The two occurrences of ' ϕ ' in the first semantic clause in footnote 24 on p. 418 should be replaced by ' p '. The correct clause is:

- $\mathfrak{M}, c, w \models p$ iff $w \in [[p]]_2^{\mathfrak{M}} \in \langle c, [[p]]_2^{\mathfrak{M}} \rangle \in v'(p)$

J. Macià was erroneously listed as M. Josep in two bibliography entries. The correct entries are:

- Chalmers, D. J. (2006). The foundations of two-dimensional semantics. In M. García-Carpintero & J. Macià (Eds.), *Two-dimensional semantics* (pp. 55–141). Oxford: Oxford University Press.
- Soames, S. (2006). Kripke, the necessary aposteriori, and the two-dimensionalist heresy. In M. García-Carpintero & J. Macià (Eds.), *Two-dimensional semantics* (pp. 272–293). Oxford: Oxford University Press.
