Thirty-Fourth Session Finds Enrollment High

Net Loss Totals 40 Students; Registration Of 836 Includes 361 Freshmen

Advance registration figures show a much higher enrollment than was expected for this year's term, which begins with registration Monday morning, September 20.

This year's total of 361 new students tops last year's total of 337 while the total of old students has dropped from 532 to 475, making the total number of students enrolled for the fall session, 836, a net loss of 40 students.

No N.Y.A. scholarships are being offered this year, but the state has awarded about fifty, other than dining room scholarships, each requiring ten hours a week and paying the students one hundred dollars for their work.

The same dormitories are in use as were previously used with the exception of the Dingledine home management house which has been discontinued.

Mrs. Caldwell is the newly appointed college chaperon, who will be house mother in Spotswood hall.

YW Delegate Attends Summer Conference

The Y.W.C.A., following its custom of sending delegates to religious training courses during the summer months, was represented at the Southern Student Christian conference, held at Berea, Kentucky, in June.

The conference, attended by Lois Phelps, Y.W. secretary, brought together representatives from colleges in ten southern states. The object of this conference was to discuss problems of Christian leadership during a world crisis.

During the regular Friday chapel period the Y.W.C.A. will present a program designed to acquaint the students with its aims and activities.

On Sunday the worship service will be held at 1:50 p. m. in Wilson auditorium, under the leadership of Ellen Collins, Sunday program chairman. Betty Gravatt, president, will give a brief talk of welcome and there will be special music.

Additional announcements will be made each week on the Y.W.C.A. bulletin board in Harrison hall lobby.

Summer Enrollment Shows Slight Gain

Enrollment at this year's summer school showed an increase of 5 per cent over last year's enrollment, with a total of 557.

Forty students of this number were graduated from Madison at the close of the summer session. Of this total, 57 were men students and 133 were regular students of Madison.

Eighteen freshmen entered during the summer and will return for winter school. Four students with advanced credits from other colleges were also registered and will return in the fall.

Reception at Hillcrest Opens Social Activities For Fall Quarter; Students Attend In Groups

Opening the social activities for the fall quarter, the faculty reception for new students will take place at Hillcrest, home of President and Mrs. Samuel Page Duke, Friday night at 8 o'clock.

Because of the large number invited, the new students will attend the reception in prearranged groups. These arrangements are being made by Cary Sheffield, chairman of the social committee, and will be announced later.

Members of the standards committee, headed by Helen Bishop, will be stationed in the freshman dormitories on Friday night to assist the new girls in every possible way.

Letters To New Girls

To Students of the College:

I wish to extend a most sincere greeting to the old students who are returning to the campus for another year of earnest and, I trust, highly successful work. I am thoroughly confident that you are determined to give to the college again that fine spirit of friendly co-operation and zealous application that made of the past year one of unusual achievement.

To the new students I wish to extend a hearty welcome and to congratulate you that, through either your own efforts or through the sacrifices of your parents or friends, you have been given an opportunity to obtain a college education. This opportunity comes to a relatively small percentage of the citizens of our state. I trust that you will put forth every possible effort to make the best of this opportunity and to become educated in the broadest and best sense of the word.

To both old and new students alike, I would like to suggest that three things are most important in your college life.

First, that you maintain a friendly attitude toward the college administration and those who are to instruct you in the class room. All of the persons engaged in these tasks want to be your friends. They want to help you in a spirit of friendly co-operation and they are thoroughly conscious of the fact that it is difficult for you to learn or to be taught except there exists this friendly, receptive spirit. Seek the advice of your teachers and of the president of the college. They are eagerly desirous of helping you in every possible way.

Secondly, take care of the margins of your time. Sleep is important, work in the class room and laboratories is important, but perhaps of equal significance to either of these is the manner in which you employ your leisure time. Nothing furnishes a better index of real character and purpose. Unwise use of your leisure time can destroy the good results of earnest study, while the wise use of the margins of your time may contribute in a most positive and decisive way to your permanent life assets.

In the third place, form the habit of thinking—not the habit of spontaneous reflex response to situations that arise, but the habit of thinking carefully before you take steps that may have great significance for you. The habit of thinking is distinct evidence of the really educated person. To form and follow the lead of this habit will save you many difficult situations.

Many of you may come to the college not knowing what you want. I trust, however, that everyone may find here such wise counsel and such well planned opportunities that you may at least leave the college wanting what you know.

(Signed) SAMUEL P. DUKE.

Dear New Girls:

I wish to extend to each of you a hearty welcome to your new home—your college home.

Just now the faculty and student body are new and strange to you. Even you freshmen are strangers to each other, but in a very short time you will form acquaintanceship which may ripen into real friendships.

Madison is known for its friendly groups. Your faculty and the upper-classmen stand ready to serve you in any and every possible way. I keep

"open house" during all hours of the day for you new girls until you have become adjusted to your new environment. Your Big Sisters are eager to help you become familiar with the buildings and grounds and with the customs and conventions of your college. Use them!

The primary aim in going to college is the pursuit of learning. Your academic work comes first and your social duties second. Remember, a good start in class work often insures success throughout the year. Get a good start by knowing your professors well and by carrying out fully all directions and assignments. Life on our campus is not all work nor all play; you must learn to make fine decisions when there is a conflict between the two. These decisions when properly made will contribute to the development of that character, that good citizenship, and that culture which are the fundamental needs of prospective young teachers.

(Signed) ANNIE BAILEY COOK.

Dear New Girls:

We old girls are so happy to welcome you to our campus which is now yours also.

If you are finding the many strange faces about you a bit bewildering just be assured that from among them will come real friends whose companionship will not only brighten and enrich your college days but also be a joy to remember in later years.

In case you are ever troubled with homesickness, which some of us have found a bugaboo during our first days here, we believe we have discovered a very reliable antidote which consists of—keeping busy! At what? Preparing our lessons (that's one of the chief reasons we come here, you know), making friends and joining with wholehearted enthusiasm in some of our many campus organizations.

The one organization to which each of us belongs from the moment of our arrival is the Student Government Association. Thus it is the attitudes and actions of us students which determine its success or failure. It is only through the loyal support of everyone of us that it can be made to serve us best.

My very best wishes for the many happy days of work and play which lie ahead at Madison!

Sincerely yours,

JEAN JONES, President
Student Government Association.

Dear New Girls:

We're so glad you've come to Madison! We have high hopes that your future here will be filled to the brim with all the happiness possible.

Having been new girls ourselves, not so long ago really, we know you will have many problems and questions. Let us help you with those, won't you? As soon as those problems are ironed out and the questions answered, we know that you will begin to realize just what

a super-elegant place Madison really is, and just how much fun there is to be had here for the asking.

Madison holds so much for every single one of you. There are many pleasures, even though there may be tears sometimes. And the fun!! It is boundless. But best of all, there are friendships.

We want you to learn to love Madison. Madison is eager to love you.

We're looking forward to meeting each of you; so please accept a hearty welcome from

THE SENIOR CLASS,
HOPE LILLY, President

Dear New Girls:

This is a hearty howdy-do to every one of you, from your big sister class. We're anxious to introduce you to our Madison. We want you to know all the perfectly splendid people that are here, and above all, we want you to know the campus itself . . . so that before long you will recognize it as your Madison too. It may be just a little lonesome for awhile, and it could be you'll feel somewhat lost at times . . . come and see us then, won't you, and we'll try to drive those clouds away. Remember, we're your big sister class, and we have a very special interest in you.

JUNIOR CLASS,
LEE ANNA DEADRICK, President

Dear New Girls:

Here's a sincere welcome to each of you from the Sophomore class! Since it was only a year ago that we first entered Madison college, we can well understand how you feel. Maybe at first you'll be lonesome for the folks back home but just as we did, you'll soon learn to love your new home. We want to help you get acquainted with all the girls and give you any advice you may need, so please don't fail to call on us at any time.

Professor Clyde P. Shorts Announces Complete Class Schedule for 1943-44

Following the procedure of last year registration will be for the entire year, and there will be no general registration preceding the winter and spring terms. It is, therefore, important that each student be very careful in working out her program, as changes in either the general schedule or the individual programs will not be made except under the most unusual circumstances.

All course numbers will be found in the new catalog, copies of which will be available at the registration tables. Registration for freshmen is on Wednesday, following upper-classman registration Monday and Tuesday.

Every boarding student will receive registration instructions when she checks in the offices of the deans of women. Every day student must call at the registrar's office for instructions before beginning registration.
