

# Shelter Houses

Herrick Archives Building S 57/66

## A. IDENTIFICATION & LOCATION

### 1. Name

1.1 Never officially named by Board of Trustees action.

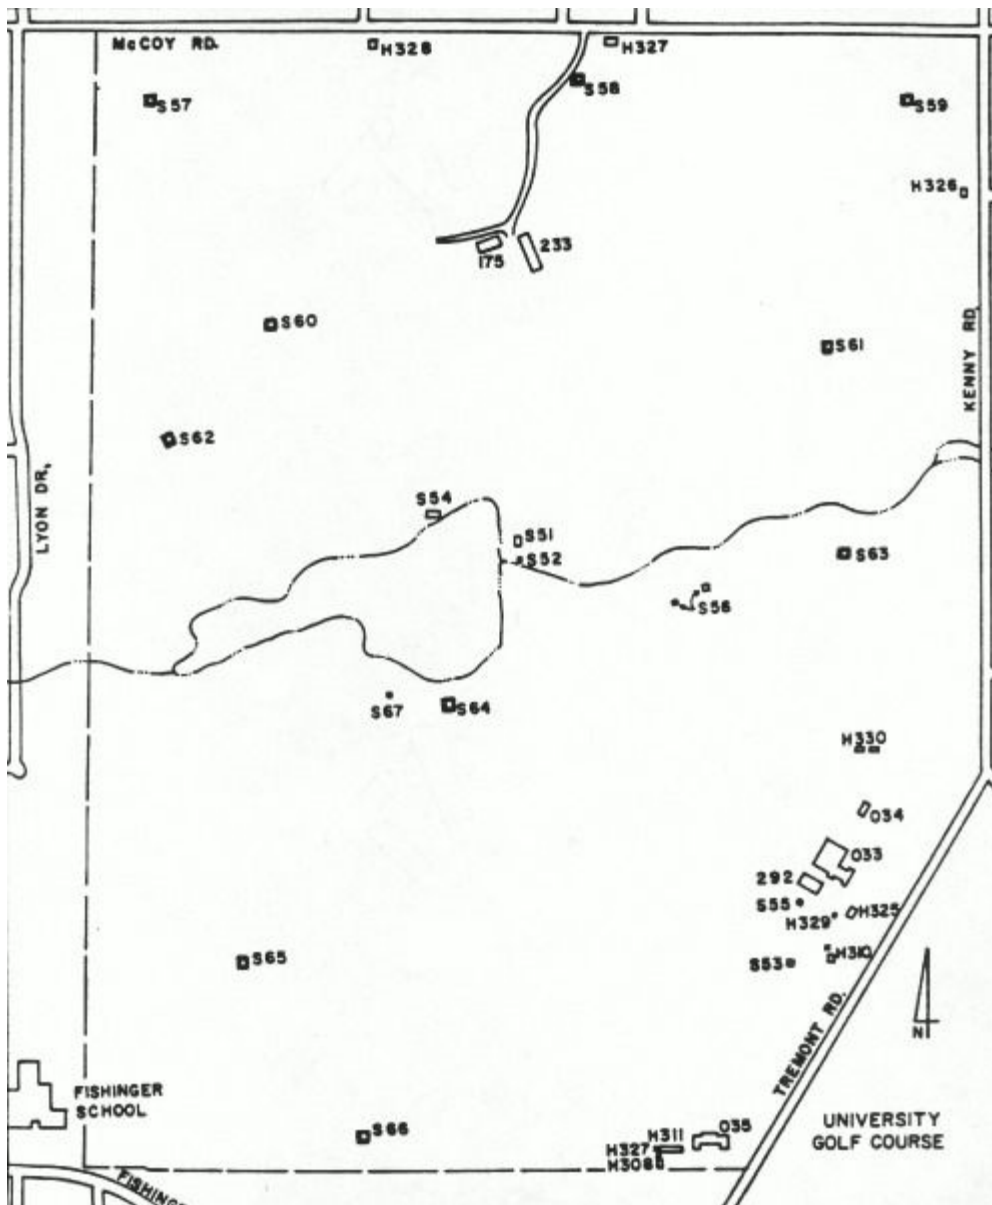

1.2 Alternate names noted:

None.

### 2. Location

2.1 Located at various places on golf course. See map below.

2.2 For greater detail, see Sheets GC 1, 3, 4, 5, 6, 8, 10, 12, 13 and 18 in the book of campus maps in the University Archives.

For identification of other buildings shown, see Appendix A.

### 3. General Description

#### 3.1 Type of construction:

All simple structures of concrete and stone with wood roof framing and shingles.

#### 3.2 No. of stories:

All one story.

#### 3.3 Increments of construction:

None has been enlarged.

#### 3.4 Size and nature of facilities:

3.4.1 Five of the buildings (S57, 60, 62, 63 and 66) provide shelter only and are approximately 10'6" square. A wide roof overhang brings the dimensions to 16' x 16'.

3.4.2 Five of the buildings are larger (about 10' x 18' including roof overhang) and include tool storage (S58, 59, 61, 64, and 65) and four of these (S58, 60, 64, and 65) include toilets. The toilet in S60 was not in the original building, but was added later. The tool storage space in S58 is now used for vending machines for dispensing beverages.

## B. PLANNING & CONSTRUCTION

These structures were designed by Howard Dwight Smith and built by WPA. Golf course records indicate that construction of at least one "tool house and shelter" was under way as early as April 7, 1937 and all 10 were completed by the Summer of 1939. (Ra)

## C. PHOTOGRAPHS

1. In photoarchives:

S57 - X 22631	S62 - X 22636
S58 - X 22617	S63 - X 22633
S59 - X 22629	S64 - X 22634
S60 - X 22622	S65 - X 22638
S61 - X 22630	S66 - X 22637
