### Correction to: Eurasian Bus Rev <https://doi.org/10.1007/s40821-017-0089-1>

In the original version of this article, Eqs. 5, 15–27 and 29–34 were displayed erroneously. These mistakes happened during the production process of the article and unfortunately remained unnoticed. The publisher apologizes for any inconvenience caused.

The original article has been corrected. The correct equations are given below:

$$\Delta Y_t = \gamma Y_{t-1} + \sum_{i=1}^p \beta_i \Delta Y_{t-i} + \varepsilon_t \quad (5)$$

$$LY_t = \alpha_{10} + \sum_{j=1}^p \beta_{1j} LY_{t-j} + \sum_{j=1}^p \gamma_{1j} LK_{t-j} + \sum_{j=1}^p \delta_{1j} LL_{t-j} + \sum_{j=1}^p \zeta_{1j} LPX_{t-j} \\ + \sum_{j=1}^p \theta_{1j} LMX_{t-j} + \sum_{j=1}^p \mu_{1j} LIMP_{t-j} + \varepsilon_{1t} \quad (15)$$
