**OHIO AGRICULTURAL STATISTICS
FOR 1929**

Estimates of acreage, yield per acre, and total crop production, number of livestock on farms, and prices of crops, livestock, and livestock products, unless otherwise stated, are based upon the reports made by the reporters of the Federal State cooperating crop and livestock reporting service.

Estimates for crop production and livestock on farms are preliminary and subject to revision. Monthly crop and livestock prices are those of the fifteenth of the month, unless otherwise indicated.

These data were assembled by—
