

Calibrating Au and Ag plasmonic rulers with EELS - DTU Orbit (09/11/2017)

Calibrating Au and Ag plasmonic rulers with EELS

General information

State: Published

Organisations: Center for Electron Nanoscopy, Department of Photonics Engineering, Nanophotonics Theory and Signal Processing, Department of Physics, Biophysics and Fluids

Authors: Kadkhodazadeh, S. (Intern), de Lasson, J. R. (Intern), Kneipp, H. (Intern), Wagner, J. B. (Intern), Kneipp, K. (Intern)

Number of pages: 1

Publication date: 2013

Event: Poster session presented at Electron Microscopy and Analysis Group Conference, York, United Kingdom.

Main Research Area: Technical/natural sciences

Electronic versions:

Poster1_sk

Relations

Activities:

Electron Microscopy and Analysis Group Conference

Publication: Research - peer-review › Poster – Annual report year: 2013
