# Erratum: A randomized, double-blind, placebo-controlled study of rapid-acting intramuscular olanzapine in Japanese patients for schizophrenia with acute agitation

Hideaki Katagiri<sup>1\*</sup>, Shinji Fujikoshi<sup>1</sup>, Takuya Suzuki<sup>2</sup>, Kiyoshi Fujita<sup>3</sup>, Naoya Sugiyama<sup>4</sup>, Michihiro Takahashi<sup>1,6</sup> and Juan-Carlos Gomez<sup>5</sup>

## Correction

After the publication of this work [1], we became aware that it contains inaccurate description. The correct description on page 5 was “At every timepoint, statistically significant differences were observed between IM olanzapine and IM placebo groups ( $p < .01$ ) (Figure one)”, and not “At every timepoint, statistically significant differences were observed between IM olanzapine and IM placebo groups ( $p < .001$ ) (Figure one).” We regret any inconvenience that this inaccuracy might have caused.
