Requests for fellowships, assistantships, and other jobs at the Chaco General Field Session have been received from: Eli Lasker, Harry K. Higgs, Wesley Hurt, Ann Irion, Shirley Notman and Arthur Hoers of the University of New Mexico. Over a dozen applications have come in already from out-of-state schools. Appointments already include Robert Lister - museum assistant and James Spangler - camp librarian.

Exams have left us all writhing in their wake. After scattering the usual largess of C's and D's to the common run of students, the anthropological faculty has turned upon the same group, for the most part, as took the comprehensive last time. Let us wish them luck and pause a moment in silent reverence for these hardy citizens.

THE POETS NOOK

Request for Field Work.

I should be a failure
Working in Australia
Really I should rather
Not consider Java
And they say you squirm a
Lot with bugs in Burmah
But I want to go to
Yap

I should never want to
Civilize the Bantu
Nor, I fancy, feel a
Yen for the Es-Illa
I eschew the lingo
Of the wild Mandingo
But I feel that I could
Yap

I cannot assume a
Passion for the Yuma
Nothing sets my goat as
Much as the Dakotas
While the Kwakiutl
