Purpose

Stories for Students from Students champions the belief that every student deserves a future filled with learning, success, and knowledge. Getting books into the hands of a student is the first step in establishing a lifelong love of learning that will one day lead to a college degree and a successful life.

The Stories for Students from Students program seeks to get books into the hands of Columbus elementary and middle school students.

Impact

The program, from Ohio State's Office of the Vice President for Student Life, is now in its fifth year.

This year, volunteers provided over 300 hours of reading and mentorship service and gave books to 325 students at the Graham Expeditionary Middle School and Graham Primary School.

Volunteers provided one-on-one reading instruction and assistance and facilitated reader training workshops over the course of Spring Semester.
