify the brand name of the other medication abortion drug used for PAC (less than 12 weeks)</p>	<p>[Text]</p>
q309a_2	<p>q309a_2: Why can't your facility perform medical PAC: removal of retained products of conception for uterine size less than 12 weeks or 1st trimester pregnancies by medication?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q309b_1	<p>q309b_1: Has your facility performed MEDICAL PAC for EARLY PREGNANCIES in the last 3 months?</p>	<p>1 - yes 2 - no</p>
q309b_2	<p>q309b_2: Why hasn't your facility performed MEDICAL PAC for early pregnancies in the last 3 months?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q309c_1	<p>q309c_1: Has your facility performed MEDICAL PAC for EARLY PREGNANCIES in the last 12 months?</p>	<p>1 - yes 2 - no</p>

q309c_2	<p>q309c_2: Why hasn't your facility performed MEDICAL PAC for early pregnancies in the last 12 months?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q310a_1	<p>q310a_1: Can your facility perform SURGICAL POST ABORTION CARE (PAC) for EARLY PREGNANCIES: removal of retained products of conception for uterine size less than 12 weeks or first trimester pregnancies surgically?</p> <p>Surgical post abortion care involves conducting a procedure on the woman usually a vacuum aspiration (using a manual or electric vacuum) or curettage to ensure there are no retained products of conception. This question asks for conducting a procedure to manage complications of an abortion for women in the first trimester of pregnancy (less than 12 weeks gestational age)</p>	<p>1 - yes 2 - no</p>
q310a_1_1	<p>q310a_1_1: What type of surgical abortion procedures do you use for PAC (less than 12 weeks)?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - Vacuum aspiration (VA) 2 - Dilatation and curettage 3 - Dilatation and evacuation 4 - Other (specify)</p>
q310a_1_1_other	<p>q310a_1_1_other: Please specify other type of surgical abortion used for PAC (less than 12 weeks)</p>	[Text]
q310a_2	<p>q310a_2: Why can't your facility perform surgical PAC: removal of retained products of conception for uterine size less than 12 weeks or 1st trimester pregnancies surgically?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q310b_1	<p>q310b_1: Has your facility performed SURGICAL PAC for EARLY PREGNANCIES in the last 3 months?</p>	<p>1 - yes 2 - no</p>
q310b_2	<p>q310b_2: Why hasn't your facility performed SURGICAL PAC for early pregnancies in the last 3 months?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q310c_1	<p>q310c_1: Has your facility performed SURGICAL POST ABORTION CARE (PAC) for EARLY PREGNANCIES in the last 12 months?</p>	<p>1 - yes 2 - no</p>
q310c_2	<p>q310c_2: Why hasn't your facility performed SURGICAL PAC for early pregnancies in the last 12 months?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>

q311a_1	<p>q311a_1: Can your facility perform MEDICAL VOLUNTARY TERMINATION OF PREGNANCY (TOP) for early pregnancies (first trimester or less than 12 weeks)?</p> <p>Voluntary termination of pregnancy is the provision of an appropriate clinical procedure for a woman to terminate a pregnancy- it usually involves an ultrasound scan, a medical examination and the method of termination. In addition to this there should be counseling and the option of procuring contraceptives to avoid another unwanted pregnancy.</p> <p>Medical voluntary termination of pregnancy is the termination of pregnancy with abortion-inducing medications instead of a surgical procedure. This usually involves giving the woman misoprostol alone or misoprostol in combination with mifepristone. This question asks for the provision of medical drugs to induce abortion in women in the first trimester of pregnancy (less than 12 weeks gestational age)</p>	<p>1 - yes 2 - no</p>
q311a_1_1	<p>q311a_1_1: What type of medications do you use for medical voluntary TOP for early pregnancies (first trimester or less than 12 weeks)?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - Mifepristone and misoprostol combined (Medabon) 2 - Misoprostol alone (Cytotec) 3 - Other (specify)</p>
q311a_1_1_other	<p>q311a_1_1_other: Please specify the brand name of the other medication abortion drug used for voluntary TOP for early pregnancies (first trimester or less than 12 weeks)</p>	<p>[Text]</p>
q311a_2	<p>q311a_2: Why can't your facility perform medical voluntary TOP for early pregnancies (first trimester or less than 12 weeks)?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q311b_1	<p>q311b_1: Has your facility performed medical voluntary TOP for early pregnancies (first trimester or less than 12 weeks) in the LAST 3 MONTHS?</p>	<p>1 - yes 2 - no</p>
q311b_2	<p>q311b_2: Why hasn't your facility performed medical voluntary TOP for early pregnancies (first trimester or less than 12 weeks) in the LAST 3 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q311c_1	<p>q311c_1: Has your facility performed medical voluntary TOP for early pregnancies (first trimester or less than 12 weeks) in the LAST 12 MONTHS?</p>	<p>1 - yes 2 - no</p>

q311c_2	<p>q311c_2: Why hasn't your facility performed medical voluntary TOP for early pregnancies (first trimester or less than 12 weeks) in the LAST 12 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q312a_1	<p>q312a_1: Can your facility perform SURGICAL VOLUNTARY TERMINATION OF PREGNANCY (TOP) for early pregnancies (first trimester or less than 12 weeks)?</p> <p>Surgical voluntary termination of pregnancy is the termination of pregnancy vaginally by a surgical procedure. This question asks for the provision of surgical abortion in women in the first trimester of pregnancy (less than 12 weeks gestational age). This usually involves a vacuum aspiration procedure, which may or may not be preceded by dilation of the cervix.</p>	<p>1 - yes 2 - no</p>
q312a_1_1	<p>q312a_1_1: What type of surgical abortion procedures do you use for voluntary TOP for early pregnancies (first trimester or less than 12 weeks)?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - Vacuum aspiration (VA) 2 - Dilatation and curretage 3 - Dilatation and evacuation 4 - Other (specify)</p>
q312a_1_1_other	<p>q312a_1_1_other: Please specify other type of surgical abortion used for voluntary TOP for early pregnancies (first trimester or less than 12 weeks)</p>	[Text]

q602_other	q602_other: Please specify other type of staff trained	[Text]
q603	q603: Are there any Ipas trained health providers who provide comprehensive abortion care here but do not work full-time at this facility?	1 - yes 2 - no
q604	q604: Was there an Ipas trained provider here at the time of this tool being administered?	1 - yes 2 - no
q605	q605: Has Ipas provided any equipment or medical commodities to this facility for comprehensive abortion care?	1 - yes 2 - no
q606	q606: What kind of equipment/commodities have they provided?	[Text]
q607	q607: When last were such commodities supplied?	1 - In the last 1 month 2 - In the last 3 months 3 - In the last 6 months 4 - In the last 1 year 5 - More than 1 year ago
q608	q608: Have any of the staff registered at this facility been trained by any other NGOs or organizations on comprehensive abortion care?	1 - yes 2 - no
q609	q609: Which NGOs have trained staff at this facility on comprehensive abortion care?	[Text]
q610	q610: Have any of the staff registered at this facility been trained to provide comprehensive post-rape care?	1 - yes 2 - no

q611	q611: What cadre of staff underwent training?	1 - Obstetrician/gynecologist 2 - Other type of medical doctor (MBBS) 3 - Clinical Officer or Medical Licenciate 4 - Midwife 5 - Nurse 6 - Nurse Assistant 7 - Laboratory Technologist or Technician 8 - Environmental Health Technician (EHT) 9 - Pharmacist, Pharmacy Technologist, or Pharmacy Technician 10 - Procedure is not performed at this facility 98 - Other type of provider
q318a_1	q318a_1: Does your facility encourage IMMEDIATE AND EXCLUSIVE BREASTFEEDING to all women? Immediate breastfeeding is the initiation of breastfeeding within the first hour after the birth, while exclusive breastfeeding means that the infant receives only breastmilk for the first 6 months of life.	1 - yes 2 - no
q318a_2	q318a_2: Why doesn't your facility encourage immediate and exclusive breastfeeding to all women? SELECT ALL THAT APPLY	1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics
q319a_1	q319a_1: Can your facility perform HYGIENIC CORD CARE (cut with sterile item and apply disinfectant to tip and stump, and no application of other substances) routinely? Umbilical cord should be cut with a sterile item and chlorhexidine solution (and no other substance) may be applied to the stump.	1 - yes 2 - no
q319a_2	q319a_2: Why doesn't your facility perform hygienic cord care routinely? SELECT ALL THAT APPLY	1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics
q320a_1	q320a_1: Can your facility perform THERMAL PROTECTION (drying baby immediately after birth and wrapping) routinely? Thermal protection refers to interventions taken to ensure that a newborn does not become too cold or hot and maintains a normal body temperature. As much as possible the delivery room should be warm. After birth the newborn should be dried and covered before the cord is cut and should be kept on a warm surface while being dried. As much as possible this should be on the mother skin. If not a radiant warmer should be used.	1 - yes 2 - no

q320a_2	<p>q320a_2: Why can't your facility perform thermal protection regularly?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q321a_1	<p>q321a_1: Can your facility ADMINISTER IV FLUIDS TO A BABY?</p> <p>This is the administration of intravenous fluids (sometimes called a drip or infusion) by infusing it through the veins. For this study it is primarily intended to assess if this can be done to resuscitate babies who require fluid replacement</p>	<p>1 - yes 2 - no</p>
q321a_2	<p>q321a_2: Why can't your facility administer IV fluids to a baby?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q321b_1	<p>q321b_1: Has your facility administer IV fluids to a baby in the LAST 3 MONTHS?</p>	<p>1 - yes 2 - no</p>
q321b_2	<p>q321b_2: Why hasn't your facility administer IV fluids to a baby in the LAST 3 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q321c_1	<p>q321c_1: Has your facility administer IV fluids to a baby in the LAST 12 MONTHS?</p>	<p>1 - yes 2 - no</p>
q321c_2	<p>q321c_2: Why hasn't your facility administer IV fluids to a baby in the LAST 12 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q322a_1	<p>q322a_1: Can your facility perform NEWBORN RESUSCITATION with bag and mask?</p> <p>Resuscitation should be started if the baby does not breathe within 30 seconds after birth.</p>	<p>1 - yes 2 - no</p>

q322a_2	<p>q322a_2: Why can't your facility perform newborn resuscitation with bag and mask?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q322b_1	<p>q322b_1: Has your facility performed newborn resuscitation with bag and mask in the LAST 3 MONTHS?</p>	<p>1 - yes 2 - no</p>
q322b_2	<p>q322b_2: Why hasn't your facility performed newborn resuscitation with bag and mask in the LAST 3 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q322c_1	<p>q322c_1: Has your facility performed newborn resuscitation with bag and mask in the LAST 12 MONTHS?</p>	<p>1 - yes 2 - no</p>
q322c_2	<p>q322c_2: Why hasn't your facility performed newborn resuscitation with bag and mask in the LAST 12 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q323a_1	<p>q323a_1: Can your facility ADMINISTER CORTICOSTEROIDS IN PRETERM LABOUR?</p> <p>The administration of certain corticosteroids to women at risk of preterm birth causes a considerable reduction in the risks of complications of prematurity such as respiratory distress, brain haemorrhage and death. Steroids commonly used are dexamethasone and betamethasone</p>	<p>1 - yes 2 - no</p>
q323a_2	<p>q323a_2: Why can't your facility administer corticosteroids in preterm labour?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q323b_1	<p>q323b_1: Has your facility administered corticosteroids in preterm labour in the LAST 3 MONTHS?</p>	<p>1 - yes 2 - no</p>
q323b_2	<p>q323b_2: Why hasn't your facility administered corticosteroids in preterm labour in the LAST 3 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>

q323c_1	q323c_1: Has your facility administered corticosteroids in preterm labour in the LAST 12 MONTHS?	1 - yes 2 - no
q323c_2	q323c_2: Why hasn't your facility administered corticosteroids in preterm labour in the LAST 12 MONTHS? SELECT ALL THAT APPLY	1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics
q324a_1	q324a_1: Can your facility PROVIDE KANGAROO MOTHER CARE for preterm/very small babies? Kangaroo care is a technique of caring for stable low-weight or premature babies outside an incubator. It involves holding the baby to an adult's chest, to facilitate skin-to-skin contact between the baby and parent helping to maintain a healthy body temperature.	1 - yes 2 - no
q324a_2	q324a_2: Why can't your facility provide kangaroo mother care for preterm/very small babies? SELECT ALL THAT APPLY	1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics
q324b_1	q324b_1: Has your facility provided kangaroo mother care for preterm/very small babies in the LAST 3 MONTHS?	1 - yes 2 - no
q324b_2	q324b_2: Why hasn't your facility provided kangaroo mother care for preterm/very small babies in the LAST 3 MONTHS? SELECT ALL THAT APPLY	1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics
q324c_1	q324c_1: Has your facility provided kangaroo mother care for preterm/very small babies in the LAST 12 MONTHS?	1 - yes 2 - no
q324c_2	q324c_2: Why hasn't your facility provided kangaroo mother care for preterm/very small babies in the LAST 12 MONTHS? SELECT ALL THAT APPLY	1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics
q325a_1	q325a_1: Can your facility PROVIDE ALTERNATIVE FEEDING if a baby cannot breastfeed? This may include bottle-feeding, tube feeding or cup feeding of expressed breast milk or formula.	1 - yes 2 - no

q325a_2	<p>q325a_2: Why can't your facility provide alternative feeding if a baby cannot breastfeed?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q325b_1	<p>q325b_1: Has your facility provided alternative feeding if a baby cannot breastfeed in the LAST 3 MONTHS?</p>	<p>1 - yes 2 - no</p>
q325b_2	<p>q325b_2: Why hasn't your facility provided alternative feeding if a baby cannot breastfeed in the LAST 3 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q325c_1	<p>q325c_1: Has your facility provided alternative feeding if a baby cannot breastfeed in the LAST 12 MONTHS?</p>	<p>1 - yes 2 - no</p>
q325c_2	<p>q325c_2: Why hasn't your facility provided alternative feeding if a baby cannot breastfeed in the LAST 12 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q326a_1	<p>q326a_1: Can your facility ADMINISTER OXYGEN to a baby?</p> <p>This is intended to check if the baby can be resuscitated using oxygen if necessary.</p>	<p>1 - yes 2 - no</p>
q326a_2	<p>q326a_2: Why can't your facility administer oxygen to a baby?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q326b_1	<p>q326b_1: Has your facility administered oxygen to a baby in the LAST 3 MONTHS?</p>	<p>1 - yes 2 - no</p>
q326b_2	<p>q326b_2: Why hasn't your facility administered oxygen to a baby in the LAST 3 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q326c_1	<p>q326c_1: Has your facility provided administered oxygen to a baby in the LAST 12 MONTHS?</p>	<p>1 - yes 2 - no</p>

q326c_2	<p>q326c_2: Why hasn't your facility administered oxygen to a baby in the LAST 12 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q327a_1	<p>q327a_1: Can your facility perform a BLOOD TRANSFUSION?</p> <p>This is the capacity of the hospital to give patients safe blood intravenously when required. It will usually imply the presence of blood storage facilities, laboratory facilities for blood tests nearby.</p>	<p>1 - yes 2 - no</p>
q327a_1_1	<p>q327a_1_1: What is the primary source of the blood supplied?</p>	<p>1 - Central blood bank 2 - The facility has a blood bank 3 - Direct transfusion from family member 4 - Other (specify)</p>
q327a_2	<p>q327a_2: Why can't your facility perform a blood transfusion?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q327b_1	<p>q327b_1: Has your facility performed a blood transfusion in the LAST 3 MONTHS?</p>	<p>1 - yes 2 - no</p>
q327b_2	<p>q327b_2: Why hasn't your facility performed a blood transfusion in the LAST 3 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q327c_1	<p>q327c_1: Has your facility provided performed a blood transfusion in the LAST 12 MONTHS?</p>	<p>1 - yes 2 - no</p>
q327c_2	<p>q327c_2: Why hasn't your facility performed a blood transfusion in the LAST 12 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
<i>Section 3.2: Laboratory Signal Functions</i>		
q329	<p>q329: Is there a laboratory in this facility?</p>	<p>1 - yes 2 - no</p>

q329a_1	<p>q329a_1: Can your facility OFFER HIV COUNSELING AND TESTING SERVICES?</p> <p>HIV counseling and testing (C&T) is part of a continuum of HIV prevention and treatment services. It has three components: risk assessment and counseling before the blood or oral sample is taken, testing of the sample, and counseling and referral with the test results</p>	<p>1 - yes 2 - no</p>
q329a_2	<p>q329a_2: Why can't your facility offer HIV counseling and testing services?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q329b_1	<p>q329b_1: Has your facility offered HIV counseling and testing services in the LAST 3 MONTHS?</p>	<p>1 - yes 2 - no</p>
q329b_2	<p>q329b_2: Why hasn't your facility offered HIV counseling and testing services in the LAST 3 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q329c_1	<p>q329c_1: Has your facility offered HIV counseling and testing services in the LAST 12 MONTHS?</p>	<p>1 - yes 2 - no</p>
q329c_2	<p>q329c_2: Why hasn't your facility offered HIV counseling and testing services in the LAST 12 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q330a_1	<p>q330a_1: Can your facility OFFER HEPATITIS B SCREENING?</p> <p>This is the capacity of the hospital to provide blood test services to check for the presence of the hepatitis B surface antigen</p>	<p>1 - yes 2 - no</p>
q330a_2	<p>q330a_2: Why can't your facility offer hepatitis B screening?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q330b_1	<p>q330b_1: Has your facility offered hepatitis B screening in the LAST 3 MONTHS?</p>	<p>1 - yes 2 - no</p>

q330b_2	<p>q330b_2: Why hasn't your facility offered hepatitis B screening in the LAST 3 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q330c_1	<p>q330c_1: Has your facility offered hepatitis B screening in the LAST 12 MONTHS?</p>	<p>1 - yes 2 - no</p>
q330c_2	<p>q330c_2: Why hasn't your facility offered hepatitis B screening in the LAST 12 MONTHS?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q331a_1	<p>q331a_1: Can your facility OFFER CHLAMYDIA SCREENING?</p> <p>Testing for trichomona, chlamydia and gonorrhea usually requires a urine sample or a self-taken swab for a woman. Testing for syphilis needs a blood sample.</p>	<p>1 - yes 2 - no</p>
q331a_2	<p>q331a_2: Why can't your facility offer chlamydia screening?</p> <p>SELECT ALL THAT APPLY</p>	<p>1 - No health workers available 2 - No trained health workers 3 - No equipment (e.g. machines/beds) 4 - No commodities/supplies 5 - Against hospital/management policies 6 - No cases requiring this procedure 7 - Against the health workers' morals/ethics</p>
q331b_1	<p>q331b_1: Has your facility offered chlamydia screening in the LAST 3 MONTHS?</p>	<p>1 - yes 2 - no</p>

Section IV: Equipment and Supplies	I would like to know if the following items are available in this service area today. For each equipment or item, please tell me if it is available today and functioning?	
Variable name	Question	Response options

	<i>Does the facility have any of the following items:</i>	
q401	q401: Functional Private room (auditory and visual) for examination?	1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available
q402	q402: Functional Water source	1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available
q403	q403: Functional Electric autoclave; non-electric autoclave; electric dry heat sterilizer; electric boiler or steamer; non-electric pot with cover for boiling/steam;	1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available
q404	q404: Functional Heat source for non-electric autoclave equipment	1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available
q405	q405: Functional Vehicle (ambulance or other vehicle) to transfer referred patients	1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available
q406	q406: Fuel for the ambulance or other emergency vehicle ?	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q407	q407: Functional Landline/Mobile phone supported by the facility	1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available

q408	q408: Functional Electricity from any source (e.g. electricity grid, generator, solar, or other) including for stand-alone devices (EPI cold chain)?	<ul style="list-style-type: none"> 1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available
q409	<p>q409: Functional Toilet (latrine) on premises that is accessible for general outpatient client use?</p> <p>IF MULTIPLE TOILETS ARE AVAILABLE, CONSIDER THE MOST MODERN TYPE</p>	<ul style="list-style-type: none"> 1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available
q410	q410: Functional Ultrasound	<ul style="list-style-type: none"> 1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available
q411	q411: Functional Examination light/ Light source (flashlight acceptable)	<ul style="list-style-type: none"> 1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available
q412	q412: Functional Delivery bed	<ul style="list-style-type: none"> 1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available
q413	q413: Functional Stethoscope	<ul style="list-style-type: none"> 1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available

q414	q414: Functional Digital or manual sphygmomanometer	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q415	q415: IV fluid (neonatal giving) set/umbilical catheter	<p>1 - Available and observed</p> <p>2 - Available, observed, but unsure if this is the right equipment</p> <p>3 - Reported available, not observed</p> <p>4 - Not available</p>
q416	q416: IV fluid giving set (adult)	<p>1 - Available and observed</p> <p>2 - Available, observed, but unsure if this is the right equipment</p> <p>3 - Reported available, not observed</p> <p>4 - Not available</p>
q417	q417: Needles and syringes	<p>1 - Available and observed</p> <p>2 - Available, observed, but unsure if this is the right equipment</p> <p>3 - Reported available, not observed</p> <p>4 - Not available</p>
q418	q418: Disposable latex gloves	<p>1 - Available and observed</p> <p>2 - Available, observed, but unsure if this is the right equipment</p> <p>3 - Reported available, not observed</p> <p>4 - Not available</p>
q419	q419: Hand-washing soap/liquid soap	<p>1 - Available and observed</p> <p>2 - Available, observed, but unsure if this is the right equipment</p> <p>3 - Reported available, not observed</p> <p>4 - Not available</p>
q420	q420: Alcohol based hand rub	<p>1 - Available and observed</p> <p>2 - Available, observed, but unsure if this is the right equipment</p> <p>3 - Reported available, not observed</p> <p>4 - Not available</p>
q421	q421: Sterile theater gowns	<p>1 - Available and observed</p> <p>2 - Available, observed, but unsure if this is the right equipment</p> <p>3 - Reported available, not observed</p> <p>4 - Not available</p>
q422	q422: Delivery pack	<p>1 - Available and observed</p> <p>2 - Available, observed, but unsure if this is the right equipment</p> <p>3 - Reported available, not observed</p> <p>4 - Not available</p>
q423	q423: Vacuum extractor with different size cups	<p>1 - Available and observed</p> <p>2 - Available, observed, but unsure if this is the right equipment</p> <p>3 - Reported available, not observed</p> <p>4 - Not available</p>
q424	q424: Obstetric forceps	<p>1 - Available and observed</p> <p>2 - Available, observed, but unsure if this is the right equipment</p> <p>3 - Reported available, not observed</p> <p>4 - Not available</p>

q425	q425: Vaginal speculum (Sims, Cusco)	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q426	q426: Uristix (dip stick for protein in urine)	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q427	q427: Functional watch or clock with second hand that can be easily seen	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q428	q428: Blood sugar testing sticks	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q429	q429: Cord clamp	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q430	q430: 4% CHORHEXIDINE SOLUTION (UMBILICAL CORD)	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q431	q431: Functional infant weighing scale	1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available
q432	q432: Towels or cloth for newborn	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q433	q433: Small cup for breast milk expression	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q434	q434: Functional mucus extractor	1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available

q435	q435: Functional resuscitation table with heat source for newborn	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q436	q436: Functional incubator	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q437	q437: Infant face masks, sizes 0, 1, 2	<p>1 - Available and observed</p> <p>2 - Available, observed, but unsure if this is the right equipment</p> <p>3 - Reported available, not observed</p> <p>4 - Not available</p>
q438	q438: Ambu (ventilatory) bag	<p>1 - Available and observed</p> <p>2 - Available, observed, but unsure if this is the right equipment</p> <p>3 - Reported available, not observed</p> <p>4 - Not available</p>
q439	q439: Suction catheter, 10, 12 Ch	<p>1 - Available and observed</p> <p>2 - Available, observed, but unsure if this is the right equipment</p> <p>3 - Reported available, not observed</p> <p>4 - Not available</p>
q440	q440: Functional suction aspirator (operated by foot or electrically)	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q441	q441: Functional infant laryngoscope with spare bulb and batteries	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q442	q442: Endotracheal tubes, 3.5, 3.0	<p>1 - Available and observed</p> <p>2 - Available, observed, but unsure if this is the right equipment</p> <p>3 - Reported available, not observed</p> <p>4 - Not available</p>

q443	q443: Disposable uncuffed tracheal tubes, sizes 2.0 to 3.5	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q444	q444: Mucus trap for suction	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q445	q445: Vacuum aspirator kit/syringes	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q446	q446: Dilatation and Curettage (D&C) kit	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q447	q447: Vaginal speculum, (Sims)	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q448	q448: Sponge (ring) forceps	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q449	q449: Dissecting forceps, serrated jaws	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q450	q450: Towel clip	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q451	q451: Ovum forceps	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q452	q452: Uterine forceps, curved	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q454	q454: Uterine dilators, sizes 13-27	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q455	q455: Sharp uterine curettes	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available

q456	q456: Blunt uterine curettes	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q457	q457: Uterine sound	1 - Available and observed 2 - Available, observed, but unsure if this is the right equipment 3 - Reported available, not observed 4 - Not available
q458	q458: Does this facility have a functional operating theatre?	1 - yes 2 - no
<i>Does the facility have any of the following items:</i>		
q459	q459: Laparotomy/Caesarean kit	1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available
q460	q460: Stainless steel instrument tray with cover	1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available
q461	q461: Towel clips	1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available
q462	q462: Sponge (ring) forceps, 22.5cm	1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available
q463	q463: Straight artery forceps, 16cm	1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available

q464	q464: Uterine hemostasis forceps, 20cm	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q465	q465: Needle holder	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q466	q466: Surgical knife handle 3 or 4	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q468	q468: Surgical knife blades	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q469	q469: Triangular point suture needles, 7.3cm/size 6	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q470	q470: Round-bodied needles, No. 12/size 6	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>

q471	q471: Abdominal retractor, size 3	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q472	q472: Abdominal retractors, double-ended	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q473	q473: Operating scissors, curved, blunt 17cm	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q474	q474: Operating scissors, straight, blunt 17cm	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q475	q475: Scissors, straight, 23cm	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q476	q476: Suction nozzle	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>

q477	q477: Suction tube, 22.5cm, 23 French gauge	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q478	q478: Intestinal clamps, curved, 22.5cm	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q479	q479: Intestinal clamps, straight, 22.5cm	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q480	q480: Dressing (tissue) forceps, non-toothed, 15cm	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q481	q481: Dressing (tissue) forceps, non-toothed, 25cm	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q482	q482: Sutures (different sizes and types)	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>

q483	q483: Mini-laparotomy kit	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q484	q484: Anaesthesia equipment	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q485	q485: Anesthetic face masks	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q486	q486: Oropharyngeal airways	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q487	q487: Laryngoscopes with spare bulbs and batteries	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q488	q488: Endotracheal tubes with cuffs, 8mm	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>

q489	q489: Endotracheal tubes with cuffs, 10mm	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q490	q490: Intubating forceps	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q491	q491: Endotracheal tube connectors, plastic, 15 mm (connect directly to breathing valve; three for each tube size)	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q492	q492: Spinal needles, 18 gauge to 25 gauge	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q493	q493: Suction aspirator, foot-operated	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>
q494	q494: Suction aspirator, electric	<p>1 - Functioning and observed</p> <p>2 - Functioning, observed, but unsure if this is the right equipment</p> <p>3 - Improvised equipment but functioning and observed</p> <p>4 - Reported functioning but not observed</p> <p>5 - Available but not functioning</p> <p>6 - Not available</p>

q495	q495: Anesthetic vaporizers (draw-over system)	1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available
q496	q496: Oxygen cylinders with manometer and flowmeter (low flow) tubes and connectors	1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available
q497	q497: Cannula and Trochar for implant	1 - Functioning and observed 2 - Functioning, observed, but unsure if this is the right equipment 3 - Improvised equipment but functioning and observed 4 - Reported functioning but not observed 5 - Available but not functioning 6 - Not available
Section V: Commodities	I would like to know if the following items are available in this service area today. For each equipment or item, please tell me if it is available today and functioning?	
Variable name	Question	Response options
	<i>Does the facility have any of the following commodities:</i>	
q501_1	q501_1: Mifepristone and misoprostol combined (any brand)	1 - Never available 2 - Not available today 3 - Rep available 4 - Obs 1+ expired 5 - Obs all expired 6 - Obs DK
q501_2	q501_2: Mifepristone and misoprostol combined (Mariprist brand)	1 - Never available 2 - Not available today 3 - Rep available 4 - Obs 1+ expired 5 - Obs all expired 6 - Obs DK
q502	q502: Misoprostol alone	1 - Never available 2 - Not available today 3 - Rep available 4 - Obs 1+ expired 5 - Obs all expired 6 - Obs DK
q503	q503: Other abortifacient	1 - Never available 2 - Not available today 3 - Rep available 4 - Obs 1+ expired 5 - Obs all expired 6 - Obs DK

q504	q504: Injectable uterotonic (e.g. oxytocin)	1 - Never available 2 - Not available today 3 - Rep available 4 - Obs 1+ expired 5 - Obs all expired 6 - Obs DK
q505	q505: Magnesium sulphate injection	1 - Never available 2 - Not available today 3 - Rep available 4 - Obs 1+ expired 5 - Obs all expired 6 - Obs DK
q506	q506: Other anticonvulsants (e.g. diazepam injection, phenobarbital injection, phenytoin/diphenylhydantoin)	1 - Never available 2 - Not available today 3 - Rep available 4 - Obs 1+ expired 5 - Obs all expired 6 - Obs DK
q507	q507: Steroids used for preterm labor (e.g. betamethasone injection, dexamethasone injection)	1 - Never available 2 - Not available today 3 - Rep available 4 - Obs 1+ expired 5 - Obs all expired 6 - Obs DK
q508	q508: Benzathine benzyl penicillin powder for injection	1 - Never available 2 - Not available today 3 - Rep available 4 - Obs 1+ expired 5 - Obs all expired 6 - Obs DK
q509	q509: Oral flucloxacillin (for newborn)	1 - Never available 2 - Not available today 3 - Rep available 4 - Obs 1+ expired 5 - Obs all expired 6 - Obs DK
q510	q510: Gentamicin (injection)	1 - Never available 2 - Not available today 3 - Rep available 4 - Obs 1+ expired 5 - Obs all expired 6 - Obs DK
q511	q511: Tetracycline eye ointment/drops	1 - Never available 2 - Not available today 3 - Rep available 4 - Obs 1+ expired 5 - Obs all expired 6 - Obs DK
q512	q512: Halothane	1 - Never available 2 - Not available today 3 - Rep available 4 - Obs 1+ expired 5 - Obs all expired 6 - Obs DK
q513	q513: Ketamine	1 - Never available 2 - Not available today 3 - Rep available 4 - Obs 1+ expired 5 - Obs all expired 6 - Obs DK

q514	q514: Lignocaine/Lidocaine 2% or 1%	1 - Never available 2 - Not available today 3 - Rep available 4 - Obs 1+ expired 5 - Obs all expired 6 - Obs DK
