104. The experiences of a survey investigating the results of education for national defence among fourth formers in a grammar-school. [Written by]: György Ágoston, Mrs. Kerekes [Mária Nagy], Elemér Kunsági, Mrs. Nagy [Margit Varga], János Nagy, Sándor Orosz, Eva Rózsa. = Acta Univ. Szeg. de A. J. nsm. Sect. paed. et psych. 12. Szeged, 1968. 5-20. p.
Op. too.
105. János Nagy: Commemorating the 15th of March in primary school classes. = Módszertani Közlemények. Vol. 3. 1963. Nr.1. 24-30. p.

See: 251.

Community education

106. György Ágoston:
The criteria of community and its significance in communist education. = Köznevelés. Vol. 17. 1961. Nr. 11. 710-712. p.
107. János Nagy:
The community of students and their self-government at the university. = Educational experiences in higher education. Bp. 1968, multiplication of HPRC 101-126. p. /A guide by a Special Committee on Education, Association of the Hungarian Higher Education. 2./

Polytechnical training

108. György Ágoston:
Some requirements of educating many-sided people in the grammar-school vocational training. = Munka és Iskola. Vol. 2. 1960. Nr. 5. 1-5.p.
109. László Török:
The role of polytechnical training in the choice of career and in forming of the sense of vocation. = Minutes of the Hungarian Polytechnical Seminary. Vol. 2. 1967. [Publ. by the] Cultural Ministry [Bp. 1967] 15-22. p.

Aesthetic education

110. György Ágoston:
The Marxist notion of aesthetic education. = Pedagógiai Szemle. Vol. 21. 1971. Nr. 1. 4-9. p.
111. László Gruber:
The unity of education and culture. - Felsőoktatási Szemle. Vol. 27. 1978. Nr. 1. 56-568. p.

Physical training

Physical training

112. György Ágoston:
Acceleration and education. = Acceleration and education. (The 9th Pedagogical University Summer Course of SPK. A compilation of the lectures. Publ. by the Organization of SPK in county Csongrád) Szeged, 1972. 17-36.p.
113. György Ágoston:
Acceleration and education. - - 's lecture at the Summer University Course. = Délmagyarország, Vol. 62. 14. of July, 1972. 5. p.

The contents of instruction. Curricular design. lesson

114. György Ágoston:
The new grammar-school curricular design. = Köznevelés. Vol. 19. 1963. Nr. 2. 45-47. p.
115. Mrs. Nagy /Nagy Józsefné/ - József Nagy:
The typifying of lessons and the practical work of teachers. = Köznevelés. Vol. 19. 1963. Nr. 17. 555-556. p.
116. Sándor Orosz:
How can we analyse the material of the curricular design? = Köznevelés. Vol. 29. 1973. Nr. 23. 10-12. p.

See: 205, 214.

General forms, methods of education

117. György Ágoston:
Methods helping the regular learning of university students. = Acta Universitatis Debreceniensis de Ludovico Kossuth nominate. 13. 1967. Ser. pedagogica. 5. Debrecen, 1967. 35-41. p. Op.
118. Mrs. Nagy /Nagy Istvánné/:
Problems of preparing and elaboration at the biology lessons of the television. = The role of school-television in the instructive-educative work. (Bp. 1967), Tankönyvkiadó. 5-50. p.
119. Mrs. Nagy /Nagy Istvánné/:
Interpretation of a school-textbook with applied problem solutions in the 5th form. = A Biológia Tanítása. Vol. 8. 1969. Nr. 3. 78-82. p.
120. János Nagy:
Recapitulative lessons at the beginning of the school-year. = Módszertani Közlemények. Vol. 3. 1963. Nr. 4. 249. p.

121. János Nagy:
Some remarks about the primary inculcation.
= Módszertani Közlemények. Vol. 2. 1962. Nr. 3.
23-34. p.
122. János Nagy:
Recapitulatigns at the end of the school-year. =
Módszertani Közlemények. Vol. 3. 1963. Nr. 3.
166-180. p.
123. József Nagy:
Algorithms in the instruction. = Köznevelés.
Vol. 26. 1970. Nr. 9. 35-37. p.
124. József Nagy:
Strategies of education. = Köznevelés. Vol. 32.
1976. Nr. 17. 11-12. p.
125. József Nagy:
Theme-compensation education. /Plan-study/. =
Acta Univ. Szeg. de A. J. nom. Sect. paed. et
psych. 19. Szeged, 1977. 69-81. p. G

Programmed instruction

126. György Ágoston:
Programmed instruction and teaching machines. =
Köznevelés. Vol. 19. 1963. Nr. 16. 494-499. p.
127. Experiences of programmed instruction. Ed., preface:
György Ágoston Bp. 1966., Tankönyvkiadó, 118 p.
/Actual questions of pedagogy in Hungary/.
128. József Nagy:
Permanent recapitulation and programmed
instruction. = The programmed education. Results
and tasks. [Publ. by the] HPI. [Bp.] 1969.
136-140. p.
129. József Nagy - Vilmos Szendrényi:
Programmed instruction in the practice. A reflection
to Ernő Sárkány's study. = Köznevelés. Vol. 21.
1965. Nr. 21. 822. p.
130. József Nagy:
Some practical questions of programmed instruction.
= Szakmunkásnevelés. Vol. 17. 1966. Nr. 1.
13-16. p.
131. Vilmos Szendrényi - József Nagy:
The role of programmed themes in the instruction.
= Köznevelés Vol. 20. 1964. Nr. 8. 300-303. p.
132. Vilmos Szendrényi - József Nagy:
The role of programmed themes in the instruction.
= The role of modern technical means in pedagogy.
(Lectures delivered at the University Summer
Course. Szeged, 1964. [Publ. by the] Organization
of SPK in Csongrád county). Szeged, 1966.
177-185. p.

See: 215, 272.

Facultative education

133. Imre Csizsár:
Experimental catching-up process in facultative subject-group secondary education. = Acta Univ. Szeg. de A. J. nom. Sect. paed. et psych. 19. Szeged, 1977. 17-48. p. [B]
134. Imre Csizsár:
The process of orientation in experimental facultative subject group education. = The experiences of the experimental grammar-school facultative training. Acta Univ. Szeg. de A. J. nov. Sect. paed. et psych. Ser. spec. paed. Szeged, 1977. 21-52. p.

See: 276, 277, 278, 280, 284.

The control, evaluation of results, examinations

135. György Ágoston:
Arguments for the final examination. = A debate on the final examination. The main question is: what should it be like? Köznevelés. Vol. 24. 1968. Nr. 1-4. 12-15., 48-51., 91-94., 142-146.p.
136. György Ágoston:
Higher educational examining. = Introduction to higher education. [publ. by the] MPRC, Hungarian Pedagogical Society. (Bp.) 1975. 263-280. p.
137. György Ágoston - József Nagy - Sándor Orosz:
Measuring methods in pedagogy. Bp. 1971. Tankönyvkiadó. 371 pl. /Measuring results at schools./
Ditto: 2nd enlarged edition. 1974. 414 p.
138. György Ágoston - József Nagy - Sándor Orosz:
Measuring the level of knowledge at the end of a theme. = Köznevelés. Vol. 26. 1970. Nr. 3. 15-19. p.
139. Acta Universitatis Szegediensis de Attila József nominatae Sectio paedagogica. Series specifica. (Ed. György Ágoston). Standardized tests measuring skills. 1 - /Vol./ Szeged, 1973-.
140. Acta Universitatis Szegediensis de Attila József nominatae Sectio paedagogica. Series specifica. /Ed. György Ágoston). Standardized tests at the end of a theme. 1 - [Vol.] Szeged, 1973-.
141. Measuring results at schools. Ed. of the ser. György Ágoston. Bp. 1971-, Tankönyvkiadó.
142. The use of the multiple choice tests to control the efficiency of education. [Written by]: Rezső Szabó, ... Margit H. Ambrus ... etc. = Orvosi Hetilap Vol. 114. (1973). Nr. 35. 2101-2106. p.

143. The experiences of the use of electronic computers when examining medical students. [Written by]: Rezső Szabó, Margit H. Ambrus etc. = Orvosi Hetilap. Vol. 111. (1970). Nr.2. 63-67. p.
144. Mrs. Nagy /Nagy Istvánné/:
The significance of motivation in the recitation. = A Példrajz Tanítása. Vol. 9. 1966. Nr. 1. 10-13. p.
145. József Nagy:
Measuring skills in elementary calculation and the national level of its development. Bp. 1971. Tankönyvkiadó. 188 p. /Measuring results at schools/.
146. József Nagy:
Why do the red squirrels come? Troubles in the functioning of the pedagogical evaluation. = Köznevelés, Vol. 33. 1977. Nr. 33. 9-10. p.
147. József Nagy:
The marking in our school-system. = Köznevelés, Vol. 29. 1973. Nr. 1. 9-10. p.
148. József Nagy:
Standard grade. = Acta Univ. Szeg. de A. J. nom. Sect. paed. et psych. 16. Szeged, 1973. 87-110. p. [E]
149. József Nagy:
Standard grade. = Pedagógiai Szemle. Vol. 23. 1973. Nr. 3. 225-234. p.
150. József Nagy:
The directing evaluation of pupils with the help of problem-data banks in the theme-compensation education. = Directing the evaluation of pupils with the help of problem-data banks. Acta Univ. Szeg. de A. J. nom. Sect. paed. et psych. Ser. spec. paed. Szeged, 1977. 7-18. p.
151. József Nagy:
Practical questions of measuring the level of knowledge at the end of a theme. Bp. 1970, (Tempo) [Multiplication.] 126. p.
152. József Nagy:
Practical questions of measuring the level of knowledge at the end of a theme. Bp. 1972, Tankönyvkiadó. 148 p. /Measuring results at schools/.
153. Sándor Orosz:
Particular system of measuring the level of knowledge in Hungary, conforming to the possibilities of the integrated school-system. = Acta Univ. Szeg. de A. J. nom. Sect. paed. et psych. 15. Szeged, 1972. 27-96. p. [E]

154. Sándor Orosz:
Measuring the pupils' level of achievement.
[Publ. by the] Pedagogical and Psychological
Institute of the Attila József University in
Szeged. Szeged, 1968. 20 p. Multiplication.
155. Sándor Orosz :
Measuring the level of knowledge at the end of
a theme. = Köznevelés. Vol. 28. 1972. Nr. 11.
35-39. p.

School hygiene

156. László Török:
The overloading of secondary school pupils in
puberty. = Lectures delivered at the meeting
of the József Fodor School Hygiene Society.
Szeged, 28-29. of Sept. 1972. [Szeged, 1972].
62-67. 1. Multiplication.

The means of education

157. György Ágoston:
Pedagogical and psychological significance of
the application of audio-visual technical aids.
= Felsőoktatási Szemle. Vol. 15. 1966. Nr. 2.
65-69. p.
158. György Ágoston:
Pedagogical and psychological significance of
the application of audio-visual technical aids.
= Conference about the modern technical means
in higher education. [Bp.] 1965. XII. [2-4.]
Bp. 1968, 17-25. p. /Higher educational
pedagogical studies/.
159. György Ágoston - József Nagy - Sándor Orosz:
The role of technical means in education. =
Audio-vizuális Közlemények. [Vol. 2.] 1965.
4-5. 5-31. p.
160. The role of modern technical means in pedagogy.
(Lectures delivered at the University Summer
Course. Szeged, 1964. Ed. György Ágoston.
[Publ. by the] Organization of the SPK in
Csongrád county.) Szeged, 1966. 269 p.
161. Mrs. Nagy /Nagy Istvánné/:
The role of audio-visual aids in the education
of pedagogical subjects. = Felsőoktatási Szemle.
Vol. 20. 1971. Nr. 11. 678-681. p.
162. Mrs. Nagy, Margit Varga:
The concept and didactic value of the work
sheet. = Acta Univ. Szeg. de A. J. nom. Sect.
paed. et psych. 16. Szeged, 1973. 111-131. p. **E**

163. Mrs. Nagy /Nagy Istvánné/:
The role of work sheets in the activization of pupils. = The questions of the modern directing of learning. (The 8th Pedagogical University Summer Course of SPK. A compilation of the lectures.) Bp. 1971, (Print of the SPK) 103-125.p.
164. Mrs. Nagy /Nagy Istvánné/:
Geographical diapositives for the 5th form of the general school. Bp. [1969], Orsz. Tanszer-
gyártó és Értékesítő Váll. 98.p. /Tanszeris-
mertető. 2/69./
165. Mrs. Nagy /Nagy Istvánné/ - Mrs. Nagy /Nagy Vendelné/ -
Gyula Kérész:
The role of school television in the
instructive-educative work. Bp. 1967, Tankönyv-
kiadó. 128 p.
166. Mrs. Nagy /Nagy Istvánné/:
The treatment of programmes broadcast by the
school television with the help of work sheets.
[Geography, natural history - 5th form] = Köz-
nevelés. Vol. 22. 1966. Nr. 4. 134-136.p.
167. Mrs. Nagy /Nagy Istvánné/:
Relation-variations when using work sheets and
exercise-books. = A Biológia Tanítása. Vol. 10.
1971. Nr. 5. 138-141. p.
168. Mrs. Nagy /Nagy Istvánné/:
Answer to an all-round inquiry [concerning the
role of school television in education]. = Tévé-
pedagógia. Vol. 1. 1968. Nr. 3. 107-113. p.
169. Mrs. Nagy /Nagy Istvánné/:
Didactic value of the work sheets and exercise
sheets. = Pedagógiai Szemle. Vol. 18. 1968.
Nr. 12. 1084-1089. p.
170. Mrs. Nagy:
The work sheet in the system of the modern means
of education. = Magyar Pedagógia. Vol. 12. 1972.
Nr. 4. 423-431. p.
171. Mrs. Nagy /Nagy Istvánné/:
The contact of the work sheet with the text book.
= Földrajztanítás. Vol. 14. 1971. Nr. 4/5.
137-139. p.
172. Mrs. Nagy, Margit Varga:
The work sheet as a special form of programmed
education. = The experiences of programmed
education. Bp. 1966, Tankönyvkiadó. 83-118. p.
/Actual questions of pedagogy in Hungary/.

173. Mrs. Nagy /Nagy Istvánné/:
Application of work sheets in the 5th form. = A Földrajz Tanítása. Vol. 9. 1966. Nr. 6. 180-185. p.
174. Mrs. Nagy /Nagy Istvánné/:
The work sheet in preparing home learning. /A passage from a study./ = A Biológia Tanítása. Vol. 6. 1967. Nr. 4. 113-117.p.
175. Mrs. Nagy /Nagy Istvánné/:
The work sheet in the process of acquiring a learning method. ["Fruit-trees", - 5th form] = Magyar Pedagógia. Vol. 7. 1967. Nr. 4. 388-399. p.
176. Mrs. Nagy /Nagy Istvánné/:
The efficiency of the simultaneous application of television and work sheet in the instructive-educative work. = Tévépedagógia. Vol. 3. 1970. Nr. 6. 109-219. p.
177. József Nagy
The lantern slide plate. Contribution to Ervin Vladár's study: "Teaching history and the slide". = Történelemtanítás. Vol. 12. 1966. Nr. 5. 18. p.
178. Sándor Orosz:
The sound-film in the service of training teachers training. = A conference about the modern technical means in higher education. [Bp.] (1965. XII. [2-4].) Bp. 1968, 95-102. p. /Higher educational pedagogical studies/.

The relationship between school life and society

179. György Ágoston:
The direct social environment as an educator. /A lecture written for the conference of the European Comparative Pedagogical Society. Sevres, 1975. / = Acta Univ. Szeg. de A. J. nom. Sect. paed. et psych. 18. Szeged, 1975. 118 p. [F]
180. Éva Rózsa:
An investigation of the relationship between family and school at an all-day-school in Hódmezővásárhely. = Magyar Pedagógia. Vol. 8. 1968. Nr. 2/3. 208-220. p.

SUBJECT. METHODOLOGY

Junior school /Mother tongue, mathematics/

181. Mrs. Nagy /Nagy Jánosné/ - István Gazsó:
The introduction of numbers up to ten. = Módszertani Közlemények. Vol. 2. 1962. Nr. 3. 38-48. p.
182. Sándor Majzik - János Nagy:
Play with the number plate. Mathematics in the 1st form. = Módszertani Közlemények. Vol. 3. 1963. Nr. 2. 91-96. p.

183. Sándor Majzik - János Nagy:
The copying of a printed text with written letters in the 1st form. = Módszertani Közlemények. Vol. 2. 1962. Nr. 2. 43-49. p.
184. Sándor Majzik - János Nagy:
The application of the principle of consciousness in teaching 1st formers to write. = Módszertani Közlemények. Vol.3. 1963. Nr. 1. 3-9. p.
185. József Nagy:
Skills in the four species of calculation. - Acta Univ. Szeg. de A. J. nom. Sect. paed. Ser. specifica. Standardized skills measuring tests. Szeged, 1973. 171 p.
186. József Nagy - Imre Csáki:
Primary school contextual exercise data bank Junior school bank of exercises with text. = Acta Univ. Szeg. de A. J. nom. Sect. paed. Ser. specifica. Standardized skills measuring tests. 2. Szeged, 1976. 234 p.
187. József Nagy - Mrs. Tankó:
An investigation of the skill in calculating in the numerical system 20. = Pedagógiai Szemle. Vol. 18. 1968. Nr. 7/8. 648-656. p.

Mother tongue and literature

188. Sándor Orosz:
Data to the development of orthography and to the pupils' knowledge of grammar. = Our mother tongue in the general school. The material of the regional congress organized in Nyiregyháza. 6-8 of April, 1972. Bp. 1974, Tankönyvkiadó. 98-99. p.
189. Sándor Orosz:
Reflections about the debate on teaching composition. = Magyartanítás. Vol. 9. 1966. Nr. 1. 25-35. p.
190. Sándor Orosz:
Making pupils write compositions and the correction in the senior section of the eight-year general school. = Modern teaching of Hungarian. (The material of the winter seminary organized in Szabadka in 1967. Novi Sad, 1968). 24-50. p.
191. Sándor Orosz:
Results and tasks of teaching composition. The lessons of a representative. = Köznevelés. Vol. 26. 1970. Nr. 5. 27-30. p.
192. Sándor Orosz:
Measuring-methodical problems of composition technique and its national level. Szeged, A candidate's dissertation. Szeged, 1970. 370 p. Typescript.

193. Sándor Orosz:
Measuring-methodical problems of composition technique and its national level. Szeged, 1970. [TMB, Bp.] 16 p. /Theses of a candidate's dissertation/.
194. Sándor Orosz:
Measuring-methodical problems of composition technique and its national level. Bp. 1972, Tankönyvkiadó. 207. p. /Measuring results at schools/.
195. Sándor Orosz:
Measuring-methodical problems of composition technique and its national level. /Theses of a candidate's dissertation/. = Pedagógiai Szemle Vol. 22. 1972. Nr. 12. 1069-1077. p.
196. Sándor Orosz:
Standard evaluation of orthography. = Köznevelés. Vol. 27. 1971. Nr. 13. 33-39. p.
197. Sándor Orosz:
The development of orthography from the 5th form of the general school to the 4th year of the secondary school. Bp. 1974, Tankönyvkiadó. 88 p. 3 pl. /Measuring results at schools/.
198. Sándor Orosz:
Teaching the theory of literature in school. = Modern teaching of Hungarian. (The collection of the lectures held at the winter seminary organized in Szabadka in 1968 and 1969). Novi Sad, 1969. 211-224. p.
199. Sándor Orosz:
Teaching composition in secondary schools. [A doctoral dissertation. Szeged, 1962]. 184, [3] 1. Typescript.
200. Sándor Orosz:
Teaching composition in secondary schools. [Passage from a dissertation]. = Acta Univ. Szeg. de A. J. nom. Sect. paed. et psych. 8. Szeged, 1964. 3-18. p.
201. Sándor Orosz:
Hungarian grammar. 5th form of eight-year general school. = Acta Univ. Szeg. de A. J. nom. Sect. paed. Ser. Specifica. Standardized tests at the end of a theme. 1. Szeged, 1973. 228 p.
202. Sándor Orosz:
Hungarian grammar. 6th form of eight-year general school. = Acta Univ. Szeg. de A. J. nom. Sect. paed. Ser. specifica. Standardized tests at the end of a theme. 2. Szeged, 1973. 200 p.

203. Sándor Orosz:
Hungarian grammar. 7th form of eight-year general school. = Acta Univ. Szeg. de A. J. nom. Sect. paed. Ser. specifica. Standardized tests at the end of a theme. 3. Szeged, 1974. 161 p.
204. Sándor Orosz:
Hungarian grammar. 8th form of eight-year general school. = Acta Univ. Szeg. de A. J. nom. Sect. paed. Ser. specifica. Standardized tests at the end of a theme. 4. Szeged, 1975. 297 p.
205. Sándor Orosz:
Can the curriculum material be learned? = Köznevelés. Vol. 30. 1974. Nr. 14. 10-11. p.
206. Sándor Orosz:
Possibilities of exact measurement concerning the pupils' achievement in composition. Acta Univ. Szeg. de A. J. nom. Sect. paed. et psych. 11. Szeged, 1967. 3-14. p. Op.

See: 247

Foreign language

207. József Nagy:
Quantitative planning of the teaching of foreign languages. = Magyar Pedagógia. Vol. 8. 1968. Nr. 2-3. 240-253. p.
208. József Nagy:
Skills and proficiency in foreign languages. Some problems of the notion of skill and proficiency. = Pedagógiai Szemle. Vol. 13. 1963. Nr. 1. 31-43. p.
209. József Nagy:
Some problems of developing skills and proficiency in foreign languages. A doctoral dissertation. [Szeged], 1963. 257 l. Typescript.
210. József Nagy:
Some problems of developing skills and proficiency in foreign languages. [Passage from a dissertation]. = Acta Univ. Szeg. Sect. paed. et psych. 8. Szeged, 1964. 21-36. p.
211. József Nagy - János Szarka:
Some problems of teaching to read specialized texts in our institutions of higher education. = Felsőoktatási Szemle. Vol. 12. 1963. Nr. 7-8. 455-461. p.
212. József Nagy - János Kunstár:
Some problems of developing writing skills in Russian. [1-2.] = Az Idegen Nyelvek Tanítása. Vol. 7. 1964. Nr. 4. 110-120. p. Nr. 5. 129-134. p.

Mathematics

213. Margit Ambrus, Mrs, Hunya:
The use of mechanical aids in mathematical higher education. = Felsőoktatási Szemle. Vol. 16. 1967. Nr. 10. 603-311.p.
214. István Gazsó:
Our books of mathematics in the secondary school after 1949. A doctoral dissertation. Szeged, 1960. [3], 101. l. Typescript.
215. József Nagy:
Programmed teaching of decimals. = The experiences of programmed instruction. Bp. 1966, Tankönyvkiadó. 9-49. p. /Actual questions of pedagogy in Hungary/.

See: 131, 132, 145.

Scientific subjects. /Mechanics, chemistry, biology, geography/

216. János Pekete:
The reflection of the specialized scientific content in the curriculum and text book of the subject "Mechanics". = Középfoku Szakoktatás. Vol. 8. 1975. Nr. 6. 37-39. p.
217. Elemér Kunsági:
Practical lessons in Biology in secondary school. A subject methodological approach. A doctoral dissertation. Szeged, 1958. 78 l. Typescript.
218. Elemér Kunsági:
Practical lessons in Biology practice in secondary school. A subject methodological approach. [Passages from a dissertation]. = Acta Univ. Szeg. Sect. paed. et psych. 4. Szeged, 1958. 14 p.
219. Elemér Kunsági - Mrs. Vida:
Chemistry. 7th form of eight-year general school. = Acta Univ. Szeg. de A. J. nom. Sect. paed. Ser. specifica. Standardized tests at the end of a theme. 5. Szeged, 1973. 237 p.
220. Elemér Kunsági - Mrs. Vida:
Chemistry. 8th form of eight-year general school. = Acta Univ. Szeg. de A. J. nom. Sect. paed. Ser. specifica. Standardized tests at the end of a theme. 6. Szeged, 1974. 340 p.
221. Elemér Kunsági - Mrs. Vida:
Work sheets opening a new theme in the teaching of chemistry in the 8th year of general school. = Directing evaluation of pupils with the help of problem-data banks. = Acta Univ. Szeg. de A. J. nom. Sect. paed. et psych. Ser. spec. paed. Szeged, 1977. 25-45. p.

222. Mrs. Nagy /Nagy Istvánné/:
Application during the television [geography]
lesson. = Köznevelés. Vol. 22. 1966. Nr. 20.
775-776. p.
223. Mrs. Nagy /Nagy Istvánné/:
Organizing group-work at the lessons of natural
history. = A Biológia Tanítása. Vol. 8. 1969.
Nr. 1. 17-23. p.
224. Mrs. Nagy /Nagy Istvánné/:
How can we have our pupils approach notions of
political economy used in geography? =
Experiences of the teachers of geography. 3.
[Bp. 1963], Tankönyvkiadó. 3-22 p. /Experiences
of Hungarian teachers. 9./
225. Mrs. Nagy /Nagy Istvánné/:
Every pupil has to apply! = A Földrajz Taní-
tása. Vol. 8. 1965. Nr. 6. 173-179. p.
226. Mrs. Nagy /Nagy Istvánné/:
Pupils' initiative /in classroom work/ at
geography lessons. A doctoral dissertation.
[Szeged], 1964. [2], 174 l.
Typescript.
227. Mrs. Nagy, Margit Varga:
Pupils' initiative /in classroom work/ at
geography lessons. [Passage from a dissertation].
= Acta Univ. Szeg, Sect. paed. et psych. 8.
Szeged, 1964. 37-54. p.

See: 118, 164, 166.

Physical training

228. József Nagy:
Why do "the, otherwise, well-intentioned experts"
debate? = The subject-character of physical
training. [Contributions to Zoltán Kálmánchey's
article]. = Köznevelés. Vol. 23. 1967. Nr. 24.
933-934. p.

Miscellaneous

229. György Ágoston:
The teaching of constitution and civil rights in
the French secondary schools. = Köznevelés.
Vol. 18. 1962. Nr. 22. 698-699. p.

The role of socialist children- and youth organizations in organizing the activity outside education. = Probleme der ausserunterrichtlichen Bildung und Erziehung in der sozialistischen Schule. Hrgg. v. d. Universität Rostock [Rostock], 1974. 136-142. p. [G]

Inter-school competitions, competitions

237. László Gruber:
The [Sixth] Conference of the Hungarian Scientific Student Societies. = Felsőoktatási Szemle. Vol. 13. 1964. Nr. 1. 48-49. p.

Cultural competitions

238. László Gruber:
University choir at the Montreux Meeting of Choirs. = Felsőoktatási Szemle. Vol. 22. 1973. Nr. 7-8. 495-497. p.

239. László Gruber:
National University and College Art Festival in
Szeged. = Felsőoktatási Szemle. Vol. 15. 1966.
Nr. 6. 382-383. p.

Methods of filling out the leisure time

240. László Gruber - András Vágvölgyi:
Collegium Artium. Collegium Polytechnikum. A
facultative way of training students for popular
education. = Népművelés. Vol. 10. 1963. Nr. 4.
16-17. p.
241. László Gruber - András Vágvölgyi:
A facultative way of training students for
popular education and cultural work at the Attila
József University. = Felsőoktatási Szemle, Vol. 12.
1963. Nr. 6. 345-349. p.
242. László Gruber - László Szentirmai:
Cultural life at our University. = Report of the
University. 1948-1967. Szeged, 1968. 129-137. p.
243. László Gruber:
Cultural education - self-culture - entertainment.
A successful year in the cultural life of the
Attila József University. = Szegedi Egyetem,
Vol. 8. 1970. Nr. 10. 7. p.
244. László Gruber:
The Collegium Artium of the Attila József
University is ten-year-old. = Felsőoktatási Szem-
le. Vol. 17. 1968. Nr. 4. 247-249. p.

See: 111.

EDUCATION OF ADULTS

245. József Nagy:
[Contribution to Gyula Csoma, Yr's lectures:
Basic problems of the educative and instructive
process in the evening school.] = 1st Hungarian
Conference of Adult Education. (11-13 of Dec.
1963.) [Publ. by the] Trade Union of Pedagogues
[Bp. 1965.] 82-83. p.
246. Features of adult education. (Ed. Sándor Oroz). Bp.
1967, Tankönyvkiadó. 115 p. /Actual questions of
pedagogy in Hungary/.
247. László Török:
Some general and subject-didactic problems of
teaching Hungarian language and literature in
secondary school corresponding instruction.
/A competition advertised by the Municipal
Cultural Department of Szeged/. [Szeged], 1962.
31 l. Typescript.

See: 242, 345.

THE TRAINING AND POSITION OF TEACHERS

Teacher-training

248. György Ágoston:
Forms of possible co-operation of government authorities and universities in realizing pedagogical research programs. /Document of the session of pedagogical research workers. Toronto, 1968./ = Acta Univ. Szeg. de A. J. nom. Sect. paed. et psych. 14. Szeged, (1971). 3-14. p. Op.
249. György Ágoston:
University training of teachers, practising schools, year of probation. = Magyar Pedagógia. Vol. 13. 1973. Nr. 3. 276-287. p.
250. György Ágoston - Mrs. Nagy, Margit Varga:
Practical pedagogical training of 3rd-year students preparing to be secondary school teachers. = The role and leading of practice in higher education. Bp. 1972, 329-378. p.
251. György Ágoston:
The teaching of national defence in the pedagogical training of would be-teachers. = Felsőoktatási Szemle. Vol. 17. 1968. Nr. 3. 156-163. p.

ACTA UNIVERSITATIS SZEGEDIENSIS DE ATTILA JÓZSEF NOMINATAE
volumes in the series SECTIO PAEDAGOGICA ET PSYCHOLOGICA

/Tom. 1. Title: Acta Universitatis Szegediensis.
Paedagogia et Psychologia

Tom. 2-9. Title: Acta Universitatis Szegediensis.
Sectio Paedagogica et Psychologica/.

Letters

Key to the letter standing given the title of the study:

E = the study was published in English

R = the study was published in Russian

G = the study was published in German

F = the study was published in French

H = the study was published in Hungarian

1. Béla Tettamanti: Culture and public education in the age of the brightest period and crisis of the ancient Greek city-states. [H]

József Király: The placticity of the nervous system and the problem of educability. [H]

József Király: A new instrument for the determination of reaction time. [H]

József Király: Ferenc Kereszturi. [H]

János Muhy: Gyula Schwarz's views on cultural policy. [H]

1956. 107 p.

2. József Király: colour hearing and the conditioned reflex. [H]

1957. 20 p.

3. Béla Tettamanti - György Geréb: A debate on the world view of Comenius and on his standpoint concerning the theory of cognition. [H] 1957. 27 p.

4. Elemér Kunsági: Biology practice in secondary schools. A subject methodological approach. [H] 1958. 14 p.

5. Lajos Makai: Physics practice in secondary schools. A subject methodological approach. [H] 1958. 18 p.

6. György Ágoston: The possibilities of Hungarian higher educational institutions in preparing students for scientific research work. [H]

Lajos Duró: Some questions on training resident assistant masters for boarding-schools. [H]

1962. 32 p.

7. The experiences of student teachers' psychological and pedagogical practices in secondary schools.

Lajos Duró: The educational effect of student teachers' psychological practice. [H]

József Nagy: The experiences of the school observations of third year university students preparing to be teachers. [H]

Elemér Kunsági: Some experiences of school practices in the country. [H]

1963. 43 p.

8. Dissertations written in the Pedagogical and Psychological Institute of the Attila József University in Szeged. Part 1.

Sándor Orosz: Teaching composition in secondary schools. /1962/ [H]

József Nagy: Some problems of developing skills and proficiency in foreign languages. /1963/ [H]

Mrs. Nagy, Margit Varga: Pupils' initiative /in classroom work/ in geography lessons. /1964/ [H]

1964. 54 p.

9. Dissertations written in the Pedagogical and Psychological Institute of the Attila József University in Szeged. Part 2.

Kálmán Németh: Some theoretical and practical problems of the psychological cognition of pupils' personalities. /1965/ [H]

József Veczkó: Some psychological problems of damage originating from the environment and disturbances in personality. /1965/ [H]

László Veszprémi: The influence of the psychophysical regeneration on the performance of pupils. /1964/

[H]

1965. 67 p.

10. György Ágoston: Modernization of education as a social need. [H]
 Lajos Duró: Methodological problems in the pedagogical-psychological application of sociometrical methods. [H]
 Sándor Orosz: The teaching practice of student teachers in secondary schools. [H]
 1966. 62 p.

 József Veczkó: Data on the psychological study of the relation of pupils to the school. [H]
 Mrs. Kerekes, Mária Nagy: The teaching of psychology in grammar schools and its influence on personality-formation. [H]
 1967. 47 p.
12. The experiences of an investigation made among fourth-grade pupils at grammar-schools on the results of patriotic education.
 /Written by/: György Ágoston, Mrs. Kerekes, Mária Nagy etc. [H]
 Éva Rózsa: Pedagogical sociology in the work of the practising teacher. [H]
 József Veczkó: A psychological study of those factors which form the pupils' relation to school. [H]
 1968. 51 p.
13. János Nagy: Making use of the experiences of the Hungarian Soviet Republic in the development of our socialist education after Hungary's Liberation. [H]

György Ágoston - Elemér Kunsági: An investigation of children's ideals. [H]

Lajos Duró: Methodological problems of the sociometrical examination of the personality. [H]

János Veidner: The notion of specific weight and the divergent programme of weight- and specific weight calculation in the 6th. form of general school. [H]

1969. 110 p.

14. György Ágoston: Forms of cooperation between the government and the university in the interest of the promotion of research. /Document of the pedagogical scholars' meeting in Toronto in 1968./

[F]

Irén Wojnar: Art and the development of human integrity. [F]

Éva Rózsa: The forms of full-time education in Hungary. [F]

András Vágvolgyi: Young graduates and their identification with their chosen career. [E]

József Veczkó: Psychological study among elementary and middle school teachers regarding their knowledge of children. [G]

1970-1971. 110 p.

15. György Ágoston: Relations between secondary school education and higher education in Hungary. /A lecture written for the scientific session of the Pedagogical Institute of the Ruhr University in Bochum

in 1971./ [G]

Sándor Orosz: Particular system of assessing the level of knowledge in Hungary, conforming to the possibilities of an integrated school-system. [E]

1972. 97 p.

16. Éva Rózsa: The possibilities of bringing instruction in school care centres/all-day centres/ up-to-date. G
- József Veczkó: Data on the pedagogic psychologic study of the relation of pupils to the school. E
- József Nagy: Standard grade. E
- Mrs. Nagy, Miss Margit Varga: The concept and didactic value of the work sheet. E
1973. 135 p.
17. György Ágoston - Sándor Orosz: An experiment to transform the structure of secondary school education. E
- Helmut Brauer: Early diagnosis of the conditions of written language acquisition from the methodical and methodological points of view. G
- József Veczkó: Pupils' opinions on their teachers' behaviour forms. E
- Elemér Kunsági: An investigation of the ideals of secondary school students. E
1974. 171 p.
18. György Ágoston: Community as educator. /A lecture written for the conference of the European Comparative Pedagogical Society. Sevres, 1975./ F
- Éva Rózsa: Leisure-time in day-long school. G
- Jenő Gergely: Ethical judgement of students with impaired hearing. G
- András Zakar: Motivations and altering factors of teenagers' choices of career. G
- Dr. H. Radtke - Dr. G. Hahn: Methodological and theoretical-ideological bases of a new method to assess the main outcome of education. G
1975. 118 p.

19. György Ágoston: The structure of educational research and its coordination. /A lecture written for the conference of the leaders of the European pedagogical institutions. Hamburg, 1976./ [E]

Imre Csizsár: Experimental catching-up process in facultative subject group secondary education. [E]

Mrs. Kemény, Miss Erzsébet Gyimes: Some connections concerning the interpersonal relationships and value-orientation of the human personality. [G]

József Nagy: Theme-compensation education. /Study on a project/ [G]

1977. 85 p.

TITLE INDEX

**about the publications appearing
under their title**

Acta Universitatis Szegediensis de Attila József nominatae.
Sectio paedagogica et psychologica.

281.

Acta Universitatis Szegediensis de Attila József nominatae.
Sectio paedagogica et psychologica. Series specifica
paedagogica.

282.

Acta Universitatis Szegediensis de Attila József nominatae ...
Standardized tests measuring skills.

139.

Acta Universitatis Szegediensis de Attila József nominatae ...
Standardized tests used at the end of a theme.

140.

Measuring results at schools.

141.

How our students graduated in 1968-72 could cope with their
work.

73.

Particularities of the education of adults.

246.

Illustrions persons of Hódmezővásárhely.

365.

The tasks of the education of national defence in the course
of the educative work at schools.

102.

School and national defence.

103.

School policy, education.

7.

The youth of our age.

343.

Educational tasks of our age and the co-operation of educational factors.

85.

The Langevin-Wallon project.

33.

The role of modern technical means in the pedagogy.

160.

The usage of the multiple choice tests ..."

142.

The experiences of a survey investigating ... among fourth formers in a grammar-school.

104.

Pedagogy Vol.1.

328.

Pedagogy Vol.2.

329.

The bases of pedagogy and the theory of education.

330.

Experiences of programmed instruction.

127.

The choice of career of pupil-teachers.

64.

The nature of the work of the head of the department at the university.

67.

The experiences of the usage of electronic computers.

143.

List of the doctoral dissertations
written

in the Pedagogical Department of the Attila József University

/1958-1978/

1958.

- Alajos Kardos: Physical culture through the history of civilization. 1957 . 2 ; 104 l.
- Lajos Makai: Physics practice in secondary schools. A subject methodological approach. 1957 . 66 l.
- Mrs. Biczók: Chemistry practice in secondary schools. A subject methodological approach. 1958. 75 2 1.
- Elemér Kunsági: Biology practice in secondary schools. A subject methodological approach. 1958. 78 l.
- Ferenc Stéger: Illustration and films on mathematics. 1958 . 76 l.

1959.

- Sándor Kőte: Some questions of public education at the time of the Hungarian Soviet Republic. = Pedagógiai Szemle, 1959. vol. 9. number 3. pp. 223-252.

1960.

- Mrs. Sipos, Éva Kedves: The possibilities and use of demonstration in teaching physics. 1959. 109 l.
- Zoltán Kálmánchay: The part played by physical training in charactermoulding, with special regard to developing will-power. 1959. 108 l.
- István Gazsó: Mathematics textbooks for secondary schools in Hungary after 1949. 1960. 3 , 101 l.

1962.

- László Czimer: Teaching practical subjects in general school. A methodological approach. Bp. 1961, Tankönyvkiadó. 317 p.
- Sándor Orosz: Teaching composition in secondary schools. 1962 . 184, 3 l.

1963.

- József Nagy: Some problems of developing skills and proficiency in foreign languages. 1963. 257 l.
- László Jáki: Principal sources of educational research. 1963 . XIV, 169 l.

1964.

- Nándor Tihanyi: The first decline in correspondence courses in secondary education. 1963 . 177 l.
- András Kiss: Ézsaiás Budai as teacher and school organizer. 1964. 176 l.
- László Veszprémi: The influence of physical training on intellectual achievement. 1963. 92 l. 10 ill.
- Rudolf Nemes: Degree of operation and level of proficiency. 1964. 105 l. 19 ill.
- Mrs. Nagy, Margit Varga : Pupils' initiative /in classroom work/ in geography lessons. 1964. 2 , 174 l.
- Péter Varsányi: István Széchenyi's educational views. 1964. 2 , 182, 5 l.
- Géza Turai: A history of repetition and continuation classes from 1868 to 1964. /Tuition of young people over school-leaving age as a part of Hungarian public education./ 1964. 2 , 278, 4 l.

1965.

- Béla Váry: Some problems of weights and measures in physics teaching - with special regard to secondary education. 1964 . 75, 2 l.
- József Kemenes: A history of comprehensive primary education in Győr-Sopron County, 1945-1963. 1964 . 2 . 100 l.
- István Hollós: Disciplinary training of convicts. 1965. 122, 2 l.
- Gyula Scholz: Construction and use of teaching machines. 1965. 214 l. 3 ill.
- Ferenc Kiss: Educating young people in spontaneous activity. 1965. 2 , 171 l.

1966.

- Endre Mihály: Educational methodology of agricultural practical training. 1965. 304 p.
- Barnabás Terray: Some characteristics of the school system in the first half of the Reform Age. /Petőfi's school years./ 1965. 94 l.
- Béla Révész: The place and role of educational films in the teaching process. 1966. 152 l.
- János Nagy: A history of education. Proposed notes for university students. 1966. 391 l.
- Sándor Rosta: Teaching Russian with audio-visual aids. A report on the results and conclusions of an experiment. 1966. 2 , 139 l.

1967.

- András Vágvölgyi: The influence of television upon education and the way of life of the individual, and its role in shaping consciousness. /Report on the findings of a survey./ 1967. 122, 2 l.
- Ferenc Frigyes Gyaraky: Elements of didactic algorithms. 1-2. 1966 . 366 l.
- Kálmán Mosonyi: Characteristic logical mistakes in arithmetic and geometry made by senior pupils in eight-grade primary schools. 1967 . 197 l.
- Lajos Hofer: School education in Hungarian in the Czechoslovakian Socialist Republic. 1967. 2 , 185, 2 l.
- Lajos Békési: Some questions of instilling a sense of vocation in students at the Teachers' Training college in Budapest. Bp. 1967 100, 2 l.

1968.

- Pál Valkusz: An examination of the results of and attempts in the modernization of physics teaching in eight -grade primary schools. 1968. 3 , 145 l.
- Tamás Kozma: The emergence of neopositivism in English and American pedagogy. /A critical survey of "analytic educational philosophy"/ 1968. 255. l.

- János Veldner: The possibilities of programming in physics teaching. Traditional and programmed instruction. 1967. 4, 217 l.
- László Zoltán: Szentirmai: An inquiry into the structure of university students' leisure time, with special regard to reading. /Findings of two surveys based on questionnaires./ 1968. 145, 1 l.
- Bertalan Fekete: Education problems of the Serbo-Croatian national minority schools in Hungary. 1968. 195 l.
- András Fésűs: Cyclical teaching of languages. 1968. 2, 299 l. 2 ill.
- Mrs. Vize, Éva Mária Szelei: Research work by pupils in the physics study circles in grammar schools. 1968. 5, 207 l.
- 1969.
- Géza Kovács: Correlations between the working capacity and physical training of school-children as reflected in actual investigations, with special regard to the capacity for intellectual work. 1968. 106 l.
- Lajos Tóth: The advance in school direction and management in socialist Yugoslavia. 1969. 223 l.
- János Koczka: A comparative study of the development of types of schooling. An international approach. Bp. 1969. 413, 3 l.
- Zoltán Báthory: Cheating the range of knowledge of school-children and the assessment of their performance. 1969. 109 l. 5 ill.
- Ferenc Jónás: Educational meteorology. 1969. 119 l.
- Péter Kovács: An inquiry into the moral consciousness of boys and girls attending secondary school /based on an educational analysis of their opinion about proletarian internationalism./ 1969. 112, 6, LV l. 9 ill.

- Károly Vezér:** Some educational problems of the pattern of failure in examination. 1969. 128 l.
- István Sipos:** Experiences in instilling a correct attitude towards the community and manual labour among the pupils of the István Dobó Comprehensive Secondary School in Eger. 1969. 170 l.
- János Pálmai:** Choice of occupation by pupils at eight-grade primary schools. /An inquiry based on the needs of society, the expectations of the family and the requirements of schools as a complex system of mutual influences./ 1969. 158 l.
- József Kovács:** Some basic problems of the education and psychology of music in conservatories and the importance of understanding the personality of pupils. 1969. 137 l.
- 1970.
- Gábor Kovács:** A teaching staff's efficiency in education. An inquiry. 1969. 140 l.
- István Berényi:** A study of the relations between family and school. 1969. 130 l.
- József Diós:** "Modernizing" the teaching-learning process by means of machine programmes. 1969 . 310, 2 l.
- Jože Ritoc:** The role of singing and musical instruction in the aesthetic education of children. 1970. 100 l.
- József Pappi:** The method of intensive study as employed in teaching mathematics to junior pupils at eight-grade primary schools. Possibilities and results. 1970. 217 l.
- Mátyás Horváth:** Teaching Hungarian language to senior pupils at Hungarian primary schools in the Voivodina. A survey of its efficiency. 1970. 2 , 251, 69 l. 18 ill.

1971.

Elemér Várnagy: Handicapping factors and their influence on the child's personality. 1971. 2, 207 l.

Gáza Pallyay Farkas: Problems of training eight-graders in electrotechnics in primary schools. 1971. 118 l.

Imre Csáki: Teaching mathematics in the first four years of general school. Traditions and new methods. Bp. 1965, Tankönyvkiadó. 426 p.

1972.

László Kincses: A study of adolescents' attitudes towards the subjects taught in Hungary. 1972. 103, 2 l. 19 ill.

András Vaskor: Characteristic mistakes in mathematics. A survey of their frequency and nature as they occur during lessons in secondary schools. 1971. 102 l.

András Kálmán: The optimum logical order for problem-solving in technological instruction. /Methods of preparing, stating and solving problems./ 1971. 154 l.

Mrs. Sásdi, Ilona Rabb: Forming communities in the junior school. 1972. 124, 2 l.

Pál Mérei: The educational efforts of the Hungarian Soviet Republic to inspire a correct attitude towards work. 1972. 136 l.

Ferenc Kutas: Tested possibilities and result of using a tape recorder in the process of teaching composition to fifth-graders in eight-grade primary schools. 1971. 118 l.

József Dzsatkó: Directing learning at schools with modern technical aids. 1972. 107 l.

Mrs. Déri /Veronika Fehér/: Students from abroad in Hungary. 1972. 91, 20, XII l. 21 ill.

- Mrs. Flóri, Györgyi Várnai: The social and educational functions of the scholarship system in higher educational institutions. /An inquiry into the experiences of implementing order No./ 141/1969/ M. K. 12, issued by the Minister of Culture and Education at the Medical University in Szeged. 1973. 2, 124 l.
- Elemér Biszterszky: Theoretical foundations of programmed instruction and a critical comparison of its trends. 1973. 168 l.
- Mrs. Katona, Magda Balogh: Choice of occupation by children under state care in welfare centres. Bp. 1972. 2, 216 l.
- Éva Gulácsy: Pestalozzi, the founder of modern protection of children. 1972. 265 l. 49 l. insets.
1973.
- Lajos Szigeti: Some problems of the psychology of education in the process of callisthenic training. Role and significance of purposefulness, activity and success in physical training. 1972. 2, 197 l.
- Lajos Ujhegyi: The efficiency of educational television: some educational and psychological questions. Bp. 1973. 110. l.
- Géza Dobó: Assessing the attainment of fifth-graders in natural history on completing thematic units of the syllabus in eight-grade primary schools. /as well as an analysis of attainment on a nation-wide scale/ 1973. 208 l.
- Kálmán Benő: The beginnings of formal adult education in Hungary between the years 1945 and 1948. 1973. 79 l.
- Zsuzsanna Szántó: Catholic primary education in Hungary from the Treaty of Szatmár to the issue of Ratio Educationis, 1711-1777. 1973. 2, 144 l.

- János Perényi: A new structural model of practical training and its influence upon school achievement. /Experiments carried out within the subject "Gauging"/ 1973. 4 , 115 l. 1 inset.
- Sándor Török: The workload of pupils in vocational secondary schools. A study. 1973. 6 , 100, 7 l. 34 ill.
- Mária Szabó G.: Parents' expectations of instruction and education at school. 1973 . 5 , 146, 14 l.
1974.
- Péter Bolgár: Computer-assisted instruction and other applications of computers in the process of instruction. /1973/. 119 l.
- József Gácsér: Nationalization of schools in Békés county, 1948. Békéscsaba, 1973, /Printing house Kner/ 171 p.
- Ottó Hoffmann: Teaching Hungarian to senior pupils at eight-grade primary schools. /An experimental outline of a new way of teaching Hungarian as a subject./ 1973. 6 , V, 452 l.
- Mrs. Ferka, Julianna Sallai: How to read special literature in Russian: some methodological problems. 1973 213 l.
- Jenő Farkas: Possible use and effectiveness of work-sheets and test-sheets in developing an all-round personality - with special regard to teaching physics in eight-grade primary schools. An inquiry. 1973 . 155, 44 l.
- Tibor Benedek: On the educational tasks of the road-transport service management. /An educational-sociological inquiry into the activity of VOLAN Company No. 10./ 1974. 247 l.
- Mihály Horváth: Educational views of a Hungarian writer, András Fáy. 1972. 147 l.

- József Bangha: Principal problems of teaching draughtsmanship in vocational secondary schools as seen by school-inspectors. 1974. 293 l.
- Béla Rendes: Helping fifth-graders at eight-grade primary schools to form historical notions. 1974 . 133, 7 l.
- János Fekete: Structural analysis of the school curriculum. Some theoretical and practical problems. 1974. 2 , 192 l.
- Mrs. Bilibok /Zsuzsanna Pribelezky/: Contributions to the history of Sámuel Tessedik's social and educational struggles and of his influence in the town of Szarvas. 1974. II, 201 l. 1 ill. 60 I. inset
- Endre Németh: Results of using complex text-sheets in teaching biology to second-formers in grammar schools. 1974. 184, 41 l.
1975.
- János Bálint: The effectiveness of the constant use of tests in developing mathematical attainments of school-children. 1974. 101 l.
- Mrs. Drien, Angéla Movik: Educational problems of instilling socialist patriotism and proletarian internationalism in senior pupils at eight-grade primary schools. 1975. 7 , 162, VIII l.
- Károly Binder: Doctoral dissertation in "Mechanical engineering practice at the Technological Department of the Teachers' training College." 1975. 181 l.
- Láezló Szanyi: Investigations into group structure. 1975. V, 236 l.
- Mrs. Kunstár, Erzsébet Rényi: Results and defects in teaching mathematics in eight-grade primary schools as seen by test-sheets for sixth-graders,

at the close of a thematic unit of the syllabus. 1975. 203 l.

- Sándor Vincze: The Zsigmond Móricz Grammar and Secondary Commercial School at Kisujszállás, during the period of the educational reform /1958/59 - 1972/73/. 1974. 225 p.
- Árpád Bartha: Analysis and use of the multiple-choice method of examination in higher technological education. 1974. 2, 126 l.
- Miklós Keresztesi: A possible software system of assessing knowledge. vol. 1-2. 1975. 164 l. 3 ill. 18 insets.
- László Bárány: The part of the structure of needs in shaping personality. 1975. 177 l.
1976.
- István Varga: Improving the spelling performance of a form. An experiment carried out in a vocational secondary school. 1975. 2, 56 l. 2 ill.
- Mrs. Csongvay, Aranka Biczó: Inquiry into the emotional manifestation of young people damaged by their environment, and the importance of the damage in the formation of their personality. 1975. 2, 247, 6 l.
- Mrs. Dancs, /Rozália Hodu/: Data on the organization of the eight-grade primary school. 1975. 2. 143 l.
- Endre Héjjas: The effectiveness of teaching Russian language in the eight-grade primary school. An investigation made among apprentices. 1976. 286 l.
- Katalin Forrai /Rózsa/: The social effects of making districts among schools. 1976. 150 l.
- Mrs. Horváth, Sára Szabó: The effectiveness of using audiovisual aids in language teaching. 1976. 3, 126, 5 l.

- Zoltán Horváth: A pedagogical investigation into secondary school pupils' value-orientation in the community. 1976. 2 , 149 l.
- János Fülöp: Actual questions on the ideological, political and moral education of the secondary school population. An interval investigation made among the pupils of the MÁV Educational Establishment in Szeged. 1976. 146 l.
- György László Nagy: The experiences of measuring the study-load at the Chemical University of Veszprém. 1976. 4 , 119, 5 l. 122 ill.
- Ákos Komlóssy: Educational work in secondary school teaching of literature. 1976. 2 , 193 l.
- Lajos Kőkuti: An experimental model to reveal and develop the technical capacities of general school pupils. 1976. 125 l.
- Mrs. Csirik, Erzsébet Czachesz: An investigation of the written vocabulary of 10-year-old pupils. 1976. 3 , 118. 130 l.
- Róbert Kozma: The taxonomical investigation of a college subject and the formulation of its system of objectives and tasks. Instruction-technology. 1976. 4 , 127 l. 1 ill.
- Mrs. Borgulya, Anna Ágota Vető: The developing of oral ability in high-school teaching of foreign languages. 1976. 196 l.
- József Krajcsovszki: Some actual questions on the planning of education and instruction in nurseries. 1976. 198 l.

1977.

- Imre Csizsár: The process of catching up and orientating when experimenting with facultative subject-group education in grammar-schools. 1976. 3 , 107, XXXII 1.
- József Ritecz: An investigation of ideological, religious and moral attitudes in secondary schools. 1976 . 96 1. 12 ill.
- Ágnes Arató: Audio-visual aids in a multi-media system. 1976. 5 , 222 1.
- Mihály Kékes Szabó: Some questions on the formation and communal life of secondary school YCL-organizations combining different age-groups. 1977. 108, 4 1. 15 ill.
- Mrs. Makk, Julianna Kiss: Some possibilities of pupils' initiative in the general school teaching of history. 1976. 146 1.
- Mrs. Merényi, /Éva/ Csilla Meleg: The role of the grammar-school in preparing pupils for high-school studies and its reflection in intentions after the final exam. /On the basis of a total survey made in Csongrád county./ 1977. 2, 112, 3 1.
- Balázs.Tóth: The role of logic and language in the effectiveness of teaching mathematics. 1977 . 66 1.
- Pál Rakonczás: Translation from Hungarian to Russian in the teaching of lexica in colleges. 1977. 4 , 102 1.
- Mrs. Bakacsi, Mária Gulyás: A pedagogical investigation of teachers' behaviour and its important effects, 1977. 116 1.
- Gabriella Csók: The task of forming an education-centric view of technical pupil-teachers with the knowledge of their attitudes. 1977. 2 , 191 1.

László Molnár: The training of production engineers. An investigation of proving suitability. 1977. 132 l. 7 insets.

1978.

Ferenc Dobcsányi: Actual questions on the reform of general school teaching of literature. 1977. 206 l.

István Szűts: The application of programmed instruction in the teaching of mathematical statistics and in the postgraduate training of engineers. 1977. 114 l. 1 inset.

Zsuzsanna Deák: Long - range developing and general public of pedagogues. /The analysis of a competition./ 1977. 2 , 148 l.

Lajos Kovács: The main tendencies of modernizing education in Zala county. /1970-ies/ 1977. 118 p.

Barna Szűcs: The question of the choice and arrangement of the curriculum of physics in the secondary school. 1977. 2 , 130 l.
