Ya ate eeh, this is Shannon Fleg. I am Navajo, and as a health educator working with Indigenous populations in our state, I see the need for people to have easy ways to access information about their health. When I share videos and other interactive materials from medlineplus.gov with my clients, it sparks questions and conversation. Medlineplus.gov can be the first step toward someone's decision to work toward healthier living! Check out the Video & Cool Tools section. Health information you can trust at www.m-e-d-l-i-n-e-p-l-u-s.gov - brought to you by the National Library of Medicine and New Mexico's health sciences library at UNM.
