Corrigendum to “An investigation into the reliability and variability of wobble board performance in a healthy population using the SMARTwobble instrumented wobble board” [Physical Therapy in Sport vol. 15/3 (2014) 143–147]

Jonathan Williams*, Susanna Bentman*

Bournemouth University, School of Health and Social Care, Royal London House, Christchurch Road, Bournemouth, BH1 3LT, UK

The authors regret that there was an error in the equation used for minimal detectable change. The equation read $MDC = 1.96 * \sqrt{(2 * SEM)}$ but should have read $MDC = 1.96 * SEM * \sqrt{2}$. The data calculated has been amended as has text affected.

The authors would like to apologise for any inconvenience caused.
