WELCOME

At the Lauder Brunton Centenary symposium on "Angina Pectoris" held on 21st-22nd April 1967 in the Hall of the Royal College of Surgeons, Edinburgh, by the Royal Medical Society, the chairmen were: Sir John McMichael, Professor W. Melville Arnott, Dr. D. G. Julian and Dr. R. B. L. Ewart.

Senior President (Dr. M. H. Kaufman): It is my pleasurable duty to open the Lauder Brunton Centenary symposium and on behalf of the Society to welcome the speakers and our other guests. Without more ado, I call upon Dr. Robin Lockhart Ewart, past Senior President of the Society, Lauder Brunton Medalist of this year and who graduated with distinction and honours in medicine, to chair the first session this afternoon.
