Engineers' Carnival Saturday

Terry Corbit and Lee Ritter Head 1946 Mirage Engineers and AWS Plan Large Scale Activities

Gambling Den, Dunk Sump, Taxi Dance, Ring a Leg; Only a Few of the Exciting Features; Come Early

You say you want to have a good time? You say you want to win a prize? You say you want to dunk "Sheckles" into the sump? Well now friend, I tell ya what I'm gonna do. These sounds and many more will be heard tomorrow night at the bigger, better, Engineer's Carnival.

This year the carnival is being put on with the co-operation of A. W. S. All proceeds are to go to the United Students World Service Fund. This fund helps provide books for prisoners of war and underprivileged children.

For those who were here a year ago when the carnival was first put on there is no need explaining the fun that can be had for only a small sum. But for those new students the carnival will be reviewed.

Each Engineering society and each girls dorm and sorority will have a booth. The booths will be in the three engineering laboratories and between the C. E. and the M. E. labs.

Starting for the Engineering societies comes the Electricals. All week they have been at work setting up their equipment—for their free electronic display. In this display you will see hot-dogs electrocuted right in front of your face and also other types of induction heating. The electricals will also have the gambling den, including a crap table, roulette, and bingo, the basketball throw and the movies. Another feature will be the making of records to be sent home.

Eight and Sixteen Week Summer Session Begins July 3—Deans Announce

The University of New Mexico's eight-week summer session and its 16-week first semester of the new academic year both begin July 3, says an announcement today from the Board of Deans.

Summer school runs from July 3 to Aug. 25, and the regular first semester runs from July 3 to Oct. 20.

All new students, both recent high school graduates and transfers, should be on the campus July 2 for tests and instructions, the deans said.

Registration is July 3 and classes begin July 4, with the University again passing up the national holiday under its wartime program.

Summer session offerings will include classes in the departments of art, biology, dramatic art, economics and business administration, education, English, government and citizenship, history, home economics, library science, industrial art, mathematics, modern languages, music, philosophy, physical education, psychology, and sociology.

During the war, students may be admitted on probation, at the discretion of a University committee, without the high school diploma, providing they have 14 units of high school credit.

The second regular semester of the new year begins Nov. 3, 1946, and the third semester begins March 3, 1946.

ANNOUNCEMENT

Incompletes incurred during semester II 1944-45 must be removed by May 26, the end of the twelfth week. Students who were not here during semester II, but have incompletes on their records incurred during their most recent semester of attendance must also complete their work by May 26.

All incompletes not removed by this date automatically become F's.

TERRY CORBIT

LEE RITTER

Kappa Senior to Head Yearbook

Pi Kappa Alpha Sophomore To Fill Lloyd's Shoes

Terry Corbit, senior, and Lee Ritter, sophomore, were elected by the Student Publications Board May 8, to the positions of editor and business manager of the Mirage for next year.

Miss Corbit has worked on the Mirage since coming to UNM in August, 1942, and was on the staff of the annual in high school in South Pasadena, Calif. She is in the college of Arts and Science, majoring in anthropology. She is a member of Kappa Kappa Gamma, and belongs to Boots and Saddles club and Tewa, former club for anthropology majors.

Ritter came to UNM in July, 1944, after serving in the fleet seven months. He is in the Arts and Science college, majoring in biology. His hometown is Carrier Mills, Ill., where he worked on the high school paper and was editor of the annual. He is a member of Pi Kappa Alpha.

Results of Bond Drive to Be Tabulated Weekly in Lobo; Beginning Next Week

The Seventh War Loan which was begun about a month ago on the UNM campus seemingly has received little or no attention from the student body. In order to promote a little interest and competition which seems so sadly lacking, the Lobo is going to print, beginning next week the results of sale of war bonds and stamps by tabulating in order the totals of each house and organization. Perhaps by this method a competition may be started and some organization may be "shamed" into buying more bonds when they find their totals at the bottom of the list. It has already been decided to award a prize to the two organizations selling the most bonds at the end of the drive. Buying bonds should be on a purely voluntary basis, competition seems a poor form of patriotism in the buying of bonds.

An attempt was made this week to get the results of the bond drive so far but most of the answers to the question were vague and unsatisfactory. All the information is not in but the Pi Kappa Alphas seem to be leading the boys with five bonds on the credit side, and the Alpha Chi Omegas are leading the girls with the sale of three bonds. Of course there may have been more bonds sold that at this

3000 Persons Attended the Ernie Pyle Memorial Sunday

Mrs. Ernie Pyle was among the approximately 3000 persons who attended memorial services for the late war correspondent last Sunday at Carlisle gymnasium, and afterwards witnessed one of the most dramatic moments of the service when four P-63 fighter planes and several B-29 bombers from Kirtland Field, roared low over the gym in a final farewell salute to the favorite G. I. columnist.

"That girl," as Ernie wrote many times of Mrs. Pyle, was dressed simply in a black suit and soft white blouse. She sat in the second row of the palm and flower decked stage, which had United States and New Mexico flags on either side.

Bess Curry Redman of the University music department, directed an Army, Navy, and Marine chorus in three of Ernie's favorite selections, "If I Had My Way," "On the Banks of the Wabash," and "Farewell to Thee." Six Marines were flown from San Diego to complete

LT. HOLMES AMBROSE

MARGARETTE O'MALLY

LT. SANTO TARTORIGA

Haydn's Oratorio 'The Seasons' Presented May 23 in SUB

The three soloists who will appear with the Chorus and orchestra in the performance May 23 of Haydn's Oratorio, The Seasons, are, reading from left to right: Lt. Holmes P. Ambrose, tenor, Margarette O'Mally, soprano, and Lt. Santo V. Tartorigi, baritone.

Lt. Ambrose is with the headquarters of the Army Air Forces in Albuquerque. He is well known in the east as a tenor, having played leading roles in many productions of light and grand opera. He has also been soloist for the Sunday Methodist Church and the National Cathedral in Washington, D. C.

Margarette O'Mally needs no introduction to Albuquerque audiences. She is a member of Pro Musica and has been soloist or director of a number of choirs in the city, including St. Johns Episcopal, Temple Albert, First Presbyterian, First Methodist.

Lt. Tartorigi, of Kirtland Field has been active in music since he was sixteen having sung extensively in churches, in concerts and over the radio. He has appeared with the Schubert Opera Company and at Carnegie Hall with the Carnegie Opera Company.

Only a hundred single admission tickets are available. Anyone interested, is urged to reserve a ticket at the office of the College of Fine Arts or procure same at Riedlings or Mays Music Stores. A few tickets will be available at the door.

New Registration Plan Adopted; June 4-16 to Be Pre-Registration Period

Beginning this semester, students will get the benefit of having a pre-registration period before the following semester. The registration system will be fundamentally the same as in the past, except that the student will see his advisor before registration day, thereby enabling him to receive much better and more thorough advice.

On Monday and Tuesday of next week each student will be given a blank on which he is to indicate his class, college and a schedule of his classes. The Dean of his college will then assign him to an advisor. During June 4-16, which is the pre-registration period, the student will be given a definite appointment to see his advisor. The two of them will then work out a program for the next semester. Freshmen and sophomores will go to the same advisor every semester until they decide upon a major, and juniors and seniors will be assigned to the department head of their major.

Registration day will be held as before, and the students must be there as in previous semesters. The procedure will be the same except that the student will see his advisor only to have him sign his registration booklet. This system will eliminate all the unnecessary hours spent in waiting to see one's advisor.

Another time-saver will be that all fees may be paid during the pre-registration period, and not only on registration day.

Since this program is definitely for the student's benefit, it would be better for everyone concerned for the student to come to his appointment on the day, time and place designated. The faculty is giving up a lot of their time to have these appointment periods so it is up to we students to cooperate to the fullest extent in every possible way.

Problems of Orientation Discussed At Forum

Forum Meets Wednesday at 4:30 in North Lounge of SUB; Students and Faculty Are Urged to Attend

"Problems of Orientation for New Students to the Campus" was the topic discussed by Marjorie Walter, senior, at the Student-Faculty Forum meeting Wednesday, May 16.

Many of the students do not become oriented on the campus quickly enough, and some do not find happiness here until their junior or senior years, said Miss Walter.

She continued that many organizations on campus such as Spurs, Mortarboard, AWS, the Student Senate, and the Personnel office try to help new students at the beginning of each semester, but many times they are not able to contact everyone.

She also mentioned that there is a faculty committee which offers aid, but many students are unaware of its existence.

Miss Walter suggested that AWS publish new student handbooks and presented several points that should be published in the first issue of the Lobo each semester especially for new students.

She said that the usual list of "big sisters" and their telephone numbers should be made in the Lobo; and there should be an announcement that there will be a weekly program and where it can be found, information on how students can serve on the campus in all the many organizations, scholarship information, a list of pres-

(Continued on page 4)

Douglas Denniston Wins Cover Competition for the "Thunderbird" Magazine

Yearly subscriptions for the new campus literary magazine, Thunderbird, are now on sale for \$1.25, which includes six issues and means a saving of 25 cents. Each single issue, the first of which is expected to be on sale by or before June 11, will be 25 cents. Subscribers will have the magazine delivered or, if not on campus, will have it mailed to them.

Manager of subscriptions is Marilouise Gibbs, who may be contacted at the Kappa Kappa Gamma house, or subscription blanks may be taken from the Thunderbird desk in the Lobo office.

Subscription representatives are Mercedes Murner, Co-op Dorm; Caryll Zemek, Sigma Chi and Kappa Alpha houses, and Jean McComber, Pi Kappa Alpha house. Marilouise Gibbs will contact sorority houses.

Cover of Thunderbird, chosen from entries in the cover art contest which ended May 11, was done by Douglas Denniston, and will remain a secret until publication.

The magazine will feature three prize winning narratives entered in the last Todd narrative contest, by Bob Rhein, Lee Miller, and Lee Ritter. An honorable-mention poem by George Hemmert, entered in the Mulcahy poetry contest, will be included, as will three or four of the best freshman themes turned in during this semester.

Anecdotes, war stories, and murder mystery to be published in two parts, will be included. There will be one or two stories with slight love interest and human interest, and one with a psychological theme.

At its May 8th meeting, the Student Publications Board voted formal acceptance of the Thunderbird, and give its permission for the magazine to go to press as scheduled.

Marjorie Tirman, editor, announced that Thunderbird is ready to go to press on Monday, May 21.

Rodey Rehearses 'The Vinegar Tree'

DeRoo to Direct Comedy Planned for June 6 to 8

An all star cast has been announced for "The Vinegar Tree" to be given June 6, 7 and 8 by Edward DeRoo, director. In order of their appearance the cast is Max Lawrence, Bill Vorenburg; Augustus Merrick, Franklin Glover; Winifred Mansfield, Katy Lou McIntosh; Laura Merrick, Marjory Pearson; Leone Merrick, Nickie Tachias; and Geoffrey Cole, Marty Seligson.

Bill Vorenburg is technical director.

Many guesses have been made as to why the author named his sophisticated comedy "The Vinegar Tree." Webster's dictionary says that a vinegar tree is a species of Stag-horn Sumac so called because its acid fruit is used in making vinegar.

Under the supervision of Miss Ellen Crowe groups of students will present short sketches planned especially for the 7th War Loan Drive. The sketches will be given at the meetings of Albuquerque clubs during the weeks of the

(Continued on page 4)

Rafferty to Instruct New Journalism Course Being Offered in Summer Session

The journalism department will offer a course in the summer session that has never before been offered on the UNM campus. The course will be number 85, and all students that are interested in journalistic writing and the fundamentals of journalism will find this course extremely helpful and beneficial.

There will be practice in newspaper desk work, copy reading, heads and headline writing and the drawing of page one dummy, and practice in the "make up" of a paper.

Mr. Keen Rafferty will be the instructor of the course.

Ensign William Bon, Graduate Of UNM, on Pyle's Last Trip

In a letter to his home in Casper, Wyoming, Ensign William Bon tells of the recent invasion of Okinawa in which his ship took part. Ensign Bon was in the naval training program at UNM from July 1943 until March 1944, at which time he received his commission. He has recently landed in Honolulu after operations in the South Pacific.

Ensign Bon was on the ship, the U. S. S. Charles Carroll, which took Ernie Pyle to the invasion island. En route to invasion, Bill was assigned the duty of showing the correspondent around the ship and spent an hour or more talking with him. Ernie told Bill that this

was to be his last invasion and he was pretty worried about it. They discovered that they had several mutual friends, and enjoyed an interesting conversation. It was about this trip that Pyle wrote in his column, one of the 1,500 ships that took part in the invasion. Ensign Bon wrote that the action was "pretty exciting" and that his ship, an attack transport was very active. He said that he "didn't care for the kind of air raids that they got there."

While in Honolulu Bill also ran into James Simmons, his former roommate in Hokona who was awaiting his assignment to a ship.

Forum Discusses Orientation

(Continued from page 1)

ent student officers, a list of faculty members to contact for aid, and a question column for the next issue.

Several informal meetings of freshmen in a class to get them acquainted with each other before election of class officers should be held, said Miss Walter.

Freshmen should be encouraged to attend the Student-Faculty Forum meetings and other meetings of this sort on the campus and should be urged to keep their grades up.

Campus traditions should be taught to new students and enforced, and the faculty should help in school spirit.

Dr. Wicker, a faithful faculty member of the Forum, said that he thought each new student should be assigned a faculty member as an advisor for the first three semesters of his college life on this campus.

Dr. Jorin, another faithful comer, said that part of the difficulty lay in the fact that students were not required to be at school long enough in advance of registration day to become acquainted with their new surroundings before classes took up, but this was caused by the accelerated program.

Muriel Collins brought up the fact that a new plan has been set up by Martin Eckert, on the campus whereby the Sub would be open to students on Sunday afternoons so that students would have some place to go for a little of the entertainment they would receive if they were at home. This plan is being considered now by several campus groups and is backed by students.

Preston Gendler asked why the ballroom could not be furnished so that students could use it during the week as a lounge or meeting place but the answer to that was that the board of Deans said that it was too hard on the ballroom floor and other furnishings. Perhaps we should stand in classes in order not to wear out the chairs.

Muriel Collins said that if the Sub were open in the evening students would not be going elsewhere and they do go elsewhere for evening snacks or a bit of chatting before 10 p. m. and consequently get trench-mouth from going to undesirable places that parents would not approve of. It is obvious that parents would feel much more at ease if they knew their sons and daughters could find recreation on the campus.

It was mentioned that the Board of Deans seems to stop most projects of this sort.

Preston Gendler said that it is obvious that we will need a progressive president with the interest of the school at heart in the very near future.

He also added that students who are leaving this school to attend others will have a great deal to tell about UNM and it certainly will not be anything for this school to be proud of.

Bob Hansen said that students were partly at fault in that they should back more of the projects before they criticize too greatly.

When many of the campus prob-

RECORD CONCERT

Every Thursday evening from 7:00 to 9:00 there is a record concert in Room 5 of the Music Building.

The programs for this week and next are devoted to the music of contemporary composers including Shostakovich, Stravinsky, Schonberg, and Prokofieff.

Requests for music you would like to hear will be welcomed and can be left in the music building mail-boxes.

Paralysis Foundation Representative Speaks On Physio-Therapy

Mrs. Ethel Rockwood, State Representative to the National Foundation for Infantile Paralysis, spoke to the majors and minors of the Women's Physical Education Department, Tuesday, May 13.

Her topic was "Physical Therapy as a Modern Career." Mrs. Rockwood emphasized the various fields open to physiotherapists, such as: work with children crippled by infantile paralysis, war casualties, industrial accidents, rehabilitations.

Mrs. Rockwood brought applications for scholarships as the Infantile Paralysis Foundation is awarding the qualified girls interested in this work.

Francis Wilson, Majors Club Chairman, presided during the business meeting; plans were made for a breakfast to be given by the club for the seniors in the P. E. Department that will graduate this June. These seniors are Pat Han-net, Ethyle Mullins, Sara Wilson, and Margaret Vasilakis.

lems had been discussed, several of the students wanted to know exactly what could be done to get some of the solutions put into effect.

Dr. Wicker said that the masses, which consisted of the student body, would have to take action.

Some of the problems are going to be carried to organizations such as the Student-Senate for consideration.

The problem of the lounge in Hodgkin for the girls was discussed. Suggestions were made that it should be cleaned up and comfortable chairs should be placed there for girls who live in town and want a place to rest and talk during lunch hour, but it was stated that certain members of the Board of Deans were preventing this from being carried out.

Next week Mrs. Nina B. Ancona of the music department will speak on "Modern Trends in American Music" at the regular Forum meeting at 4:30 p. m.

The faculty members and 10 students attended the last meeting.

A penny Saved is a penny Earned

SHOP AT E. and F. JEWELRY 2926 E. Central

Engineers, AWS Have Carnival

(Continued from page 1)

The C. E.'s have again readied their huge water tank for use. A man, if you want to call him that, will sit above the tank on a platform. By throwing a tennis ball and hitting a target a trip is released and the man gets very, very wet. Such notables as Bob Miller, Al Hazard and Sam Johnson will be above the sump. The Civils will also have the nail drive and the over-and-dice.

The Mechanicals will have a dance which will last from 9 until 12. The music will be provided by the public address system which you have no doubt heard playing between classes. They will also have the dart throw and the baseball throw.

The Alpha Delta Pis will again sponsor the Blue Bottles Review, which proved to be very much of a hit last year. This will be held in the design lab above the C. E. lab.

Chi Omega will present a review of bathing beauties in room M. E. 3. This show should prove to be very interesting and enlightening.

The Kappas will again sell hot dogs. Their booth will be just inside the back door of the C. E. lab. Besides the Kappa booth will be the cokes, which will be sold by the Sigma Tau pledges.

The Alpha Chis will sell telegrams. All you have to do is to tell the name of the person the telegram is to go to and one of the runners will deliver it immediately. The booth will be located in the C. E. lab.

The girls from the Pike house (not the ones from the Estufa) will put on a taxi dance before the M. E.'s dance starts. A nickle or dime a dance will be very reasonable for it is rumored that that isn't the only thing you will get for your money. Dance to be held in M. E. lab.

The Phi Mu house will present "Solomon's Harem" in Room M. E. 1. This room is up the steps at

the left hand entrance to the M. E. lab.

Three fortune tellers will be busy for the Kappa Sig dorm. Their booth will be between the two labs.

Phrateres will sell candied apples and will also have the penny pitch. Their booth will be just outside of the C. E. lab.

A south sea islands show will be presented by the girls from the Co-op. This show (which will be held in M. E. 2) will undoubtedly be worth many times what you will pay.

The Sigma Chi dorm will sell bakery goods in the M. E. lab.

Ring-a-Leg will be sponsored by the KA dorm and will be held in the C. E. laboratory.

Spurs will sell popcorn and peanuts in the C. E. lab.

Well folks, there it is, your Engineer's Carnival for 1945. Remember the place, Engineering Buildings, and the time, from 7 until 12. Also remember to bring all of your friends with you. The public is invited to attend.

ANNOUNCEMENT

All members of Boots and Saddle Club will meet at 9:30 Sunday, May 20, in front of "Doc's" house.

Fifteen Students Receive Masters Degrees in June

Students who will receive master's degrees at the end of this semester are:

Sister Ida Catherine Case, O. S. F., Tierra Amarillo Public Schools; Theo R. Bolongero Crevenna, T. Sgt., Alexandria, Louisiana; Cheh Jen-Chung Pi-Shan, Szechuan, China, lieutenant Chinese army, Pueblo, Colo.; Geraldine B. Hanny, 1510 E. Coal; Abraham Feldman, Philadelphia; Harold B. Freshley, Santa Fe; Ethel Hanes Durend, 413 W. Indian School; Mercedes A. de Ramos Marquez, Chicago, Ill.; Jerome Kearby Reid, Carlsbad; Don M. Riddle, Hope; Elizabeth Louise Sherbine, Pvt. WAC, Camp Crowder, Mo.; and Mary Elizabeth Johns, Lebanon, Pa.

Boots and Saddle Club Is Reorganized; Pack Trip Among Future Plans

At the last meeting of the Boots and Saddle Club plans for its reorganization were made. The club is reorganizing with the express purpose of bringing together socially people who have an interest in and a knowledge of western riding and horsemanship. Don Stewart was re-elected president, and the other officers are Carol Ancona, activities chairman, Priscilla Newcomb, treasurer, and Terry Corbit, publicity chairman.

The club rides twice a month on Sundays wherever and for however long they feel like it. So far they have ridden to the State Fair and various riding stables looking at their horses. A real western pack trip in the Sandias is being planned for the early part of June.

Membership in the club is limited to those chosen by "Doc" from the various riding classes. These recommendations are passed on by the club. The fees are \$2.50 a semester. Future plans of the club now contain the working up of a square dance routine to be given at the next State Fair. Also they would like sometimes, with the state's help, to work a network of trails in the mountains for future pack trips.

The present members are Colette Walsh, Jen Otis, Carol Ancona, Sara Wilson, Priscilla Newcomb, Terry Corbit, Rosemary Galles and Don Stewart. Doc and Mrs. Dooley are the leaders.

FACULTY CHALLENGED!

In the interest of better relationship between the faculty and the students... we the members of Chi Omega Fraternity do hereby challenge the faculty of UNM to a softball game, to be played Saturday, May 26, 1945 at 2:30 p. m. Please reply and answer this challenge via campus mail to Miss Dorothy Fletcher.

Mothers Day Party Given By Phrateres Last Monday

Phrateres Mothers' Club and other guests were entertained at a Mothers' Day party given by Epsilon Chapter of Phrateres Monday, May 14, at 7:30 in the Sub basement lounge.

Doris Rudolph played lovely numbers on the piano. Frances Shelton, Joan Jones, and several other girls had a pantomime program planned which turned out to be the highlight of the evening when several of the girls learned of their mothers' previously hidden talents.

Louise Schlub read an article on the founder of Mothers' Day, Anna Jarvis, and there was some group singing.

Each mother and girl was asked to enact a scene in pantomime which was specifically assigned to her. Refreshments were served from a table with a centerpiece of pink carnations and white candles.
