"New Libraries for a New Millennium,"

<http://www.acteva.com/booking.cfm?bevaID=115541>, Friday, September 8, 12 - 1:15 PM, Athletic Club of Columbus, 136 E. Broad St.: Joseph Branin, Director, The Ohio State University Libraries and Patrick Losinski, Executive Director, the Columbus Metropolitan Library. Libraries are among a city's most important civic spaces, a vital resource for public life. Similarly, at the heart of a great university, there is a great library. As we enter the 21st century, however, libraries find themselves challenged by new populations, new technologies and new demands for services. How are Columbus' two major library systems meeting the challenge? What will the renovation of OSU's Main Library mean for students and stakeholders statewide? Join Joe and Pat as they discuss the future of our city's information infrastructure. Presented in partnership with The Institute for Collaborative Research & Public Humanities at OSU. See the attachment for registration information and a \$5 lunch discount.
