Sophomore Mike Riordan, the winner of Board of Governors representative 1,112 votes to Sue Pennington's 535 votes, said the Action Party's campaign was very well organized. "Everybody put out 110 percent," he said.

Indeed a well organized campaign seems to be the reason that sophomore Trisha Nusbaum won the office of executive vice president by 642 more than sophomore Krista

The Action Party swept student government ions winning all four executive officer ats and eight senate seats.

The Voice Party was second with five senate ats. The student Party won three.

Deb Camren of the Action Party won the tion for student body president with 895 tes, Dan Beeman of the Student Party came second with 544 votes, and Voice candidate ger Thomson received 367 votes.

The total number of votes for student body resident was not tabulated at press time, but st year it was 1,984. The total overall vote, hich also had not been tabulated, had 2,056 st year and 1,978 in 1985.

Write-in candidates for student body esident were Jeff Klima, Muted Stagnation, Pee Wee Rives, 3, and; Pat Klippel, 2.

Voice, Student parties react

By JEAN WRIGHT and JULIE LEWIS

Amid tears and confetti, reactions varied to the Action Party's sweep of the student government

"I had a lot of great ideas," said Dan Beeman, Student Party candidate for student body president. Beeman came in second to Action Party's

"I'm more than happy for Deb," Beeman said. She's a tremendous person and a nard worker. She's done a lot for Student Senate.

"I hope those who won are as dedicated to their's (ideas) as I would have been to mine," Beeman

Roger Thomson, Voice Party presidential candidate who came in third place, said he wasn't surprised by the results. "I celebrated my loss yesterday (Tuesday)," Thomson added.

Thomson believed one of the reasons he lost was because of two males running for the same office, which split the vote.

"The amount of influence they (Action) had with the greeks had a lot to do with it," Thomson added.

"I think the election was very dirty," he said. "I think a lot of Voice and Student posters were getting ripped down.'

Beeman said he still believes he was the best candidate for the position. "I've done more than the other two," he added. "I'm disappointed."

Beeman said he believes campaign money had a lot to do with the results. "I just didn't have the financial means to support myself."

Joe O'Mera, Voice Party campaign manager and

former senate speaker, said his party lost from the

beginning. "We got out spent," O'Mera added. "Obviously, that is going to have a big effect. A lot of people go by who they hear the most about."

"They made the perfect party. They had 10 greeks—greeks vote," he said.

Jamie Doherty, Student candidate for executive vice president, said he didn't really know how to react. Doherty came in third to Action's Trish Nusbaum and Voice's Krista Leahy.

"I tried my best," Doherty said. "I'd just rather not talk about it now." When asked about his student government future, Donerty said he plans to resign from senate."

Leahy said she thought the elections came down to a popularity contest. "I give them (Action) the credit. They're all greek. Greeks came out and voted," Leahy added.

She also said the amount spent on campaigns was a factor. "The more you advertise, the more votes

Leahy said that's just the way things go. "They (senate) haven't gotten rid of me yet."

Sue Pennington, Voice candidate for Board of

Governors representative who lost to Action's Michael Riordan, also believed the election had become a popularity contest. "I guess it's mostly the greeks that vote. If you know a lot of greek people, you're in," she added.

"We didn't have as much money," Pennington said, adding she thought the Action Party had a definite monetary advantage in the election race.

O'Mera said he was pretty sure his party was going to lose. "We wanted to give it the best shot we could," he added. "It's absolutely sad that Krista Leahy, Rose Alcorn and Sue Pennington are off the

North jams shredding machine

WASHINGTON-Before Lt. Col. Oliver North was fired last November, he and his secretary destroyed so many documents their White House shredding machine broke down under the load, government investigators have been

The shredder got backed up and jammed as North and his secretary Fawn Hall shoved memos and other documents into it, a source familiar with the Iran-Contra

investigation said Wednesday.

Meanwhile, sources said that investigators for both independent counsel Lawrence E. Walsh and congressional committees have obtained a wealth of material from North's office, including a record of his telephone calls, meetings and other contacts, and original versions of four documents altered by his secretary.

These sources said the alterations appeared to be an attempt to conceal North's program for raising money and supplying arms to the rebels opposing Nicaragua's government. The sources, who were familiar with the investigations, spoke only on condition of anonymity.

In a fresh disclosure, sources said Hall had turned over to North documents she removed from his White House office on Nov. 25, the day he was fired by President Reagan.

Shultz optimistic over possibility of reaching accord on missiles

BRUSSELS, Belgium (AP)—Secretary of State George P. Shultz expressed optimism in Moscow about reaching an accord on eliminating medium-range nuclear missiles from Europe and flew to Brussels to consult with NATO allies.

"We will consult, and I am sure, come to a good conclusion," Shultz said before leaving Moscow, where he held three days of meetings with Soviet officials, including Kremlin leader Mikhail S. Gorbachev, who made new arms proposals.

Soviet Foreign Minister Eduard Schevardnadze told Shultz Wednesday the Soviets would eliminate their shorter range missiles in the Soviet Union within a year after Senate ratification of a proposed treaty on medium-range missiles.

The Soviets have 80 shorter-range missiles on their territory. The Soviets have about 50 medium-range launchers—with a range of 350 to 600 miles—in East Germany and Czechoslovakia. They would be scrapped on the signing of a treaty to rid Europe of hundre U.S. and Soviet medium-ranged missiles, have a range of 600-3,000 miles.

Gorbachev made the proposals, which remove a major obstacle to a treaty on med range missiles, during a 4.5 hour me Tuesday with Shultz in the Kremlin.

"Very considerable headway had been a and it should be possible to work or agreement in this field (medium-range mis with hard work and creative effort," Shult in a Moscow news conference.

"I think we made quite a lot of progress perhaps we can see prospects, with negotiations ahead, but prospects close at of reaching agreement in that area," Shull of the outlook on medium-range weapons.

Edward Rowny, senior arms control at to President Reagan, headed for China Japan to brief their governments. The Simons Jr., a Soviet affairs expert in the 8 Department, went to Eastern Europe meetings in Soviet bloc nations.

ack of cooperation has delayed the filing of alcharges against an Eastern student who was ted in connection with a hit-and-run incident t injured two University of Colorado football versover spring break.

The delay in the case involving sophomore othy James Stacy, said Tommy Atkinson, South ressland police captain, has been the two female strians, 18-year-old Frauke Deidrichson of nette, and 19-year-old Pamela Konigsberg of ew York City. The two females were also hit by e car while walking with the two Colorado

We don't think they're (the female pedestrians) g to cooperate. The feeling I get from them is at they don't want any more involvement with ecase. Even from the very beginning they've been cooperative. They left right after the accident that even bothering to give us statements then,"

Stacy was identified by witnesses and two engers in the car as the driver in a hit-and-run wident involving four pedestrians at about 2:30 m. March 26 in South Padre Island, Texas.

In the incident Stacy allegedly swerved from the ad and hit four pedestrians, two of whom were otballplayers for the University of Colorado.

However, police are still trying to obtain atements from the two female pedestrians, he asked them to send us statements and the clothes they were wearing the night of the accident for analysis, but they haven't yet," Atkinson said.

Atkinson said if the two women do not cooperate. then charges will be formally filed against Stacy without statements from the two women and the women will subpoenaed to appear in court.

The case will be filed. We just are trying to gather as much information as we can to have as complete of a case as possible. It's not a problem. We have 120 days to prosecute," Atkinson said.

Stacy was arrested at about 8:20 a.m. March 26 at the Texas condiminium where he was staying during spring break. It is expected that Stacy will be charged with attempted murder in connection with the incident.

The women were treated and released following the incident.

The two Colorado football players involved in the incident, Don Deluzio and Curt Koch, were released from their Denver hospital April 5.

Both suffered broken legs in the incident and DeLuzio suffered a broken jaw.

Both also underwent surgery in Denver. David Plati, sports information director for the University of Colorado, said, "Curt's walking around in an awful lot of pain. He has started a little bit of therapy but can't really do much until

his broken leg heals. "Don's talking a little, but not a lot because his jaw's wired shut," he said.

Otherwise, Plati said, both men are doing fine.

Reagan needs more informed AIDS opinion

Attitudes about sexual diseases in this country lately are naive at best. President Reagan's attitude toward AIDS seems to be as uninformed as the rest of the country's.

Even though he has recognized AIDS as a growing and dangerous epidemic, his suggestion for heading off the epidemic is shoddy.

Editorial

Reagan said "Abstinence is the best

way to prevent the spread of the disease," and added that sex education should be taught within a moral concept.

Abstinence may work for some people but, in modern society it is an impractical expectation and cannot be seen as the sole method of stopping the spread of this deadly disease.

The public should be educated about AIDS and all other sexually transmitted diseases but, there also is a need to educate the public about safe sex. The use of condoms is one way health departments are suggesting to help prevent the spread of this illness.

Experts say the longest that any person infected with this disease can live is about five years. A person can also have the disease for years with out even realizing it. This makes AIDS an even deadlier ailment.

Reagan's suggestion is faulty and seems uninformed at a time when many people are looking to the president for some guidance. He has demonstrated his willingness to take a strong stand regarding the use of drugs, we believe he must do the same in respect to the AIDS epidemic.

Scientists predict that by 1990 there will be the same number of heterosexuals infected with AIDS as there are infected homosexuals today. This means there must be a serious effort to slow the spread of this disease while scientists work on a cure. Abstinence will help, however the public must become aware of other practical alternatives to avoiding the virus.

This is no time to be indecisive, ignore the disease and hope that it will go away. This is more than an issue of sexual morals, it is a matter of life and death.

Letter policy

The Daily Eastern News welcomes letters to the editor from any reader addressing issues relating to the campus community.

Atmosphere is key to the Real Party

After nearly four years of research, I've finally got it—the definitive guide to the Real Party. Listen carefully:

It's impossible to really "plan" a Real Party—it has to "just happen." But there are certain things you can do to set the right tone.

First, you take a "normal" party—which means a phony party—and you wait until all the preppy lightweights have drunk themselves into oblivion and have finished their in-

and have finished their intriguing conversations about who's sleeping with whom and about which field of study guarantees the highest starting salary.

Kevin

McDermott

When those people have left or passed out, that's when the Real Party begins. Sometimes.

It usually develops in the kitchen or on the living room floor or somewhere equally uncomfortable. Couches must be avoided at all costs. To qualify as a Real Party, the place has to be a disgusting mess from the previous, phony party. This is called "atmosphere," and it's vital.

There can be no more than a dozen people at any Real Party. That's because the Real Party *must* be composed of The Last Survivors from the phony party, and if there are any more than a dozen of them, it couldn't have been all that difficult to survive.

The Last Survivors should look like they live on the fringes of society. They should have bizarre hair and clothing yet should always be talking about philosophy and politics—kind of the "intellectual savage" image. A good way to test whether you have a strange enough assortment of people to conduct a Real Party is to wake up one of the

passed-out preppys. If the preppy opens a beer and joins in, you've failed; if the preppy runs from the house screaming, you're well on your way to a Real Party.

The beer should be warm, the pretzels stale and

The beer should be warm, the pretzels stale and the music no newer than 1972. Anyone who even suggests playing anything that has ever made the Top 40 (with the exception of Beatles' tunes) should be expelled from the Real Party immediately.

Everyone at the Real Party should be a smoker, but only one person should have a sufficient supply of cigarettes. This is important. It makes it necessary for some of the partiers to go out in the pre-dawn hours and buy more community smokes. At a Real Party, people have to be constantly wandering in and out, with only a small core actually staying in one place. Again, this is "atmosphere," and you can't have a Real Party without it.

The single most crucial element to a Real Party is the conversation. This is what separates it from phony parties, where the music is blaring and everyone is dancing. Real Partiers don't dance. Instead, they get very loud and emotional about complex world problems which they will never in a million years be able to change.

Subjects like "evolution vs. creationism," "the validity of the two-party system" and "the problem of substance and change" should form the basis of lifelong friendships and even marriages. Bitter enemies should be created around topics such as "the effects of Democracy on the individualist," "The Ontological Argument for the Existance of God" and "What would have happened if George Wallace had been elected president?".

One more thing: The sun had better be up before the party ends.

Cambridge Fest II—what was going to be one of the biggest and best parties at EIU. A party organized to raise money for Special Olympics, a party that countless hours of preparation were put into, a party that was canceled two days before hand due to, you guessed it . . . Charleston's finest.

Cambridge Fest I was organized last year by four individuals, three of these people were also part of the committee that organized Cambridge Fest II. On March 9, two people on the Cambridge Fest Committee went to the Charleston Police Department to ask permission to have this party.

They spoke with Chief Maurice Johnson. They informed him of the Cambridge Fest plans, briefed him on last year's party and asked what procedures they had to go through in order to have the party approved.

Chief Johnson told these two that as far as he was concerned there weren't any procedures, just to let the neighbors know what's going on.

So they did, and it was OKd by the neighbors and then the Youngstown management.

On Thursday April 9, after all the orders were placed and everything was planned, officer Ramsey notified the Cambridge II committee of the consequences they would suffer if the party did go on. These consequences included multiple arrests and possible law suits if any injuries

Although the warning was appreciated, it came a little late, as a matter of fact it came a month late due to Chief Maurice Johnson who can't be reached this weekend because he is out of town.

The committee apologizes for any inconvenience it may have caused anyone. If you have a ticket please bring your stub to 2405 Cambridge or call 345-9202 for a refund. Please do so by Thursday. After Thursday the money will be donated to Special Olympics.

Chanelle's Daily not serious intent

Editor:

I'm writing this in reference to "Chanelle's Daily." Being the cartoonist's sister, I have a fairly good idea of what I am talking about. Now I would like to try to

put this cartoon back into proportion for most of the campus.

Many students and teachers have really blown "Chanelle's Daily" out of the water. This is a cartoon, nothing more, nothing less. A cartoon is something funny; something that could never happen. I have met quite a few who have forgotten this small detail. Yes, Chanelle is drawn very believably and based on our campus, but remember she is not a real person.

When Chanelle's mom bought her a seat as Union Area Head, many people got slighly bent out of shape because they believed that part of campus was being scandalized. There was a funny point to that week's cartoon: everyone knows that could never really happen. Some of the stunts that she pulled were to show that it wasn't an easy job and Chanelle was making fun of it.

My brother picks certain areas to be the topic of the week by deciding what happens to be big news on campus at the time and then try to find the funny side.

That is one trait many of us need to work on: finding the funny side of life's many problems because it makes dealing with them a little easier.

Zoning impedes fraternity search

By JEFF BRITT Senior reporter

The major problem in replacing the Delta Tau Delta House, 6 E. Lincoln Ave., is Charleston's zoning laws, said Linden Sheperd, a Delta Tau Delta alumnus and president of the house corporation in charge of finding the fraternity a new home.

The fraternity members have been informed recently that their lease would not be renewed.

Sheperd said, "There are only limited areas of Charleston that are zoned in R-4 (which includes sorority and fraternity houses). And there's very little R-4 zoning in Charleston.'

He said a search committee is "still exploring some options" in locating a house.

The reason the lease is not being renewed is not because of the tenants, Sheperd stressed. "I think it's safe to say we've (Delta Tau Delta) been outstanding tenants.'

Economic reasons are also being cited for the move. "That is because the owner of the property also owns the surrounding property and he has plans for that property," Sheperd said. "His decision not to renew is based upon the total economics of what he can do with that entire parcel of property, which makes more economic sense.

Sheperd said the failure to renew the lease was in no way related to other fraternity incidents. "Some fraternities have had problems at Eastern, for

example . . . well, you know.'

Dave Romano, vice president of Delta Tau Delta, said the fraternity has had offers from other places to consider. "We are currently looking at other property and we do plan on having a house by

August 15."

The fraternity must vacate the house by August

"We've actually had people come to us," Romano said. "We haven't had to go out actively seeking (houses)."

Delta Tau Delta is looking for a place to house ten people Romano said. "We're looking for a house where we could fit at least all our officers (five) and important committee members."

Romano said the fraternity has no one place in mind, but added that it would like to get a house that has been zoned for fraternities.

Our national office is very supportive in helping us find a home," he said.

The notice regarding the lease gave Delta Tau Delta members living in the house ample time to find another place to live and it won't cause the members housing problems, Romano said.

"There are 25 people in the house currently and the 10 people who are going to live in the home next year know who they are," he said.

Robert Carlisle, who purchased the Delta Tau Delta property in December, also owns the lots to the west and south of the fraternity.

Romano said the lease cancellation was not un-

timely. "This wasn't something that was a shock to us. We've been renting for four years now and we knew we were in a prime parcel of town."

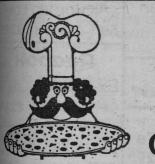

Delta Tau Delta President John Connell said, "I think that we were definitely fairly treated. He (Carlisle) gave us more than enough notice." Connell said Carlisle gave the fraternity the amount of advance time specified by the contract.

RHA to elect new officers

By DORI NEVEN Staff writer

The Residence Hall Association will elect next year's executive officers at its 5 p.m. meeting Thursday in the Thomas Hall Basement.

Candidates for these offices are Bob Gruszka, president; Marty Gorski and Wynn Burke, vice president.

Other candidates include Charley Miller, secretary; Kim Russell, treasurer and Lynette Woods for national communications coor-

The election will be conducted during the meeting and the new officers will be announced before the meeting is over said RHA President Bob Gruszka.

RHA will also be discussing the sale of the last 100 sunglasses which will begin on Monday said Gruszka. The glasses will be sold outside the residence hall food services for \$9 each or two for \$16.

These sunglasses had been on sale previously but are being sold again because Gruszka said he thought "the last time (the sunglasses were sold) off-campus people didn't get a chance to buy them (sunglasses)."

Gruska added that he thought not many off-campus studentsknew of the sale, but he is hoping that more are aware of the sale of sunglasses this time. sunglasses will be sold for about two to three days or as long as supplies last, Gruszka said.

RHA will also discuss further plans for Little People's Weekend, part of Celebration '87, which will be held the weekend of April 24-26.

How to make more people aware of Little People's Weekend and how to recruit them will also be part of the discussion.

Little People's Weekend gives Eastern students a chance to invite their younger brothers and sisters to campus for a visit.

America magazine Baseball edicted a fifth-place finish for the ayhawks in the Big 8 this season. Kansas is led by pre-season All-Big 8 mutfielder Hugh Stanfield, who has osted a .385 batting average, while ecting six home runs, 27 runsbatted-in and 13 stolen bases and first seman John Byrn (.352-7-34-1).

Pattin's best season in the majors was in 1972 with Boston when he went 17-13 with a 3.24 ERA. In 1971, Pattin made his only All-Star game 🛠 appearance for the Milwaukee rewers and in 1980 Pattin was 4-0 with the Royals, who lost the World Series to Philadelphia.

Panther Club goal closer

By CHUCK WATKINS Staff writer

Eastern's Panther Club is well on its way to achieving its goal of \$270,000 for the Athletic Department.

The Panther Club received the totals for the halfway point of their fund drive Wednesday night and found that they are on track.

The Panther Club has raised a total of \$169,881 at the halfway point of their fund drive for the Athletic Department.

The fundraising project is already ahead of last year's project which raised \$96,025.

The Panther Club has already achieved it's goal of achieving 120 new members by getting 153 new

members at only the halfway point of the drive.

Three fundraising teams, team E, team I and team U, are trying to achieve a goal of a total of \$90,000 each broken down into \$55,000 of actual cash and \$35,000 of payment in kind.

At the halfway point, team U had accomplished the most by gaining \$36,293 in cash and \$45,740 for a total of \$82,033 and 66 new members to Panther Club.

Team U is headed by Dick Stark who said, "We are going to finish by matching the payment in kind with cash and we are going to go after renewal members in East Central Illinois.

its season mark to 21-11.

Junior pitcher Mike DiBenedetto took the loss for the Panthers as his record goes to 2-4. Freshman Guy Taylor came into the game in relief for DiBenedetto.

Eastern coach Tom "Skip" McDevitt admitted that only four hits isn't going to win many ballgames.

After Sterioti's and Coppell's hits to open the contest, McDevitt thought things were on the right track. There were no excuses for not keeping the hitting going, he said.

"We should have hit the ball, but we didn't," McDevitt said. "Their pitching was good, but it wasn't out-

standing."
With four key AMCU-8 contests with Western Illinois coming up this weekend. McDevitt said Eastern is going to have to start playing better.

Netters play well despite 7-2 loss to Redbird squad

By DINO TIBERI Staff writer

Despite losing to Illinois State at home Wednesday by a score of 7-2, the score was not indicative of how the individual matches were played, said Coach John Bennett.

"The play, especially in singles, was encouraging from everybody today," Bennett said.

Eric Laffey, playing in first singles, won his match over Ian Symmonds by a score of 6-4, 6-4. Laffey was extremely happy with his efforts, calling the match "the best of my career."

"I felt very confident, my serving kept me in the match, I just needed a few breaks to win the match," Laffey said. The turning point of the match was a service break at 2-2 of the second set, after Laffey won the first set 6-4.

Bennett was also happy with Laffey's play. "He was really pumped, he was confident the whole match," Bennett said. "His serve was on and so were his ground strokes," Bennett added.

Competing at second singles was Stan Freeman, who played well in a 6-3, 6-2 loss to Mark Gunther. "Stan showed a lot of hustle, that's the key to his game," Bennett said.

John Suter lost a 6-4, 6-4 match to ISU's Brian Begley at number three singles, while Jon Anderson lost a 6-3, 6-1 decision to Alex Unterkoefler in the number four slot.

The number five match went to ISU's Paul Moncuisko over Keith Hansel by scores of 6-0, 6-3.

In sixth singles, John Rubello won the only other match for Eastern, winning in three sets, 6-2, 4-6, 6-3. "John had a strong forehand, he also had a good serve. He knew he could win, and he won a lot of big points," Bennett said.

In first doubles, Laffey and Suter took Symmonds and Gunther to three sets before losing 4-6, 6-2, 6-3. Suter thought that they played well, but a couple of service breaks were what hurt them in the match.

In second doubles, the team of Freeman-Anderson lost to Monuisko-Begley 6-1, 6-1, while Hansel-Rebello dropped a 6-3, 6-3 decision to Unterloefler-Ayers.

Former Panther star, Pattin, fired

By BARRY BOTTINO Sports editor

After five years at the helm of the University of Kansas baseball team, former Eastern All-American Marty Pattin has been notified that his

contract will not be renewed at the end of this season.

Gary Hunter, associate athletic director for Kansas, announced March 25 that Pattin's appointment as baseball coach will not continue after the 1987 Jayhawk season, therefore giving Pattin a 90-day notice of noncontract renewal.

"The 90-day notice was so that Marty is not just left out in the cold," said Pat Madden, assistant sports information director.

Pattin, who pitched 13 seasons in the major leagues, played baseball for Eastern from 1964-68 and is currently the school record holder for strikeouts in one season (130 in 1964).

"I was naturally disappointed,"
Pattin said in a telephone interview
from Lawrence, Ks., where he lives
with his family. "I just have to weigh
out my options and see what's best for
me and my family. I have four or five
opportunities that I'm looking into."

Pattin added that none of those opportunities are in baseball.

The former Charleston High School graduate still has relatives in Charleston and remains part-owner of

Marty Pattin

Marty's Bar & Grill, 4th and Grant streets.

In a press release issued March 31, the 43-year-old Pattin said, "This job has been great experience for me and I can walk out with my head held high. I don't regret anything. I did the best job I could, and I hope the program can get better.

"I'm proud of the fact that the program has been run honestly. I think we've laid the ground work for the next guy to come in and continue to improve."

Pattin also holds the school record for strikeouts in a game (22 in 1964) and accomplished a win-loss mark of 20-6 during his career at Eastern.

Pattin was named a second-team NAIA All-American in '64 with a 2.80 earned run average and also led the NCAA in strikeouts in that same year. Eastern was a member of both the NCAA and NAIA in 1964.

Pattin struck out 278 batters in 211 career innings with the Panthers.

In his 13 major-league seasons with California, Seattle, Milwaukee, Boston and Kansas City, Pattin had a record of 114-109 with a career ERA of 3.62

"The effect (of Pattin's release) was minimal," said Madden. "Had the program improved, it's prominence would have raised."

Pattin, who came directly from the Royals to coach Kansas in 1983, has accumulated a 119-156-3 overall record to go along with the Jayhawks 11-23-1 start this year. The Jayhawks best finish was in 1983 when they placed third in the Big 8 conference. Last season, Pattin's Jayhawks finished 7-16 in the conference and

Eastern's baseball team managed to hold off the rain for one game of a scheduled double-header at Illinois State Wednesday, but the Panther's bats were not raining with hits as they took a 4-2 loss. The second game was rained out.

The Panthers opened the game with back-to-back base hits by senior Rick Sterioti and junior Shannon Coppell. Sophomore Tim Bogar advanced the runners on a fielder's choice before sophomore Stan Royer grounded out to drive in Sterioti.

However, Eastern managed only two more hits for the remainder of the game as the Redbirds got two runs in the bottom of the first to take a 2-1 lead. They added two more in the third.

Royer pounded his seventh homer of the season with a solo effort in the Panther sixth, but that was the extent of Eastern's labors

The Panthers fall to 17-15-1 on the season while ISU extends (See SLUGGERS, page 11)
