FINANCIAL APPEAL

Dear Brothers and Sisters,

The Construction Safety Campaign was set up by a group of Building Trades Unionists, Labour M.P.'s and Councillors to work towards putting an end to deaths and serious injuries in so called accidents in the Construction Industry. The need is absolute.

Since it's inception the CSC has built up steadily and impressively, with more and more Trade Union, Labour Movement, Community Groups and individuals sponsoring and supporting the campaign and its aims; many with financial contributions.

However the work and organisation involved in this steady growth of the CSC has and does involve a heavy financial strain on the limited funds of the CSC. Which as a rank and file voluntary organisation receives no regular official funding. We are totally dependant for our finances for our finances (and thus in many ways our existence) upon the voluntary contributions of supportive individuals and groups.

Such is our present financial state that we have now reached the stage where we must go to Trade Union, Labour and Community Movements to ask for financial assistance in order to be able to continue our work towards the ends which we are sure you all support.

If you have already contributed financially, we thank you and ask if you can please do so again. Donations are urgently required and will be much appreciated. All those who have, or do contribute, will be registered as supporters of the CSC.

> *We thank you in anticipation of your support.*
> *Yours in solidarity,*
