

Multi-objective optimization of small scale organic Rankine cycles for domestic solar applications - DTU Orbit (09/11/2017)

Multi-objective optimization of small scale organic Rankine cycles for domestic solar applications

General information

State: Published

Organisations: Department of Mechanical Engineering, Thermal Energy, Technical University of Denmark, University of Padua

Authors: Barbazza, L. (Ekstern), Pierobon, L. (Intern), Haglind, F. (Intern), Mirandola, A. (Ekstern)

Number of pages: 15

Publication date: 2013

Host publication information

Title of host publication: 8th Conference on Sustainable Development of Energy, Water, and Environment System

Main Research Area: Technical/natural sciences

Conference: 8th Conference on Sustainable Development of Energy, Water, and Environment System, Dubrovnik, Croatia, 22/09/2013 - 22/09/2013

Electronic versions:

Multi_objective_optimization.pdf

Source: dtu

Source-ID: u::8784

Publication: Research - peer-review › Article in proceedings – Annual report year: 2013
