

UNIVERSITÀ DI PISA
Dipartimento di Chimica e Chimica Industriale

Scuola di Dottorato “Galileo Galilei”

**Hydroxamic acids interactions with metals in
aqueous and micellar media: a mechanistic study of
complexation reactions and metallacrown formation**

Ph.D. Thesis

Maria Rosa Beccia

Supervisor

Prof. Fernando Secco

External Supervisors

*Prof. Begoña García Ruiz
Universidad de Burgos, Spain*

*Prof. Maria Amelia Santos
Universidade Técnica de Lisboa, Portugal*

Discussed January 31, 2012
