Publishing Action Plan

Organic Know

December 2010

# Important achievements:

- Currently 26 of the 61 research topics identified in 2009 have been funded by European Commission or trans-national funding schemes.
- TP Organics enlarged its impact , not only European Research Framework Programmes (FP7 and Horizon 2020) but also ERA-NET (e.g. Core Organic Plus), Joint Programming Initiatives (e.g. FACCE JPI) and the European Innovation Partnership “Agriculture Productivity and Sustainability”
- By the advocacy work of the Platform, Organic farming has been specifically mentioned in the legal texts of Horizon 2020 as one of the approaches contributing to societal challenges 2 and 5.

# What has been planned ?

- Revision of the Strategic Research Agenda in order to align needs of the sector to the new European Research Policies.  
2014 -> 2015
- Publishing an “Innovation and Learning Action Plan”
  - Demonstrate the innovation potential of organic farming and agroecology
  - Provide policy recommendations for supporting innovation in agriculture2014
- EIP-AGRI
  - Establish dialogue with regions and enhance agroecological innovation in rural development programmes
- To *increase* impact of European organic research internationally
- To facilitate establishment of National Platforms
- Increase membership of SMEs

Thanks to all our supporters both financially and through their active participation and time.
