# Popejoy to Crown Paper Doll

Lobo Lovely of the Week . . .

A LOBO EDITORIAL, yesterday regarding Bermuda shorts has aroused some comment on campus. To show how nice shorts can really look, we offer this week's lovely, Sally Carpenter. Sally is just above and below the shorts. Bermuda is thousands of miles away. (Staff Photo)

## Application Deadline Near For Publications' Chiefs

Positions as editor and business manager of the 1955-56 LOBO and Mirage will be filled at a meeting of the publications board on Thursday, Apr. 21, UNM Secretary John Durrie said today.

Applicants should submit their statements of proposed operation, editorial policy, and a resume of their experience to Durrie before noon next Thursday, he said.

Any student regularly enrolled in a full study course may apply, Durrie said, provided he meets the qualifications, which are:

Upper class standing at the time his appointment takes effect.

An overall grade point average of at least 1.3.

The posts of summer LOBO editor and business manager will be filled at the Apr. 21 meeting. Seven issues of the LOBO will be published this summer.

The editor's salary for the summer job is \$75. His assistant will receive \$37.50. The business manager is paid \$37, plus a 20 per cent commission on local advertising and five per cent commission on national ads sold.

Mirage and LOBO editors during the regular scholastic year are paid \$65 a month. Managing editors receive \$32.50, and LOBO night editors are paid \$10.

**Editors Choose Staff**

The editor of each publication appoints his editorial staff. The business manager is responsible for selecting an assistant and a circulation manager.

An applicant for the LOBO editorship can apply for the summer position, or the academic year of 1955-56, or both, since the publication board charter specifies such an appointee may serve "for not more than one calendar year" in either appointive position (editor or business manager).

## Women's Petitions For Fiesta Queen Due Wednesday

Wednesday will be the deadline for submitting petitions for Fiesta queen candidates to the personnel office, a Mortar Board spokesman said today.

Mortar Board, the senior women's honorary, is sponsoring the Fiesta queen election by the student body, which will choose one of three finalists.

Each woman who wishes to be a candidate must be a regularly enrolled student taking 12 hours having a grade average of 1.0 overall, the spokesman said.

Petitions should be picked up in the personnel office, signed by 50 students, and returned by Wednesday.

The queen will be selected by personal interview and student voting. Candidates will be notified of interview teas, when preliminary eliminations will begin. Each woman will be judged on the basis of personality, poise, attractiveness, and knowledge of Southwestern culture and customs, the spokesman said.

The names of the three finalists selected at the interview teas will be submitted to the student body on May 11 for election of the queen. The two other finalists will serve as attendants.

Candidates are not to be sponsored by organizations and campaigning will be prohibited, said the Mortar Board spokesman.

## UNM Moves To Television

The television department of the university extension division has announced a new series of television lectures to begin this Sunday afternoon over KGGM-TV from 3:30 to 4.

Philosopher Mortimer Adler will begin his five-week series on "The Great Ideas" with his first lecture, "The Nature of Learning." The lectures will continue through May 15. The extension division also sponsors a radio series of "Masterworks from France" on KOAT radio from 3-3:30 Sunday afternoons.

The SUB Radio-TV committee has also announced that Barbara Frederick, a member of the committee, will narrate a music department in the university series, "U at UNM," Sunday afternoon from 1:30-2 over KOB-TV.

## 250 Students Expected for Senior Day

Plans for the university's annual senior day on Apr. 30 were revealed today by the 1955 chairman of the event, Ted Howden.

The day-long event is sponsored by the student council and UNM to acquaint high school seniors from various parts of the state with the facilities available at the state university.

Between 250 and 300 seniors are expected to attend the senior day this year. Last year's senior day drew approximately 225 prospective students, most of whom came from the local high schools.

Letters have been mailed to the various high schools around the state and preliminary plans for the day have been drawn up by Howden and his committee.

Representatives of Mortar Board, Khatali, Spurs and Vigilantes and all university honorary societies will participate in the event.

Plans include a tour of the campus including trips to the colleges of the university, men's and women's dormitories, fraternity and sorority houses, a welcome address by President Tom Popejoy and Student Body President Jim Bruening.

A free lunch will be given the visiting high school seniors in the dining hall, followed by a UNM talent show and dance in the student union building.

## State Board Cuts U Appropriation

The UNM budget for the 1955-56 fiscal year has been cut by more than \$100,000 in a state-wide economy move by the State Board of Finance.

The proposed UNM school of nursing will be hit hardest by the cut. The school of nursing budget was cut from \$40,000 to \$32,800.

The over-all university budget has been cut from \$2,509,724 to \$2,409,335. This represents a reduction of about 4 per cent.

Reductions in the budgets of various state educational institutions range from 4 to 18 per cent. State Comptroller D. M. Smith said the cuts represent an attempt to establish a \$750,000 state reserve fund, to be used in state financial emergencies.

The UNM Western Regional program, whereby pre-med students here may go to the University of Colorado at Colorado rates, was not cut.

## Election Planned From 9-10:30 pm In Alvarado Hotel

UNM President Tom L. Popejoy will crown the 1955 Paper Doll, to be elected during the Newsprint Ball at the Alvarado hotel tonight.

The balloting will take place from 9 until 10:30 pm at the dance. Two ballots are attached to each couple's ticket. The annual dance, sponsored by Sigma Delta Chi and Theta Sigma Phi will last from 9 pm until midnight.

Sigma Delta Chi is a men's professional journalism fraternity. Theta Sigma Phi is a women's honorary journalism group.

**Profs to Count Ballots**

The ballots will be counted by university faculty members.

The Collegians will play for the dance.

Candidates from 13 women's groups on campus are contending for the title. These women are sponsored by 13 men's campus organizations.

The candidates for the title are:

Zoe Ann Ballou, Kappa Kappa Gamma, sponsored by Tau Kappa Epsilon; Janet Sue Gray, Alpha Delta Pi, sponsored by Kappa Sigma; Connie Giomi, Alpha Chi Omega, sponsored by Kappa Alpha; Ada Jane Hashimoto, Town club, sponsored by Pi Kappa Alpha.

**Still More Candidates**

Sigi Holien, Dorm D, sponsored by Sigma Chi; Cessie Knight, Hokona hall, sponsored by Lambda Chi Alpha; Barbara Lagow, Pi Beta Phi, sponsored by Mesa Vista's third floor; Ricky Lamb, Chi Omega, sponsored by Sigma Alpha Epsilon; Janie Louder, Bandelier hall, sponsored by Phi Delta Theta. Peg Mitchell, Kappa Alpha Theta, sponsored by Mesa Vista's second floor; Sharon Terry, Marron hall, sponsored by Delta Sigma Phi; Lily Trujillo, Phrateres, sponsored by Mesa Vista's first floor; and Louise Turner, Delta Delta Delta, sponsored by Sigma Phi Epsilon.

Tickets for the dance are on sale in the SUB lobby today and will be on sale at the dance tonight. Tickets bought in advance are \$1.75 a couple, and are \$2 a couple at the dance.

Dress is to be semi-formal as in past years, said an SDX officer. "That is, party dresses for the women, and coat, tie, and that sort of thing for the men," he said.

## Mesa Vista Dorm Schedules Dance

A Mesa Vista dormitory dance will be held Saturday in the student union ballroom from 9 pm until midnight.

Orlie Wagner and his orchestra will provide the music for the dance. Mesa Vista residents and their dates will be admitted free of charge.

Dress will be semi-formal, Mrs. Pillings said.

## We Goofed . . .

The name of Bunte Nixon, Associated Party candidate for student council, was inadvertently omitted from a news story carried in yesterday's issue. The LOBO regrets the omission.

## . . . Twice

Delegates to the Newman club's Santa Fe province convention will not register this evening as stated in yesterday's LOBO. The 300 delegates will sign in at the club a week from tonight.

# Parties Present Platforms

## AP Seeks Increase In Legislative View

THE ASSOCIATED PARTY PLEDGES:

1. To establish a curriculum committee consisting of both students and faculty whereby student opinions may be expressed, academic problems of the students may be discussed, and complaints of the students may be brought into the open and possibly rectified.

2. To support the recently introduced student union social program and strive to make it a permanent feature.

3. To widen the scope of our student government by providing bet-

(Cont'd on page 2)

(Editor's note: Chairmen of the Associated and New Student parties today present their platforms for the 1955 spring elections which will be held next Wednesday. A statement from each party further outlining aims and credos will appear in next Tuesday's LOBO.)

## Costume Party Planned

Alpha Phi Omega will hold its annual "Cantina de Juarez" party at the home of Tom Cooper on Saturday night, Apr. 16, from 8:30 till 12. A trophy will be awarded the best costumed couple at the party.

## SP Asks Bettering Of Present System

THE NEW STUDENT PARTY ADVOCATES:

Ability to serve, rather than affiliation, as criteria for selecting student government leaders.

Better control of Associated Student funds

Student council allotment—better management of Fiesta and Homecoming expenditures and a committee to review these expenses in order to cut down losses.

Budgeting of activity funds—revision of system to provide closer contact between the coun-

## The Sound and the Fury . . .

THE POLITICAL MATING CALL has once again been sounded on campus by two groups eager to corral the majority of a predicted light vote next Wednesday.

The issues involved loom very small. Both Associated and New Student parties are for the SUB social program. Both sides want student funds handled better. Each group would like to have the senate improve its activities.

WHILE IT'S NOT mentioned specifically, we assume that includes recommending a full quorum at scheduled senate meetings. Seems like a fair enough idea.

Student party calls for "ability to serve, rather than affiliation, as criteria for selecting student government leaders."

Associated party wants to install a merit system on campus for student government appointments in order "to promote superior student government."

ALL OF THESE are worthy ideals, the usual polyglot of appeals to all possible voters, with malice toward none. Speaking of voters, which is now the burning question of these not-so-parlous times, politicians fear there won't be many ambling to the polls next Wednesday.

That's understandable, in view of the fact that many students regard politics much as they would view a gnat flitting between their upturned faces and the sun, or the belch of a mosquito in a lonely swamp.

PERHAPS THE VOTING qualifications should be reexamined. One suggestion we've heard is that all students not living on campus be barred from voting.

There's some support for this thought. Item one: most of them don't vote anyway. While they yell the loudest after it's all over, they are politically mute before and during the elections.

Item two: Non-resident voting is alien to our legislative process. It would be a good deal like Santa Fe residents voting in a local-option election in Eddy county, for example.

SO, PERHAPS THOSE students not living in dormitories, fraternity or sorority houses should not be permitted to vote. In past years, records indicate, their franchise has been waived in favor of a second cup of coffee. —BL—

AP Seeks Increase In Legislative View

SP Asks Bettering Of Present System

(Cont'd from page 1)

ter representation of the university and its students at conferences, both local and national, and through membership in the different nationwide student associations.

4. To lend our support to the university's rapid expansion program.

5. To co-operate with honorary and professional organizations and support their activities to the greatest extent possible.

6. To increase school spirit through active campaigns that promote athletics, social events, and extra-curricular activities, such as Rodey, band, cultural committee, debate, and intramural athletics.

7. To undertake a program to streamline the student government: a. more coordination of the work of the student council and the student senate.

b. improvement in the procedures of the student senate.

c. to continue and expand the leadership council program.

8. To establish and institute a merit system for student government appointments in order to promote superior student government.

9. To continue the re-evaluation of the student budget.

Tryouts Scheduled For "Oedipus Rex"

Tryouts for parts in "Oedipus Rex," Sophocles' tragedy, will be held Apr. 18 and 19 at 4 pm in the Commedia Theatre.

Tryouts are open to anyone interested in acting in the student production.

## Law Prof. to Give Research Lecture

Dr. Henry Weihofen

Dr. Henry Weihofen, UNM professor of law, will deliver the second annual Research Lecture tomorrow night at 8 pm on "Crime, Law, and Psychiatry," in Rm. 122 of the geology building.

Dr. Weihofen is a noted authority in the field of criminal law and psychiatry. He took his J.S.D. in law from the University of Chicago in 1950 and was chosen by Chicago law school to conduct a Commonwealth Fund study which resulted in his first book, "Insanity as a Defense in Criminal Law."

Other major work has followed at intervals in his career as practicing lawyer, teacher, and U.S. government official.

With Professor Kenneth C. Sears, he wrote "May's Criminal Law" and he collaborated with Dr. Manfred S. Guttmacher on "Psychiatry and the Law." His latest book is "Mental Disorder as a Criminal Defense" published in 1954.

More than fifty of his articles have appeared in the nation's leading law journals and reviews, and have been variously cited by the courts, including the United States Supreme Court and the New Mexico Supreme Court.

Dr. Weihofen has served on the staff of the Attorney General of the United States as special assistant, and worked in several departments in Washington, D.C. during World War II.

Cash Offered Photographers

Campus photographers interested in trying their lens luck in the commercial field have been invited to enter a contest sponsored by L&M cigarettes, Dick Powers said today.

Five cartons of cigarettes will be awarded as local prizes, but all entries will be forwarded to the national contest headquarters. Five awards of \$100 each will be given by national representatives.

Theme of the picture should be centered around a campus personality, Powers said, similar to ads appearing in the LOBO. Inclusion of a pack of the manufacturer's cigarettes in the picture is required, he added, "but discreetly."

Entries should be sent to Dick Powers, at 1811 Mesa Vista, N.E.

Service Committee To Lecture Today

The American Friends Service Committee will give a 30-minute colored slide lecture illustrating committee summer projects for 1955 at 3 pm today in Rm. B-5, Art building.

Youth service projects will offer opportunities for non-sectarian work this summer in southwestern mental hospitals, Indian reservations, and community service projects in villages in Mexico.

Gordon Hazlett, field representative for the AFSC, will be available all day in B-5 to talk with interested students.

## NEWS AT A GLANCE

A Digest of Events

By James Crow

The Salk vaccine for polio was revealed to be 80 to 90 per cent effective in results released Tuesday. A total of 113 were stricken with polio of the 440,000 given the vaccine last summer. Among the non-vaccinated, 750 were stricken with the disease. There were no deaths among those given the shots, but 15 died among those not given the vaccine.

Secretary of Welfare Oveta Culp Hobby licensed the vaccine which will give permission to commercial companies to send the material to doctors in time for it to be administered before the summer polio season.

President Eisenhower gave the go-ahead to send the latest information on the Salk vaccine to all the nations of the world, including Russia.

James C. Isted was sentenced to life imprisonment Monday morning after changing his earlier plea of innocent to that of guilty to first degree murder in the death of Albuquerque policeman Frank Sjolander.

Isted changed his plea to guilty after Dist. Atty. Paul Tackett told the court the state would not ask for the death penalty in prosecuting the case.

The United States Supreme Court began proceedings Monday to decide the ending of segregation in public schools. The Supreme Court, in an historic decision last May 17, held that separate schools for Negro and white children are unconstitutional.

Hearings on the assault charges against four Albuquerque youths for the beating of William B. Reardon were started Wednesday in the Albuquerque police court.

One of the four testified he struck the junior high school principal three times in the face during a fight Mar. 31.

The state Tourist Bureau's contract to handle national advertising was awarded to the Ward Hicks agency of Albuquerque in a decision given by Gov. John Simms Wednesday. The decision came after a controversy about the firm's handling of the contract in previous years.

A small town in central Norway is having women trouble. A news story stated the town has 20 eligible bachelors, but only one girl who is marriageable.

In answer to the town's plight, four Dutch girls wrote saying they would volunteer as brides. Another letter listed 15 more Dutch girls willing to take husbands. That took care of 19 men, leaving one to marry the local girl.

## Letters to the Editor

Bermudas Defended . . . April 14, 1955

Mr. Bob Lawrence, Editor  
The LOBO  
Journalism Building  
Dear Mr. Lawrence:

Concerning your current editorial on Bermuda shorts, we would like to bring your attention to the fact that the male half of the population is also wearing Bermudas.

With the first warm days of spring there blossomed out in the SUB, not only the knobby knees of the girls; but also those of the fellows. This was proven today in the SUB when we saw a few members of a certain fraternity wearing these controversial "vacuum cleaner bags." We have also heard from a reliable source that a few members of another frat will soon follow the current fashion trend.

Thank goodness it hasn't happened on the UNM campus yet, but on other campuses Bermudas for fellows are "accepted" formal wear. Please remember, Mr. Lawrence, that the girls are wise enough to reserve Bermudas for sportswear only, and they do not wear them as formal attire.

Sincerely,  
Marilyn Bequette  
Joanne Race

P. S.  
We predict that in the future couples will not only be wearing matching shirts but matching Bermudas!  
Horrible prospect, we say.  
—BL—

## VA Office Seeks Engineer Grads

The Veterans Administration central office in Washington, D.C., needs engineers and architects to do estimating, specification, writing, and design work, a VA spokesman in Denver said today.

Applications will be accepted for architects and architectural, civil, mechanical, structural and electrical engineers.

The positions start at \$5060 a year, with annual increases up to a maximum annual salary of \$6185, and at \$5940, with increases every 18 months up to a maximum of \$6940 a year.

Information concerning qualifications and other details may be obtained from the Veterans Administration regional office, 11th St. and Tijeras Ave., NW, in Albuquerque or by calling 7-0311, extension 226. A U.S. Civil Service Standard Form 57 should be submitted to this office, or to the personnel service, Veterans Administration central office, Washington 25, D.C.

Applicants not already qualified by the Civil Service Commission for appointment, transfer, or reassignment to these positions should contact the commission, or their local post office, for information concerning possible examinations to establish eligibility.

## Navy Cadet Team Plans Interviews

A Naval Aviation Cadet procurement team from the Denver Naval Air station will interview potential applicants at the University of New Mexico Apr. 28 and 29.

The Navy's aviation cadet program offers officers' commissions to men between the ages of 18 and 25 who have completed at least two years of college.

Cadets who successfully complete 18 months of aviation training at Pensacola, Fla., are commissioned ensigns in the Naval Reserve or second lieutenants in the Marine Corps reserve.

After they are commissioned they will serve 30 months with the Fleet's sea-air team. A naval aviator's pay ranges from \$438 a month for single men to \$455 monthly for married men.

## Records Scheduled

The second in a series of music listening programs sponsored by the SUB Hi-Fi committee will be presented in the SUB grill lounge Tuesday at 1 pm. The duration of the program will be about one hour. The program has not been released as yet.

## Lobos, Colorado Aggies In Conference Twin - Bill

New Mexico resumes its conference baseball schedule today and tomorrow with games against Colorado A&M at the Heights Community center in Albuquerque.

The Lobos will be trying to improve their season record of 3-3 and conference record of 1-3 against the visitors. Colorado A&M will be seeing its first league action of the year after losing four straight non-conference games to Colorado university and Colorado State.

Rams Have 5 Lettermen

Five lettermen will be in the Aggie lineup, led by star center fielder Bob Ulrich, a two year letterman. Other regulars from last year are third baseman Bob Cates, second baseman Jack Spencer, first baseman Tom Patrick, and pitcher Jack Wolff.

Wayne Griffith will go against UNM's Dick Brown this afternoon at 3 while the Aggies will send Wolf against Jack Stobie tomorrow morning at 10.

The Lobos will try to keep the batting eye they suddenly found in their last three games in which they scored 43 runs in 27 innings. A weakness of pitching depth may hurt UNM in the event of a slugfest.

Lobo Lineup Weakened

New Mexico will also be playing without power-hitting Roland Arrigoni at first base. Arrigoni suffered a severe spike wound against New Mexico A&M and probably will not see action this weekend.

Regular left fielder Buddy Cook may also miss the Aggie series. Coach George Petrol may put Keith Bruns at first base and Corky Morris in the outfield as replacements.

Game lineups and Lobo batting averages follow:

New Mexico  
Quinlan, 2b .200  
Zerwas, 3b .269  
Economides, lf .529

Simon, ss .277  
Spencer, 2b .272  
Griffith, p .250

SOPHOMORE DICK BROWN will face the Colorado Aggies this afternoon at the Heights Community Center at 2:30. Brown is the mainstay of the Lobo pitching staff and hails from Albuquerque where he was a pitching star at Highland high school. (Staff Photo)

## Golfers Tackle Colo. A&M

Number two golfer Wendell Nelson of the university will be out of action because of illness this weekend as New Mexico takes on Colorado A&M's golfers tomorrow morning at 11 am on the university course.

Bill Swope will take Nelson's second slot and Bill MacKenzie and Dick Cole will move up one notch to round out the foursome. Herb Wimberly will remain in his number one position.

Wimberly will face Jim Phelps, Skyline conference champion in 1953 and runner-up last year. Other Colorado A&M linksmen, in order, are Dan Ebert, Ted Fults, and Ken Saunders.

The Lobos are undefeated since losing their opener in Denver. They then beat Wyoming and Arizona in a triangular match and followed it up with a 15-12 victory against the University of Colorado Tuesday.

Colorado A&M has played only one match, beating Wyoming 5½ to ½.

## Los Feds Take Lead In Intramural Race

Los Federales vaulted into the top spot in season intramural point standings with a first place in the recent volleyball tournament.

Los Feds thus displaced the Air Force ROTC, year-long leaders in the standings. The Navy ROTC moved into fourth place by virtue of its second place finish in volleyball.

## Lobos Favored In Track Meet

New Mexico's track team entertains Texas Western and Arizona State (Flagstaff) tomorrow afternoon in Zimmerman stadium with field events to begin at 1 and track events at 1:30.

The Lobos will be heavy favorites in the meet. They defeated Texas Western last week in El Paso and Flagstaff has had no previous competition this year.

Linder Favored in Javelin

Leading the UNM cindermen will be Sato Lee, Harrison Smith, and Dave Linder. Lee took both hurdle events in El Paso with good times but might face more competition this week. The Miners' top hurdler, Don Maynard, was out with an injury, but will run tomorrow.

Smith, who took the 880-yard run and the mile last week, will enter only the mile tomorrow. His mark last week was 4:37.5. Linder, consistently hitting around 188 feet this season, will be an odds-on favorite in the javelin. He also will compete in the discus.

Lobos Face Trouble

Other key Lobo trackmen will be Stan Bazant in the shot put, the Brooks brothers, Don and Jimmy, in the middle distance events, Luis Gonzales in the distance, Bobby Lee in the dashes and broad jump, Lynn Parker in the dashes, and Joe Murphy in the pole vault and broad jump.

Texas Western will bank on Bertram Corbell and Billy Sanford for most of its points. Corbell was high point man in the El Paso meet while Sanford took both dashes.

Other TWC winners were Louis Robbins in the 440-yard dash, Mike Finerty in the discus, Corbell in the broad jump, and Enrique Mata in the shot put.

The leading newspapers in Tanganyika, are the Tanganyika Standard and the Mombasa Times.

SCIENCE MADE SIMPLE: NO. 3

Once again the makers of Philip Morris, men who are dedicated to the betterment of American youth, have consented to let me use this space, normally intended for levity, to bring you a brief lesson in science.

It is no new thing, this concern that the makers of Philip Morris feel for American youth. Youth was foremost in their minds when they fashioned their cigarette. They were aware that the palate of youth is keen and eager, awake to the subtlest nuances of flavor. And so they made a gentle and clement smoke, a suave blending of temperate vintage tobaccos, a summery amalgam of the most tranquil and emollient leaf that their buyers could find in all the world. And then they designed their cigarette in two sizes, king-size and regular, and wrapped them in the convenient Snap-Open pack, and priced them at a figure that youth could afford, and made them available at every tobacco counter in the land.

That's what they did, the makers of Philip Morris, and I for one am glad.

The science that we take up today is called astronomy, from the Greek words *astro* meaning "sore" and *nomos* meaning "back." Sore backs were the occupational disease of the early Greek astronomers, and no wonder! They used to spend every blessed night lying on the damp ground and looking up at the sky, and if there's a better way to get a sore back, I'd like to hear about it. Especially in the moist Mediterranean area, where Greece is generally considered to be.

Lumbago and related disorders kept astronomy from becoming very popular until Galileo, a disbarred fletcher of Perth, fashioned a home made telescope in 1924 out of three Social Security cards and an ordinary ice cube. What schoolboy does not know that stirring story—how Galileo stepped up to his telescope, how he looked heavenward, how his face filled with wonder, how he stepped back and whispered the words heard round the world: "L'etat, c'est moi!"

Well sir, you can imagine what happened then! William Jennings Bryan snatched Nell Gwynne from the shadow of the guillotine at Oslo; Chancellor Bismarck brought in four gushers in a single afternoon; Hal Newhouser was signed by the Hanseatic League; Crete was declared off limits to Wellington's entire army; and William Faulkner won the Davis Cup for his immortal *Penrod and Sam*.

But after a while things calmed down, and astronomers began the staggering task of naming all the heavenly bodies. First man to name a star was Sigafoos of Mt. Wilson, and the name he chose was Betelgeuse, after his wife Betelgeuse Sigafoos, prom queen at Michigan State College from 1919 to 1931.

Not to be outdone, Formig of Yerkes Observatory named a whole constellation after his wife

The First Piano Quartet

## First Piano Quartet to Play In Carlisle Gym Tomorrow

Associate professor of music George Robert will take his place at the piano with his former concert group Saturday evening when the First Piano Quartet gives a performance in Carlisle gym.

Prof. Robert was a member of the nationally known quartet of pianists during its 1941-42 and 1949-50 seasons. He came to the university music department in 1950 and has been teaching piano here since that time.

Robert will replace Glauco D'Attili during the last group of selections which the First Piano Quartet will perform at the Saturday night concert.

### International Group

The First Piano Quartet, radio, concert, and recording stars, is composed of Adam Garner from Poland, Glauco D'Attili from Italy, Frank Mittler from Austria, and Edward Edson from the United States.

University students will be admitted to the concert on their activity tickets. The quartet is appearing on the campus under the auspices of the University Program Series.

As its name implies, the First Piano Quartet is the original group of four pianists who perform simultaneously on four different instruments.

The First Piano Quartet will open the Saturday evening concert with five well known selections by Paganini, Bach, Mozart, Schubert, and Liszt. These include "Variations on the Caprice in A Minor,"

Op. 1," "Prelude and Fugue in C Minor," "Rondo" from Mozart's "Haffner Serenade," "Trout Variations," and "La Campanella."

### Theme Featured

Paganini's "Variations on the Caprice in A Minor" is the quartet's theme signature.

After the first intermission, the quartet will perform Weber's "Invitation to the Dance," "Magic Fire Music" from "Die Walkiere" by Wagner, Liszt's "Second Hungarian Rhapsody," and Chopin's "Ecossaises."

The latter will include the Polish composer's "Etude, Op. 25, No. 6," "Etude, Op. 25, No. 1," and "Etude, Op. 25, No. 9," better known as "Double Thirds," "Harp" and "Butterfly."

Concluding the program will be Lecuona's "Malaguena," "Claire de Lune" by Debussy, "Polichinelle" by Villa-Lobos, "Prokofiev's March from "Love for Three Oranges," "The Golden Age" Polka by Shostakovich and "La Danza" (Tarentella), a Rossini-Liszt transcription.

## Cowpoke Loot Remains In SUB

Remember the Wyoming train trip, which never left Albuquerque?

Some deposits, made last fall, are still rattling around in the associated students office in the SUB to the tune of about \$70, Mrs. Maude Stephens, secretary, said today.

## Chemists Prepare For Open House

UNM chemistry professors are hard at work on exhibits and experiments for an open house that will surpass anything Buck Rogers has dreamed up.

Dr. J. L. Riebsomer, chemistry chairman, says that "eye-catching" gadgets are being installed now that will appeal to the small fry and older teenagers.

But a goodly portion of the exhibits that will be spread out over the three floors of the chemistry building will be of interest to adults, Riebsomer said.

The open house is set for Friday night from 7 to 10, Apr. 29, and Saturday morning from 9 to 12, Apr. 30.

Besides Dr. Riebsomer, those in charge of the experiments and exhibits will be chemistry staff members Dr. Milton Kahn, open house chairman, Drs. Guido Daub, John Suttle, E. F. Martin, and Miss Victor Searcy.

An expert glass blower from Los Alamos will be on hand to amaze spectators with his intricate designs.

Budding scientists will be able to observe the properties of liquid air at temperatures ranging to 400 degrees Fahrenheit below zero.

There will be a maze of geiger counters, scintillometers, and various other instruments for detecting radioactivity.

Those interested may watch a model manufacturing process for aspirin and sulfa drugs. Another process will show how soy bean oil becomes oleomargarine.

Still other exhibits will show the manufacture of soaps, dyes, and how New Mexico crude oils are distilled.

## Spurs to Meet

The Spurs will meet Saturday afternoon at 12:30 in Rm. 113, Mitchell hall. All members were warned to attend, Sue Dormier said yesterday.

## May Receives Study Grant

Prof. Marvin C. May of the civil engineering department has been awarded a grant-in-aid to study transportation and traffic problems this summer.

May was chosen as one of 20 selected from the entire United States for special study for eight weeks beginning June 10 at the Institute of Transportation and Traffic Engineering at the University of California.

The Automotive Safety Foundation, sponsor of the institute, selected the 20 award winners from the field of university professors who are teaching traffic and transportation engineering and who already held advanced academic degrees in the field.

A feature of the eight week theory and practice study will be field trips to see how traffic is handled on the freeways and super highways of California.

## Article by Jacobs To Be Published

"The American Mercury," an international magazine published in New York, has announced the forthcoming publication of "A Silent Sinner," an article written by Dr. Willis D. Jacobs, professor of English.

"The Silent Sinner" deals with the life of Irish playwright John Millington Synge, author of "The Playboy of the Western World," "Riders to the Sea," "Deirdre of the Lost Sorrows," and other works.

Jacobs' article concentrates on "The Playboy of the Western World" and Synge's lyrical poetry. Synge died in 1909, but he is acknowledged by critics as the greatest Irish playwright of the 20th century.

Bhutan's external relations are governed by India, though it is a semi-independent kingdom.
