

Mentor-A-Buckeye

Purpose

Mentor-A-Buckeye is a program that pairs ninth graders from Columbus City Schools with an Ohio State University undergraduate student mentor and a community leader mentor. Mentor-A-Buckeye seeks to provide extraordinary experiences, to empower and motivate Columbus high school students and Ohio State undergraduate students- to challenge themselves to continuously improve, become civically engaged in their communities and succeed in their academic pursuits.

Impact

Provide Motivation for Education - track students' grades throughout their high school career and provide academic assistance, to ensure all students graduate on-time and matriculates into a four-year university.

Increase Civic Engagement - engaging students in community outreach programs/initiatives at least once a semester.

Increase Diversity Awareness - engaging students in settings/ programming atypical of their own, while also allowing them to interact with students and community partners from various backgrounds.
