Subject: Panther Promise Scholarship

Congratulations on being awarded the **Panther Promise Scholarship** for the 2012-2013 school year. You were selected for this new scholarship because you were either a freshman or transfer student who submitted the FAFSA and had a household income between \$33,000 and \$67,000. This is the first year that the **Panther Promise Scholarship** was offered at Eastern Illinois to first-time incoming students. As a recipient, you are eligible to receive this scholarship (up to \$2,500 each year) for all four years of school as long as you maintain satisfactory academic progress and have continuous full-time enrollment in both fall and spring semesters.

Since this is new and wonderful scholarship opportunity to assist students in financing their education, we are interested in hearing how receiving this scholarship has helped you and why.

Specifically, we would like to know:

- 1) How did receiving the Panther Promise Scholarship influence your decision to attend Eastern Illinois University?
- 2) How has receiving the Panther Promise Scholarship helped you financially?
- 3) What kind of impact will this scholarship have on helping you to meet your educational and career goals?

Please reply to ceedwards@eiu.edu by Friday September 21st.

Thank you!
